

The Record for POPULARITY —held by Goodyear Tires

Looking For Low Prices?

Deep-cut, thick, wide, tough, road-gripping tread on a full oversize Super-twist Cord shock-absorbing carcass. The handsome new-style Goodyear Pathfinder—lifetime guaranteed. Superior to many tires costing dollars more. Carefully mounted and backed by our year round service.

The single "record" which, in our opinion, will continue to count with careful buyers here, is this popularity record, held for fifteen years: "MORE PEOPLE RIDE ON GOODYEAR TIRES THAN ON ANY OTHER KIND."

We are able to give you greater values in Goodyears because Goodyear builds nearly one-third of all tires sold in America—ALMOST TWICE AS MANY AS ITS NEAREST FOLLOWER!

Your fellow motorists, in overwhelming numbers, are coming to us and reaping the benefit of this fact—why shouldn't YOU use Goodyears and save money as they do?

Here, YOUR particular driving needs in tires are analyzed by men who KNOW local conditions from long experience. You learn exactly what kind of tires YOU require for lowest cost satisfaction on our roads.

Moreover, we PROVE Goodyear superiority before you buy. Drive in—or phone for our representative to call.

I've Been Told—

"I do hope you keep your cows in a pasture," said Mrs. Newlywed as she paid the milkman.

"Yes, madam," replied the milkman, "of course we keep them in a pasture. I'm so glad. I've been told that pasteurized milk is much the best."

Ford Garage Novel Advertising

Inaugurating a plan of advertising that establishes a precedent locally, the Isaac R. Tower Ford Garage, in last week's issue of the Sentinel, began publication of a regular weekly column to be known as Ford Fix. This column will contain a riot of humor and comment that is certain to hold the keen interest of every reader of this paper, according to C. A. Baer.

Mr. Baer, commenting further on this new advertising feature said, "It has been our observation for some time that advertising copy as is offered in practically every newspaper, concentrates too much on the merchandizing angle. The entire effort is to sell, sell, SELL. We will comment on people and things locally and elsewhere. Where names are mentioned, it will be in the spirit of good humor and with the purpose of offering good wholesome fun."

Mr. Baer stated in conclusion that the feature, together with local names mentioned from time to time, would carry two regular characters, one a female personage, known as Maud Muffler, and the other a poet, Doakes McGraese-gun. This column will appear each week.

Valentine Masquerade Enjoyed

The Circle of Woodcraft gave a Valentine's masquerade party Monday evening for Neighbors and friends. In the forepart of the evening a program took place, including readings, singing and playing, followed by a contest of "Kitty and the Cream." The grand march completed the program. It was led by a Chinaman and a pilgrim lady. All through the line could be noted here and there, an Indian, a sailor or two, the Queen of Hearts, a comical clown, Sally, the flapper, Grandma, and Dame Fashion, herself, of about 1890. A beautiful picture of the "Lone Wolf" was awarded as first prize to two sailors, Mrs. Frank Ball and Mrs. Anson Culbertson. Second prize was won by Mrs. Taft, the pilgrim lady, and Mr. Jim Jacobsen, a Chinaman. There were fifty or more guests present and after a delicious supper of salads, sandwiches, and pies, this most successful party came to a close.
