## Mrs. Mulkey On a Vacation

Martha E. Mulkey, county superintendent, will be away from the office at least two weeks for the purpose of resting. She has as yet not decided whether she will remain in the county or go away. Blythe Cousins, secretary, will handle the routine side of the office affairs while she is away.

In spite of her absence, the rural meetings at Bridge and Hauser will be held. One of the teachers in attendance will be chosen to conduct the round table discussions and interesting meetings are anticipated. Meetings are as follows:

Bridge, all day, March 7th.

Hauser, all day, March 14th.

It is anticipated that a goodly number of teachers will be in attendance at both meetings.

The first rural meeting which was held on February 28th at the Twin Oaks school was a very interesting affair. Mrs. Emily Shull, teacher of thirty pupils, carried on her school in a very satisfactory manner, after which the teachers entered heartily into a round table discussion. The subject for discussion was "The Reorganization of the State Program."

During the noon hour a very appetizing luncheon was served. The teachers had brought sandwiches and cake and the community through Mrs. Amy I. Davenport, Mrs. Chris Nelson and Mrs. Mary E. Lundy served cocoa and a very delicious salad. The weather was very fair and luncheon was served out-of-doors.

## Girl Reserve Notes

The Eighth grade G. R.'s met this week on Thursday for a business meeting. The president called the meeting to order. The minutes were read and approved. The roll was called, 18 girls being present, two girls were absent without an excuse, one girl with an excuse. The treasurer's report was given.

The conduct of the girls in their meetings was discussed seriously. A motion was made that they have a conduct committee. The motion was carried and it was decided that the girls think over the matter and elect a committee at the next meeting.

The girls were told that plans for a Slumber Party were being made to be held at the W. V. Glaisyer residence March 28. It was announced that the committee for the food for the party should be Maxine Simpson and Irene Burr. A suggestion was made that each girl going to the party pay a small sum of money to pay for her breakfast.

The next meeting will be a constructive one.—E. Farr, G. R. Reporter.

## Steele-Campbell

A quiet wedding Saturday morning at the home of Mr. and Mrs. C. A. Hearing united Geo. Steele and Eva May Campbell, both of Reedsport, in matrimony. The ceremony was performed by Justice J. J. Stanley. It was followed by a luncheon at the Coquille Hotel. Only the necessary witnesses were present. Mr. Steele and Mr. Hearing were boyhood friends. Mr. Steele is foreman at the camp above Reedsport.

## Investigate Before You Invest

HERE is a good thing to bear in mind:

When an investment proposition offers big returns with very little chance of loss, it is not necessary to send salesmen around the country letting the public in.

The next time a stranger comes to you with a "sure shot" business opportunity, ask yourself if he isn't going to a good deal of trouble in order to let you make some money. Ask yourself why he didn't let a few big financiers handle it. If a thing is safe for you, it would have been safe for them.

Before you invest, investigate! The Farmers & Merchants Bank will be glad to obtain reliable information for you without charge.

Ira Gabrielson gives a colored slide and lecture here

Last Wednesday evening Ira Gabrielson, of Portland, gave a very educational lecture, illustrated with colored slides. The event was well attended and made a good sized showing even in so large a building as the Community hall. One would not miss it far if they said a hundred were there. It goes to show there are many interested in learning how to make our city more beautiful. Mr. Gabrielson has one of the most extensive rock gardens in our state and loves to show us what our hills abound with—so many native rock plants—telling where this and that plant is found in Oregon.

Mr. Gabrielson was brought here through the efforts of the Coquille Flower Lovers' Club. The club should have the co-operation of every man, woman and child here in the city for the splendid work it is doing. There will be other lectures, illustrated with colored slides brought here by the club.
