

All Records for POPULARITY are held by Goodyear

MORE people ride on Goodyear Tires than on any other kind—a fact for 14 years—and it's millions more people today!

Public preference for Goodyear Tires, according to reliable statistics, is now from 2 to 30 times as great as for any other make.

Again in 1929, as for fourteen consecutive years, Goodyear's annual production of pneumatic tires for motor vehicles was the largest in the world. Goodyear now builds annually almost twice as many tires as any other rubber company. More than a MILLION tires every ten days!

This enormously greater production gives Goodyear the benefit of lowest costs.

You get the benefit, here, when you buy Goodyears—more mileage, more troublefree service, better road traction for your money—plus our interested, friendly year 'round attention and service.

W. L. Kistner Leases Ranch

An item which just came to the Sentinel's attention was the leasing last month of the W. L. Kistner ranch, adjoining Coquille on the west, to Weighill Brothers. These two men have been on the B. A. Roberts' ranch at Fairview for some time and their success there insures that they are farmers and dairymen who will succeed with the forty-cow herd they have collected for the Kistner ranch.

Mr. and Mrs. Kistner are now living on Division street in the east part of the city.

Call Farr & Elwood for transfer and fuel.

MYRTLE POINT ITEMS

Elgin Chapter, O. E. S., met Thursday evening. After the regular business meeting, a party was enjoyed by everyone. At the party the retiring Matron, Mrs. Marjorie Emery, was presented with a past matron's pin.

Earl Adams has purchased two lots of the Warren Deyoe property on Maryland Ave. He is planning to erect a fine new home on the property early this spring.

The new semester commenced Monday, both in the grade and the high schools. Ten beginners entered the first grade and 17 entered high school.

Mr. and Mrs. George Hoffman are the proud parents of an eight-pound baby boy, Frank Edward, who was born January 18 in the Mast and Wilson Hospital.

This semester the Myrtle Point High School is offering a new course, "Occupation," to the freshmen and sophomore students. This is a half-credit subject and it is hoped that it will be helpful to all taking it in choosing the trade or occupation they are going to follow. This course has never been given in this school before but it has proven successful in many other schools in Oregon and we are confident that it will prove to be in Myrtle Point also.

During the week end Mr. and Mrs. V. White spent a good share of their time fishing in the South Fork of the Coquille river above Broadbent. Mr. White caught six and Mrs. White

caught five steelheads that averaged between eight and ten pounds.

Louise Brown made a business trip here Tuesday.

Last Saturday Mrs. Fred Lafferty, of Arago, gave a grocery shower for Miss Helen Hampton, bride-elect. Those from Myrtle Point who attended were Misses Helen Russell, Helen Deyoe and Velma Hamilton and Mrs. Elton Aasen.

Mrs. H. W. Lever entertained the Methodist Ladies Aid at her home on Wednesday.

Miss Veva Clinton, a little third grade pupil, is confined to her home with pneumonia.

Thursday night the seniors entertained the student body at a "Past-Exam Jubilee." A very clever program was given as follows: Three songs by the "Sweet-Sixteen Sextette;" three skits, "The Family Photograph," "If Men Acted as Women Do," and "A Wash-out;" and a duet sung by Lucille Summerlin and Duward Druliner. Each member on the program was announced through a microphone. After the program, games were played. Each person present was given a slip of paper on which directions to do some particular thing were given and as there were two of a kind—one for the boys and one for the girls—the two doing the same thing were partners. Later in the evening apple pie a-la-mode was served.

Little Lorna Jean Summers, who has been critically ill with pneumonia for the past two weeks, was taken to the Mast and Wilson hospital last Friday. Although she is not yet out of danger, she is slowly improving. She is the daughter of Floyd E. Summers, principal of the grade school.

Last Saturday evening a very enjoyable entertainment was given by the members of the Methodist Church. Mrs. O. H. Clarke had charge of the program, assisted by Miss Grace Linn.

About one hundred members and friends of the Presbyterian church met in the parlors of the church Wednesday evening and enjoyed a pot-luck dinner.

Mrs. Bud Emery and son, Robert, left for Portland Thursday where they will consult a specialist about the little boy's health. A week ago Monday Robert was playing at school and was stricken with heart trouble. He has been confined to his bed since.

Have your brakes lined. Wet weather is here and good brakes are necessary; bad brakes may cost you your life. Stop at the Ford Garage and get their price for lining your car.

Coquille High Loses to M. P.

Coquille High lost to the Myrtle Point High quintet on the Community Building floor here last Friday by a 14-6 score. The C. H. S. squad played a good defensive game, holding the visitors well in check, but Myrtle Point also presented an almost impregnable defense that the local offense could break through but occasionally. In this respect the game was a disappointment to local fans who had thought their attack would function more powerfully.

Only one shot of any length was looped, that by "Jug" Lorenz from back of the foul shooting line. All the rest were from right under the basket, except the two free throws that the visitors converted.

The second team of each school played a preliminary game which the Coquille squad won 14-4. It was a rougher and more hard-fought game, with Coquille blocking the visitors throughout.

Following are the line-ups and individual scores for both games.

Coquille 6	Myrtle Point 14
Griffith	F (3) Druliner
Pulford	F (7) Carver
Ellingson (2)	C (4) Barklow
E. Seeley (2)	G Powrie
Chard	G Conlee
Lorenz (2)	S Demant

Referee: Morton, of North Bend.

Coquille 14	Myrtle Point 4
McCue (7)	F Wood
Greenough (4)	F W. Strong
L. Seeley (1)	C Miller
Woodyard	G Lakey
Stevens (2)	S (2) Shelton
Ellis	S Thompson
	S Mast
	S Y. Barklow

Referee: Clifford Judd, Coquille.

Roseburg, which has won from Myrtle Point, North Bend and Marshfield, is leading the conference. Last Friday Bandon won from Marshfield, 15-14, and Roseburg defeated North Bend, 28-27. Saturday night Roseburg won from Marshfield 24-15.

Broadcastings From Broadbent

We have a live-wire spelling contest in progress this week. Leslie Hermann is captain of the "Bobcats" while Miriam Smith leads the "Lions." This contest will last for one month, after which the losers will treat the winning side. Let's watch these ferocious animals.

The 4-H club are very busy with their lessons. The cooking and bachelor sewing club will have a joint meeting Thursday. After the business session they are going to sing and play games.

Mrs. Tice Wagner and Mrs. Forrest Hermann visited school this week.

Those on the honor roll the past six weeks were: 8th grade, Leslie Hermann, Miriam Smith, Delos Hermann; 7th grade, Frances True, Viola Hoffman; 6th grade, Milford Smith; 5th grade, Edith Wolfe, Luanna Frye.

The 5th grade is working out an oriental project. They are writing stories, painting pictures and making booklets of far away China and Japan.

The following is news from the primary department: Pupils neither absent nor tardy were, Ernie Clausen, Velva Evernden, Doris Frye, Maxine Evernden, Gladys Graham, Eldon Hermann, Mabel Hermann, Wilmont Hoffman, Robert Warner. Honor roll pupils: 4th grade, Wilmont Hoffman, Maxine Evernden; 3rd grade, Gladys Graham, Eldon Hermann; 2nd grade, Ernie Clausen; 1st grade, Doris Frye.

Says Not 10 Inches Snow in 1923

J. D. Glinkenbeard, of this city, who has lived in Coos county the greater part of his life, says that our informant was mistaken when he told the Sentinel that there was 10 inches of snow on Coos Bay in January, 1923. But C. V. Smith has the newspaper reports of that date to back up his statement.
