News from Powers

The census taker in the form of J. J. Binnott has been interviewing Powers people this week. And we will ask him for some data about Powers a little later.

L. R. Davidson is now holding meetings at the Bible Standard Church.

Sunday certainly was visitors' day in Powers. And everyone enjoyed the beautiful day.

Spring flowers are appearing every where now in the woods. Red currants are at their best. Trilliums are almost gone. Dogwood is not so good because it has been too dry and hot. Spring Beauties are much larger this year than usual. Avalanche lilies are still blooming in higher altitudes. Fairy slippers will last until some time in June according to weather and altitude. Johnny Jump-ups are gone in the lower valleys and the yellow violets are at their best and are quite large this season. Late rains will help the wild flowers a lot.

Mr. and Mrs. A. W. Taylor have located in Powers again. They were among the first families to settle in Powers in 1914-15 when the town was young. Mr. Taylor has gone to work at Best & Laird's camp and the children have entered school.

The Thursday Bridge Club met with Mrs. C. F. Otis in the Fellowship hall last week. High score went to Mrs. Ray Stewart and second to Mrs. Clarence Moe. Three tables of bridge were in play during the afternoon. After an especially jolly afternoon the hostess served a delicious lunch.

On Monday the Rebekah lodge elected Eva Reston as delegate to the grand lodge which will meet in Portland in May.

The county convention of the Royal Neighbors will meet in North Bend April 22.

Elmer Duncan was seen among the many Powers visitors Sunday. We are glad to see him recovered from the painful burns he received recently.

Mr. and Mrs. Curtis Matthews are the happy parents of a new boy, born at the Mast hospital in Myrtle Point.

The Jewel Club is displaying its flower garden quilt at the Hub. The quilt will be given away at the Moose hall on April 23rd at the I. O. O. F. and Rebekah party.

Mark Slocum was in from Floras Creek this week looking for work. John Sanger and Walter King left

Tuesday for Tacoma and British Columbia. They have been building fence for Albert Powers this winter.

Mrs. Harry McAdams, Mrs. Kenneth Murdock and Julia McNeil are busy this week selecting the officers for the P. T. A. for the coming year.

Miss Marion C. King, of Coquille, spent Sunday in Powers as the guest of Ethel Littler and Letitia Hemphill.

Mrs. Fred Powers and Mrs. Carl Hemphill entertained the Fellowship Club on Wednesday. High score went to Mrs. C. F. Otis and low score to Mrs. Kenneth Murdock.

Mrs. W. Swecker entertained at the home of Mrs. Clarno for her daughter, Marie. The occasion was the little lady's third birthday. After a pleasant afternoon the birthday cake was cut and passed to the following guests: Dale and Bonnie Crew, Frances Sheridan, Kathryn and Cora Frye, Louis Featherhouse and Bobbie Morris.

Mrs. Marie McGilvery was called to Coquille Tuesday on account of the illness of her daughter.

Bessie Johnston is in the Good Samaritan hospital in Portland.

An April fool fire alarm was turned in Tuesday morning and got every one out. No one seems to know where it came from.

The Senior class is giving another dance in the gym Saturday night. They are having good music and everyone is enjoying these spring dances.

On April 26th will be held the Senior Ball and on the 19th the annual Elks dance.

The local tennis players are trying hard to get the tennis court improved. The C. B. L. Co. donated the use of the court and the Camp Fire Girls and Boy Scouts sponsored the work. This last week end volunteer workers were putting a fence along the sidewalk. All those interested in tennis should get in touch with Medora McMullen.

The Moose lodge is meeting on Saturday night for the benefit of all the boys who are working out of town.

Mrs. H. Meade, of Armstrong, B. C., left Wednesday for her home. She was accompanied to Eugene by her mother, Mrs. C. C. Morgan, who will visit her sons, Earl and Russell.

On March 25th the fifth grade here had 100 per cent perfect teeth. And then a new student came and spoiled it all. The other classes think it a

pretty good joke.

Ivan Martin had his leg broken at Camp 2 Wednesday forenoon. He was brought in to Powers in the speeder ambulance and rushed to the hospital in the company's new Ford ambulance.

The Coos Bay Lumber Co. is employing no boys under eighteen years of age, even with permits.

