Park With The Toes Turned In

When you stop on a hill park your car with the front wheels turned into and touching the curb. Then it will be there when you come out. Also put the gears in reverse, and set the brake. The illustration shows the right way and wrong way to park a Chevrolet sedan on a steep hill. Many accidents have resulted from parking the wrong way. The car may roll down hill and hit something.

If you want to subscribe for a Portland daily the clubbing combination we offer with the Sentinel will save you money.

For Sale—2 pound colored fryers. Come and get them. S. B. Looper, on Marshfield Highway, just east of Masonic cemetery.

DAIRY

GERMS INACTIVE IN FRESH MILK

Bacteria Do Not Become Active for Five Hours Later.

Bacteria are not active in milk freshly drawn from the cow and may not become active until three to five hours later even if the temperature is at 70 degrees, says Prof. J. D. Bray of Cornell university.

The period of readjustment, or germicidal period, varies according to conditions. Milk with a low bacteria count will stand longer without increasing the number of bacteria than will milk with a higher count. The addition of large numbers of bacteria from utensils or from dirt will shorten the period.

It is safest to cool the milk to 50 degrees at once and remove all doubt, but this period of inactivity explains why many dairymen can deliver warm morning's milk to grade A plants and still have a low count. Most of this morning's milk is about two hours old.

Stirring the milk in the can is good practice, but there is no reason to stir it more than once and that not until after the can has stood in the vat at least a half hour. In an unstirred can the center will remain warmer than the outside layer. But, if the water in the vat is sufficiently cold, this warm cone in the center of the can need cause no worry, because the germicidal action of the milk will retard growth and any cooling lengthens the period of that protection.

Whatever the length of the germicidal period, when it disappears it is gone permanently. If one should warm milk to 70 degrees for separation it should be cooled quickly for bacteria growth may start at once.

MYRTLE POINT ITEMS

Mr. and Mrs. Max Dement made a trip to their ranch Wednesday morning, returning to North Bend in the afternoon, where Mr. Dement has been under a doctor's care for some time.

Mr. and Mrs. S. L. Lafferty and Mr. and Mrs. Fred Lafferty, of Arago, spent Sunday at the James Guerin home.

Dr. Earl M. Wilson, of Portland, was a business visitor in Myrtle Point the first of the week.

Dr. L. L. Sumerlin has been quite ill at his home this week but is reported as being some better.

Mr. and Mrs. Ellis and family spent Sunday on the Bandon beach.

The Woman's Club met in the city hall Monday afternoon at two-thirty, honoring the pioneers of Myrtle Point and the surrounding country. After the regular business was disposed of, the following program was given: Quartet singing old songs; reading, Verna Knight: "Susanna," sung by Lucile Summerlin, accompanied on the banjo by her father, Tom Sumerlin. A very interesting talk was given to the pioneers by Turner B. MacDonald. A minuet was danced by four girls. After the program refreshments were served and a social time spent together.

The P. T. A. will hold their last meeting of the school year next Tuesday evening, May 6th, at the Union High School. It is hoped there will be a large attendance as this is the time for election of officers. A pleasing program is being arranged by both the high and grade school pupils.

Bill Donald and George Baxter left Sunday for Portland, after spending the week end with their parents. The boys are attending business college in Portland.

Miss Grace Barker, who is taking nurses' training in Immanuel Hospital in Portland, arrived home Wednesday to spend a two weeks' vacation.

A number of people from Myrtle Point attended the Christian Endeavor State convention held in Marshfield from Thursday until Monday. Those going from here were: Mr. and Mrs. E. C. Barker and son, Cecil, Mr. and Mrs. Henry Schroeder, Mr. and Mrs. George Dickenson, Mr. and Mrs. Elmer Russell and family, Mr. and Mrs. George Hamilton and two daughters, Velma and Kathryn, Mr. and Mrs. E. J. Schneider and family, Mr. and Mrs. W. W. Deyoe and family and Miss Elizabeth Luttrell.

Mrs. W. E. Northup and Mrs. Reuben Roupp went to North Bend

The Chiropractic Way

Curvatures in the spine like these cause trouble. Chiropractic straightens them and removes the cause.

Evenings by Appointment

Cor. 2nd & Moulton Sts.
(in Mrs. Ida K. Owens' house)

Tuesday morning to attend the Royal Neighbors convention held there that day.

Charles Bugbee left for his home in Bakersfield, after spending a few days here visiting old friends.

The Senior play, "Are You a Mason?" will be given at the high school auditorium two evenings, May 7th and 8th. The first night will be students' night and second night for adults. The cast is as follows:

George Fisher, stock broker.

Frank Perry - Geo. Baxter

Amos Bloodgood - Robert Powrie

Mrs. Bloodgood - Helen McCracken

Hamilton Traverse - Garland Shull

Ernest Morrison, a young architect

John Halton, a retired farmer

Mrs. Halton, his wife Gweneth Waters

Policeman - Melvin Barklow

Eva, Mrs. Perry - Margaret Lever

Annie - Mollie Warner

Lulu, Bloodgood's daughter

Lucile Sumerlin

Lottie, an Irish maid Anne Smith

Fanchion Armitage, a cloak model

Buss Hawkins left this week for California. He has not been well for several months and it is hoped the change of climate will be beneficial to his health.

BRIDGE BRIEFS

Mr. and Mrs. Geo. Trott are moving from Rock Creek to Coquille, where he has bought property. The community hates to lose them.

Mr. Duncan and son, Robert, are driving ties. The rain has swelled the streams so they can run ties.

Norman Graman arrived home Saturday night from Portland and is em-

played by John Shields. The two Taylor girls visited at the Duncan home Sunday. Jimmy Wilson is visiting with her grandparents, Mr. and Mrs. Frank Fish, on Myrtle Creek.

Probate Court Items

W. W. Lawhorn was last Saturday appointed administrator of the \$500 estate left by his wife, Frona C. Lawhorn, who passed away March 2. L. L. Sumerlin, W. E. Lewellen and E. C. Barker are the appraisers. Clyde H. Stowers, of this city, was last Saturday appointed guardian for Clyde H. Stowers Jr., whose estate is estimated to be worth \$1600.

Just phone 103-L for your cleaning and pressing needs. You will be pleased with the prompt and satisfactory service you will receive. City Cleaners and Tailors.

Safety First! Use Cow Bell Dairy's Pasteurized Milk and protect your health.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store.
