

Junior Govt. Day Plans

In a very interesting talk given to the Civics class Friday, March 14, Mayor J. A. Berg presented in a general way the system of government now in force in Coquille. He discussed the various offices and the chief duties and functions of each, also some of the vital problems which are facing the city at the present

time. In conclusion, he said, "You students of high school will soon be taking over the responsibilities of the government of the city. The chief purpose of Junior Government Day is to stimulate an interest in the government of your city and to help you prepare for future civic responsibilities." The students are very enthusiastic

about the proposed plan and are manifesting a willingness to co-operate with the Chamber of Commerce and other organizations to make Junior Government Day a success.

Last Wednesday Dr. Drake, a director of the Chamber of Commerce, talked before the entire student body concerning Junior Government Day. He explained that Junior Government Day is not an original idea but that this is the first time it is to be tried out in Southern Oregon. One of the fine results it is hoped, will be the establishment of a friendlier feeling between the citizens of Coquille and the school. It is hoped the Junior Government Day will become a traditional event in Coquille, each year the Seniors of the high school taking over the government of the city for a day, under the supervision of the regular officers.

The election of officers will soon be in order and the students are already campaigning to elect the slate which will back up various issues.

Letter from R. J. Dean

Alhambra, March 10, 1930.
Editor Sentinel: Have gotten settled at last, been rambling considerable since I left my old home, stayed about three weeks at Los Angeles, then went on to Phoenix, Arizona, where I stopped three weeks. Passed through New Mexico where I first saw snow passing over the mountains about Globe. Saw no more till I got to Ft. Worth, Texas, then I struck the "real thing." We then had more or less snow for three weeks and "northers" just one after another for the month I stayed at Nocoma and vicinity, where a niece lived and where I left her 47 years ago. The country has gone through great changes since I left there. Where homesteaders had settled quarter sections all about where my brother and I were, now one man has bought from one to five thousand acres and instead of mixed lot cattle you will see white-faced or "Pole" cattle everywhere.

Then I went up into Oklahoma but did not succeed in getting relatives and old acquaintances lined up, started back and went till I got back to Tucson, Arizona. There I made a mis-step into a pit in a garage, it being dark in the night, and the pit was five or six feet deep. It gave me a severe jolt from which I have not yet recovered. Was taken to a Southern Methodist Hospital where I sure was properly cared for. Was there one week, notified my granddaughter at Phoenix and she came

and took me to her home and after another week, I came to Los Angeles where I am still improving.—R. J. Dean.

New John Deere Spreader

Will Lighten Your Work and Do It Better

Here is the low-down, tight box, three-beater spreader that makes the work easier for both user and horses while doing an exceptionally efficient job.

It has the BEATER ON THE AXLE to reduce draft and release manure close to the ground for more uniform spreading—manure does not drift.

It has a low box that makes loading easy, together with high drive wheels that reduce draft—exclusive features made possible by the beater on the axle construction.

It has the BOX-ROLL TURN to prevent tipping, to allow short turn-arounds and to shorten wheel-base for using spreader in close quarters.

This spreader can be equipped with a lime spreading attachment, making a double-purpose machine operated by one man.

Be sure to come in and see its many important features.

R. E. Matthews Dies at Salem

Ralph Edwin Matthews, 31 years, six months and four days of age, was buried at Fairview Wednesday, Rev. Reuben Sumerlin conducting the services there at 1 p. m.

Mr. Matthews died last Saturday at the hospital in Salem where he had been taken a couple of months ago.

He was the son of Mr. and Mrs. W. O. Matthews, of Fairview, and was born near Marshfield, Sept. 11, 1898. He had spent his life since a small boy on his father's ranch in Fairview valley.

Besides his parents he leaves two sisters, Mrs. Elmer Holverstott, of Coquille, Mrs. Edith Smith, of Port-

land; and three brothers, Elden and James, of Fairview, and W. H., of Tumwater, Washington.

Card of Thanks

For the kindly assistance of friends and neighbors and to those who furnished the music at the funeral services of our son and brother, we wish to express our sincere thanks.

CHEVROLET

Chevrolet announces

A NEW SERVICE POLICY

The Chevrolet Motor Company and its dealers are pleased to announce a new service policy—one of the most liberal ever offered on a low-priced automobile.

Put into force as a written agreement given to the purchaser by the Chevrolet dealer when the car is delivered—it offers the following provisions:

- 1 Every Chevrolet owner receives his car from the dealer in perfect condition—thoroughly lubricated, properly adjusted, and ready to operate efficiently from the first mile of ownership.
- 2 Every Chevrolet owner is entitled to free inspection and adjustment of his car at the end of the first 500 miles of usage.
- 3 Every Chevrolet owner is entitled to free inspection of his car every 1000 miles thereafter, so long as the car is in operation.
- 4 Every Chevrolet owner is entitled to free replacement of any part which may prove defective in workmanship or material, within the terms of Chevrolet's standard warranty. This includes both parts and labor.
- 5 Provision number 4 will be carried out by any Chevrolet dealer in the United States. As a result, the Chevrolet owner may travel to any part of the country, with assurance that the guarantee on materials and workmanship will remain in force.

This new policy constitutes proof of Chevrolet's high quality—for such liberal provisions could only be made in connection with a car built of fine materials to exacting standards of workmanship.

Back of this policy, and assuring its successful operation, is one of the most complete and efficient service organizations in the world.

There are more than 10,000 Authorized Chevrolet Dealer Service Stations in the United States alone. Each employs skilled mechanics thoroughly trained at Chevrolet Service Schools. Each has specially designed tools and machinery developed exclusively for Chevrolet service work. And each has on hand, at all times, an adequate stock of genuine Chevrolet replacement parts.

Chevrolet's flat-rate charges, including both parts and labor, are the lowest in the industry on many service operations!

In considering the purchase of a low-priced automobile, think what this service means—in terms of lasting satisfaction, as well as in increased economy.
