

Future Farmers of America
On Monday, September 29, 1930, the Smith-Hughes boys of the Coquille High School elected the following officers to fill positions for the school year:
President—Denton Ellingson.
Vice President—Keith Holverstott
Secretary—Worden Ellis.
Treasurer—Willis Garlin.
Reporter—Frank Schram.
Editor Ag Annual—Herman Ellingson.
Committee Chairman—Stanley Pulford.

In the future the name of this organization will be Future Farmers of America instead of "The Ag Club," as it was known in the past. The local club became affiliated with the national chapter of this organization the first of this school year and it is the first club in this district to have its dues paid in full to the head office.
Mr. Canning, the instructor, has been having the boys clear a space in back of the high school building to put up a new shop. The work is coming along fine and the forms for the foundations are nearly ready.
When this shop is completed it will be as well equipped if not better than any other Smith-Hughes shop in this district.

Anyone Want Psychic Reading?
"Physician, heal thyself" might well be the answer to a letter received by the Chamber of Commerce recently. If clairvoyance and crystal reading will not help its devotees to see where a living may be made, it can hardly be expected that a mere chamber of commerce can do more.

The tenor of this letter is typical of many received by the Chamber of Commerce and Coquille is no different from any city, town or village in the land; there is sufficient labor here to take care of its requirements. Purchasing jobs is not the province of a chamber of commerce.
Following is an extract from the letter received:
We are looking for a location where

we may be able to make a living this winter. Will you please give me some desired information?

I am a psychic reader, clairvoyant and clairaudient. Have until very recently held the pastorate of a church of Occult and Divine Science, have had extensive experience in platform work.

My husband is an expert radio electrician, also understand gas engine construction and repair work. Would be willing to do any work that would render a living salary this winter.

Wrecked Her Car in Curry

Mrs. James Shaver, of Coquille, while enroute to Gold Beach by motor on Saturday night to visit her husband who conducts the People's market, had a narrow escape when her car left the highway and toppled over into Brush Creek.

Passing motorists noticing the machine in the creek went to the rescue of Mrs. Shaver and assisted her from the car. She was taken into Port Orford where she phoned to her husband in Gold Beach.

Mr. Shaver with a wrecker from a local service station went to the scene, pulled the car from the stream and brought Mrs. Shaver to Gold Beach. The latter was uninjured save for a few bruises, but the car suffered considerable damage.

Mrs. Shaver remained here until Tuesday when she departed for her home in Coquille.—Curry County Reporter.

Christian Science Churches

"Reality" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, Sept. 28. The Golden-Text was, "Then saith Jesus again unto them, saying, I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life." (John 8:12.)

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "The night is far spent, the day is at hand: let us therefore cast-off the works of darkness, and let us put on the armour of light." (Rom. 13:12.)

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Life, Truth, and Love are the realities of divine

Science. They dawn in faith and glow full-orbed in spiritual understanding." (p. 298.) "Truth and Love enlighten the understanding, in whose light shall we see light; and this illumination is reflected spiritually by all who walk in the light and turn away from a false material sense." (p. 510.)

Why Will He Go to Hell?

Not because he goes to the beach on Sunday. But because he loves not gospel preaching.

If a man loves not Christ's gospel here how will he be qualified to meet its Author yonder?

What Does the Bank Say About You?

Before Opportunity makes her final decision, she "checks up" on you. She wants to know if you are worthy.

What a reputable bank says about you is often the deciding factor. If you're known at a strong bank as a man of good business habits—a man who keeps his checking account in a healthy condition—his word likewise—such a statement will go far with Opportunity in deciding in your favor.

"Get in strong" with a strong bank. This bank has a service to offer that will help you grow. The advice and counsel of such a bank is a tremendous asset to you. Drop in some time and ask about it. No red-tape.

Did you know there was a Fuschia Society? It is an organization which will help to identify and classify the varieties of fuschia and will give helpful advice on all phases of fuschia growing. It is started here in the west and we should be very interested. So write, if you wish, to Evelyn Steel Little, secretary of the American Fuschia Society, 1045 Sansome St., San Francisco.

There is the American Rose society, Iris society and Peony society and Gladiolus society and so on through a long line of much loved flowers.

Foursquare Gospel Church

Rev. Elmer and Jean Sadler, Pastors

There is nothing lacking in the blessings we are receiving in our services, though we are much lacking in ourselves, but God is merciful to bless us both soul and body when we call upon Him.

Last Sunday night's message on "The Christian Sabbath," was blessed to our hearts, as seeing the Sabbath as God used it for a blessing to His people, which revealed to them their sins. Now we look to the Cross how Jesus Christ came to fulfill the Law, which He did, and put us under His Grace, which is sufficient.
