

The Coquille Valley Sentinel

THE PAPER THAT'S LIKE A LETTER FROM HOME

Oregon Historical Society
Auditorium

VOL. XXVI. NO. 45.

COQUILLE, COOS COUNTY, OREGON, FRIDAY, NOVEMBER 21, 1930.

\$2.00 THE YEAR

SCOUT COUNCIL

Met at North Bend Last Night and Planned for Coming Year—\$4600 Budgeted

The Douglas-Coos Boy Scout Council which met at the Hotel North Bend last evening, was attended by 37 officials, eleven of them from Roseburg. Those attending from Coquille were N. C. Kelley, C. C. Farr, H. C. Getz and Wade Arstall.

There are at present nearly 500 Boy Scouts in the two counties, scattered among 25 troops, with nine Lone Scouts in the counties.

The dinner last evening was followed by the re-election of O. L. Johnson of Roseburg, as president, and W. F. Harris, of Roseburg, as secretary-treasurer. Henry Kern, of North Bend, was chosen as Scout Commissioner.

A new policy of districting this year, places each of the four sections—Roseburg, Marshfield, North Bend, and the Coquille valley—in districts with deputy commissioners at the head of each. N. C. Kelley holds the position here, Henry Kern in North Bend, Walter Chaine in Marshfield, and Sheriff V. T. Jackson in Roseburg.

Scout Executive E. A. Britton, of Roseburg, and Scout Executive J. S. Bricker, of Medford, were among those present.

The annual report for the year was accepted and the budget for 1931, in the amount of \$4600 was adopted. This is the same as for 1930 and includes the scout executive salary of \$2600. At the end of this fiscal year there remained a balance of \$9 in the treasury.

One of the most interesting features of the session was the talk by Dr. Hayden, of Marshfield, who was a boyhood friend and schoolmate of the originator of the Boy Scout movement—Sir Baden-Powell.

For more than 20 years, Dr. Hayden was a surgeon and factor of the Hudson Bay company in Canada. Before a naturalist, he made a complete study and record of the flora and fauna of northern Canada, with pictures, drawings and descriptions of the wild life of that section, and made it all into a scrap book which he sent to his superior officer in England. Some years later he chanced on the book in a book store in London, where it had been sold by the impoverished former official, and was able to bring it back to the United States with him.

The doctor has presented large exhibits to museums in London, Washington, D. C., Chicago, and a marine life exhibit to San Francisco. This latter had just been sent to San Francisco a few years ago, when fire destroyed all the other priceless relics and records he had in his apartment in Marshfield.

Legion Turkey Shoot Sunday

The American Legion Turkey Shoot to be held at the Coquille Gun Club grounds Sunday, Nov. 23, is scheduled to begin at nine o'clock, according to Lars Leneve, chairman of the committee in charge. One hundred live turkeys have been ordered and are to be at the disposal of the winners.

Arrangements may be made for pistol shooting, for those who do not use the shotgun. The shooting will be at targets, with the scoring similar to that used on the clay birds.

The Coquille gun club is working in conjunction with the Coquille Legion Post and a successful shoot is assured by the committee. By present indications there will be a good-sized crowd out, a good many from Bandon, Myrtle Point, Roseburg, Marshfield, and North Bend having signified their intentions of being on hand to pit their shooting skill with those from other communities.

Preliminary Corn Show Report

E. D. Webb, Corn Show treasurer, reports that there remains in the funds at this time approximately \$250, with some \$40 or \$50 yet to be turned in and possibly the same amount of expense for which he has not yet received statements. Including the \$58 held over from last year, the total receipts to date have been \$1350 with expenses paid of \$1104.

State Assessors Here in 1932

Assessor J. P. Beyers announced on his return from the state assessor's meeting that his invitation to the assessors to meet in Coquille in 1932 went over with a bang and that the 36 assessors in the state will hold their annual fall meeting in Coquille, year after next.

