

How Much Are YOU Worth as a Tire Changer?

Boy Friend—Well, this is a good jack, anyhow.

Girl Friend—Sure, Oscar. But listen. If you'd put your "jack" into a Goodyear, you wouldn't need it under your car.

HALF AN HOUR, down on the road, wrestling an old tire off a rusty rim or getting your hands and clothes covered with mud—the delay—the dust—the danger of getting hit by speeders in whose path you are parked—

You may be a good tire-changer, but are you really saving at such a job by monkeying with old worn tires?

What's the use—when we can fix you up with handsome new Goodyear Pathfinders, The World's Greatest Low-Price Tires, at about the cost of the next few tire repairs which otherwise you're bound to have.

GOODYEAR PATHFINDERS ARE BETTER THAN MANY MANUFACTURERS' BEST TIRES. THEIR LOW PRICES ARE POSSIBLE ONLY BECAUSE GOODYEAR BUILDS MILLIONS MORE TIRES THAN ANY OTHER COMPANY.

Is it Worth While to Bother With Old Tires when you can get New Goodyear Pathfinders At These Prices

Granted Stay of Sentence

Paul Crouch was granted a stay of sentence by Justice J. J. Stanley here Monday and was released from the county jail. The conditions of the stay were that he get into no more trouble with the liquor laws and a bond for \$1,000 was posted, insuring that he would be brought into court at once should he tamper with the law again. The position of the court and district attorney was that it was a great deal better for him to be out of custody and supporting his family, if he will quit selling liquor, as he has agreed to do.

Special Courses

Many Coos County teachers are planning to attend summer schools. Some of these will attend the State University, others the State College but the greater majority of them will attend one of the three State Normals. Teachers will be glad to learn that the Ashland Normal is to have the services of Grace Carter, who is vice president of the Frederick Burk Training School of the San Francisco Teachers College. Miss Carter will give a course in individual teaching. Monmouth has secured the services of Mrs. Pearce, principal of the Escalon demonstration school in California and she will give a special training course in the two way plan of teaching. A one-room demonstration school will be used in connection with this teaching.
