Under this system greater attention will be paid to the individual needs of each student and this plan together with the lower division plan which has been operated successfully for the past year will give students the maximum opportunity for professional and liberal training.

What work has formerly been done along this line has been under the direction of the department of psychology but the university realizing the importance of giving closer personal attention to the needs and problems of the new student, has placed the work under a separate head.

Relief From Curse of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the laxy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Fuhrman's Pharmacy, Coquille.