Coquille-M. P. Here Tomorrow

Coquille High meets a vastly improved Myrtle Point team at Athletic Park here tomorrow afternoon at two o'clock, and one which gave Marshfield a whole lot of trouble last Friday and while defeated 13-7, outplayed the bay boys in the last half.

There is no championship at stake in tomorrow's game, but the visitors will be seeking revenge of the 6-0 defeat Coquille gave them earlier in the season, and it will be a hard, fast game.

Roseburg has called off the Thanksgiving game with C. H. S., so tomorrow's game will be the final one for the year in Coquille.

The only remaining game in the conference will be that of next Thursday when North Bend and Marshfield meet on Golden Field.

Million and Quarter Taxes Paid

Annet taxes paid in at the sheriff's office, just prior to the closing of the second half period on the 5th of this month, totalled \$418,245.77, according to Geo. O. Leach, of the tax department. With the \$691,656 paid in prior to May 5, and what was paid in between those dates, Mr. Leach estimates that the tax payments this year will run from \$1,200,000 to \$1,300,000 for the year. This can only be considered a fair collection for it includes not only current but back taxes.

GOOD CARD FOR NEXT TUESDAY

Roy Watson has signed up a good list of bouts for the American Legion boxing card next Tuesday evening, November 25. There will be four 4-round affairs and two six-round events, 28 rounds in all, with Bud Bryant, the pride of Coquille and North Bend, meeting Brownie Buskirk, of Pendleton, in the main event. Bud will outweigh Brownie by five pounds.

The semi-final is to be between that scrapping slugger, Big Boy Morgan, of Marshfield, and Joe Reese, of Myrtle Point. They weigh 185 and 190 respectively.

Kermit Shaw is conceding eight pounds to Corbin Bones, of Myrtle Point, in their four-round go, but he will make up in aggressiveness for the difference in weight.

The other four round events are: Lew Miller, 135, North Bend; vs. Carl Kaner, 126, Portland.

Wild Cat Walters, 148, Marshfield, vs. Ellsworth Willett, 144, Lee.

Bill Kelly, 145, vs. Lyle Colbert, 155, both of Coquille.

The usual \$1.50 ringside, \$1.25 reserved, \$1.00 general, 50 cents for students or ladies, prices will prevail. Curtain raiser at 8:15.

He's a Stony-Hearted Judge

We have been obsessed with the idea that our genial city recorder was an unusually tender-hearted officer, one who lent a sympathetic ear to appeals for relief, but we're got to revise our opinion, especially since the stern and emphatic negation given J. D. Williamson Monday morning. The latter had been picked up with two bottles of liquor on him, and after the judge had imposed a \$20 fine, the defendant told "Hixsoner" that he was leaving town right away, and asked if he would not return one of the bottles to him; he "needed a brace." But the recorder turned a deaf ear to his plea, showing him to be a man with a heart of flint.

Game Protective Assn. to Meet

The Coos County Game Protection Association, of which L. A. Liljeqvist is president and H. A. Slack, secretary-treasurer, will hold a meeting in the city hall here next Tuesday evening, November 25, at 7:30 p. m. The association has not met for some time and several important matters are to come up for discussion. Every member in the county is urged to be in attendance.

Thanksgiving Day Service

The Thanksgiving Day Services will be held at 10 o'clock on Thanksgiving day in the North M. E. Church. Rev. Elmer Sadler of the Foursquare Church will deliver the message. Mrs. Paul Walker is to sing a solo. Others to have part in the services are S. D. Walters, D. L. Hackett, D. Loree, G. A. Gary.

At Christian Science Church

There will be Thanksgiving services at the Christian Science church next Thursday morning, Nov. 27, at 11 a. m. The public is invited to attend this service.

I. O. O. F. TEMPLE DENTAL SURVEY

Will Be Used This Evening for First Time—It is Furnished Most Handsomely

Coquille Lodge No. 53, Independent Order of Odd Fellows, will use their handsome lodge room this evening for the first time when two second degrees and one third are conferred.

