Subscribed and sworn to before me this 3rd day of January, 1930.

(Seal) F. A. Barton, Notary Public.

Not Alone in His Surprise

The following letter to the Sentinel from Dora, is of the same tenor as is frequently heard in conversations the past few weeks:

Dora, Oregon, Jan. 6, 1930
Editor Sentinel: Just a few words, regarding the Marshfield-Empire cut-off road. It sure was a surprise to me. Of course, until politics is eliminated from business we may expect such things to happen. I do not blame a bunch of fellows for asking for a project but it seems as if our County Court ought to justify the needs of the masses before catering to the few. I would venture that if that budgeting of the \$29,000 for that project had been left to the voice of the people, they would not have gotten a sanction of ten per cent. Those conditions should be remembered on election day as has been in the recent past. The thing to do is to test in the courts the legality of the transactions.
What is the matter with the Bandon Chamber of Commerce? An axe to grind, I suppose. Let's hear from other parts, both pro and con.—A Sentinel Reader.

Broadcasting Will Aid World Harmony

A future in which races throughout the world will use English as a secondary language is envisaged by General James G. Harbord, who was Chief of Staff of the A. E. F. and now is President of the Radio Corporation of America, writing on radio as an instrument for promoting international understanding and peace.

Since the greater and most appealing part of the world's broadcast entertainment is offered in English from America and the British Isles, radio has provided the strongest incentive in history for many races to master a common tongue. General Harbord points out:
"We must not forget," he says, "that the nations' confusion of tongues has in itself been one of the most fruitful sources of international division and misunderstanding. People distrust what they do not understand; let them develop a common medium of communication and still another cause of distrust will fall by the wayside of human progress."
Radio and its allied science, television, will prove as valuable and perhaps more valuable than all diplomatic conferences in assuring universal peace for the future, General Harbord believes.

Notice: Farmers—We buy Beef, Veal, Pork, Poultry, and Hides, at the ECONOMY CASH MARKET, Coquille, Oregon.

Children Like this Safe Prescription

Coughs and Sore Throat Relieved Almost Instantly

Stop children's coughs and sore throats before these ailments lead to dangerous illness. Thoxine, a doctor's prescription, now assures relief within 15 minutes to children as well as adults without the danger in the use of patent medicines containing harmful drugs.
Thoxine works on a different principle, goes direct to the source of trouble and relieves the irritation which causes the coughing and sore throat. Ideal for children because it is safe and does not have the usual "nausea-medicine" taste. No gagging. Just ask for Thoxine, put up ready for use in 35c, 60c, and \$1.00 bottles. Money back if not relieved. Sold by Fuhrman's Pharmacy and all other good drug stores.

COWS GIVE MORE MILK BY RADIO

The first test under practical dairymaking conditions of providing radio music for cows has proved a big success, according to officials of the Detroit Creamery Company, near Mount Clemens, Mich. The creamery company officials bought RCA loudspeakers for each of their barns when they noticed the cows liked the music from a Radio receiver set installed to entertain the men doing the milking. Now all the 900 cows on the model farm enjoy radio programs.

FORECLOSURE SALE

NOTICE IS HEREBY GIVEN, That under and by virtue of an Execution of Sale issued out of the Circuit Court of the State of Oregon for the County of Coos on the 7th day of January, 1930, in a certain cause in said Court pending wherein Portland Mortgage Co., a corporation is Plaintiff and J.
