Loggers Trim Jacksonville

Last Sunday our champion baseball club travelled 170 miles to Medford to meet the Jacksonville Rattlers, champions of that section, and returned to Coquille about midnight with the game safely tucked away to the tune of 8 to 6, but what a scare they had! The Jacksonville club is a worthy foe for any club in the state, and it was only the luckiest of breaks that enabled our boys to bring home the bacon, and one thing sure is that Wild Bill Fortier will breathe much easier after the 24th when the Jacksonville club plays here. They look like about the best ball club the Loggers have met this year. In fact, the game ended with the tying runs on the bases, and a very foolish attempt to steal home by Stine, after Mahoney had stolen second in the ninth, ended the game. The play was almost as dumb as some of those pulled so often by the Portland Beavers.

Our boys were badly handicapped by the heat, it being 103, and this also was partly responsible for the poor crowd, the smallest the Loggers have played before this year. At that, the heat was not enough to cause Umpire Stockwell to remove his coat. He says he's used to that weather, and 103 is only spring weather around Los Angeles.

Ray Woodyard had a rather bad day in the field, making four miscues, but we must say for Ray that the field was quite rough and the balls took bad hops, and we all know he is always trying. Ray also furnished the feature of the game, with a long home run to right center, and it was a beautiful drive.

Steve Endicott looks better every time out and held this hard-hitting club to nine blows. Carl Gilbert was on the bench, but as soon as he felt the heat he very wisely lost his shoes. But we don't blame you, Carl; you've earned a rest, after your masterful work in the Marshfield series.

Pulford sprained an ankle sliding to third base in the 8th and "Papa" Fortier had to come out of the shade and sun himself in left field in the ninth.

All the fans had better come out and pull for the Loggers on August 24th, if we are to keep the championship of Southern Oregon, as this boy, Konastro, is a real pitcher, with a fine club behind him.

Local Band Progresses

Coquille people will be pleased with the progress made by the local band which meets every Friday night in the city hall at 8:00 o'clock for a good business-like rehearsal, under the direction of Earl Nosler. For the past several weeks a group of twelve to fifteen men have been working hard to the tune of Mr. Nosler's instruction and in the near future he will direct the band in a public appearance. "Everyone who plays a band instrument or wants to learn to play, should get in on this," says Mr. Nosler.

Mrs. Wanda Wilcox Volek with her husband passed through Coquille Monday evening enroute to Curry county where Mr. Volek is interested in a sawmill. Mrs. Volek who taught in the Roy district across the river last year, was married at the close of summer school at the Ashland Normal and with her husband has been on a tour of Yellowstone Park and other points in that section.