Lloyd Wilson arrived in the States March 31 and is now stationed at the Bremerton Navy Yard.

Dr. Ralph Milne took Mrs. Milne to Portland this week end where she will remain for a short time.

To Have Independent Baseball

The Coquille Ball Club started spring training at the renovated athletic park last Sunday under the eyes of Manager Bill Fortier.

Although it has been impossible to get into either the Willamette Valley League or the Southern Oregon League, Manager Bill plans on having a team to represent Coquille this year. He plans on independent ball and has already made arrangements for several games with Marshfield and is dickering for games with outside teams. Much effort has been made toward having a league but it looks as if it will be impossible to have one before next year.

The ball park has at last been made so that it is one of the best in the state outside of the Vaughn street park in Portland.

Mr. Fortier wishes to emphasize the fact at this time that he wants all the ball players in Coquille to meet at athletic park next Sunday if they want to play ball this year.

Those out last Sunday were Carl Gilbert, Bill Stewart, Bill Fortier, Perry Roper, Ray Woodyard from last year's team, and Jack Russ, Jug Lorenz, Taft, Art Pulford, Verne Oederkirk, Speck Seeley and Jonathan Dore from Springfield, all of whom played with some team or other last year. It is hoped that with this list and with some who have not yet turned out, and perhaps one or two outside men, that a team can be assembled which will be capable of holding its own with other teams.

White Leghorn Baby Chix for sale at \$15.00 per hundred; Australorp Baby Chix, \$35.00 per 100. Also have a few laying hens for sale. S. B. Leeper, Coquille.

A COLUMN OF FUN AND FACTS

HOWDY FOLKS: We got so darn busy last week, we lost a day and this column didn't get published. Allen Young is probably the biggest loser, though, at that.

AWFUL THOUGHT WHILE TENDING THE FURNACE: "Think of the ashes that must be toted out of Hell."

And here is a pleasant thought for today: We have plenty of Ford Ammonium Sulphate. It's the finest ever for Lawns, Shrubs, Trees, etc. 100 lbs. of this fertilizer equals 4000 lbs. of Stable Manure.

Although it is an age of easy credit, and about the only thing you can't get on time is the job the garage man promised you at two o'clock. Our Boss says we gotta go on a spot cash basis from now on.

Doaks McGreasegun says, Moonshine may shorten a man's life but he sees twice as much in the same time.

WHICH REMINDS US THAT AT ANY TIME YOU CAN BUY USED CARS FOR LESS ON OUR USED CAR FLOOR.

And we want to remind you that our comment on Ford Ammonium Sulphate stands pat.

And with that we will sign off, giving three cheers for the red wine and blue.

Stork Shower at McKinley

A stork shower was held at the home of Mrs. Mae Gant at McKinley, in honor of her daughter, Mrs. Elvis Bennett Thursday. The afternoon was spent in sewing and a delicious luncheon served the following guests: Mesdames A. F. Wilson, C. F. Leatherman, A. B. Gant, D. R. Lewis, J. W. Summerlin, G. W. Clinton, J. Chandler, W. G. Austin, C. E. Johnson, W. T. Brady, A. F. Castner, F. W. Ferguson, M. G. Summerlin, T. L. Summerlin, E. Humphrey, Oveda M. Lewis, L. Leatherman, Ora Carlson, Wilma Austin, Ethel Leach, Lelah Thomas and the hostess, Mrs. Mae Gant and guest of honor, Mrs. Elvis Bennett.

Several of the ladies afterwards visited the farm of Ben Gant and an interesting item was some eight hundred baby chicks hatched out a few days ago and a handsome pair of blue fox that are being raised.

Only 2000 Yards Excavation

The Sentinel was off in its figures last week regarding the excavation for the hotel annex. The amount of dirt to be moved was between 1900 and 2000 cubic yards. By working last Sunday and every day when rain did not prevent, the crew is nearly down to the required depth.

Caving in of the earth wall on the first street side, under the sidewalk, will add to the cost for the sidewalk there will have to be taken up and the hole filled after the basement walls are poured.

If you want to subscribe for a Portland daily the clubbing combination we offer with the Sentinel will save you money.