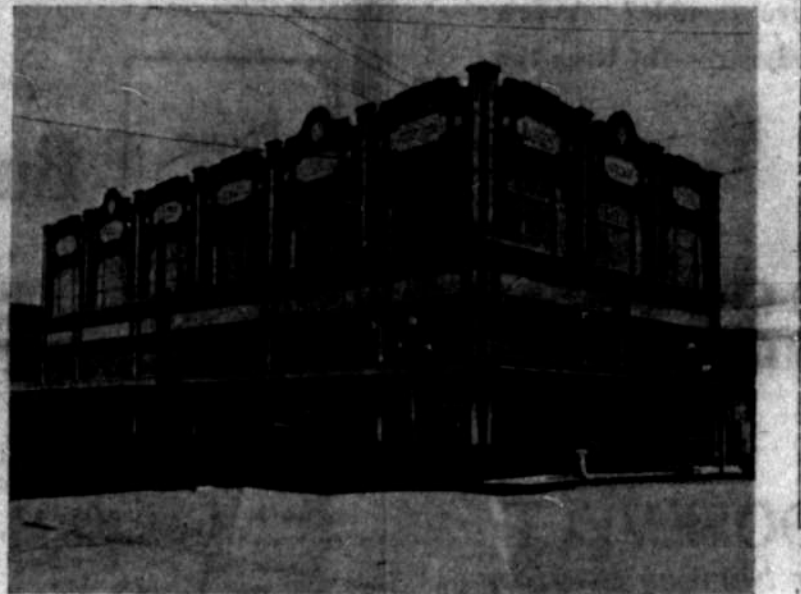

Externally as well as in its interior arrangement and appearance this new building is one of the finest in Coos county. With its temple-effect fire walls, its large art windows, its light-colored walls, the first impression is one of beauty and graceful design.

As the Sentinel has before stated the ground floor is occupied by The Hub Clothing & Shoe store on the corner, Wm. A. Zosel's Gents' Furnishings and Clothing store east of the stairway and C. A. Langworthy's Coquille Electric in the east room. Handsome plate glass provides the maximum of light for each room, and art tile covers the space below display windows to sidewalk.

Each room has a full basement and the heating plant is located under the stairway to the upper floor. In it is an oil burner and the entire building is steam-heated.

Upstairs the eye is met with a beauty of furniture, wall-tinting, electric fixtures, etc., that makes it one of the handsomest lodge rooms in the state.

The lodge room at the western end of the building is 48x49 feet in dimension.

NEW I. O. O. F. TEMPLE WHICH COST \$40,000 FURNISHED

ations, with the noble grand's station in the west, and where Ira Chase will preside until the new noble grand is installed in January.

Massive light oak furniture, with leather upholstering will provide most comfortable seats. There are fourteen chairs for the several stations and the walls will be completely lined with settees for the members. Altar, pedestals for the officers, and other furniture is in keeping.

The walls of the lodge room are of that kind known as jazz-finish and on these Wm. Mabon has applied a tinting combination that is pleasing to the eye and beautiful to contemplate. The walls under the chair rail is of a brown tint, the upper walls tan, and the ceiling, rough and irregular in surface, as the term jazz indicates, is tinted a background of blue, with gold and orchid high lights.

The carpet which has not arrived, will be in three sections so that it can be easily taken up and the waxed and polished floor used for dancing.

Dedication of the Odd Fellows Temple will probably not occur for a month or more, not until the carpet and the specially-ordered fishes, with I. O. O. F. emblem, have been received.

Ante rooms, rest rooms, supply rooms and small closets, make for convenience of both the Rebekah and Odd Fellows lodges.

The banquet hall, in the northeast corner of the second floor is approximately 40 feet square. It is also appropriately tinted, and will be furnished with folding chairs and tables which can be easily folded and stored in a small space.

The kitchen will prove a delight to every woman who enters it. Built-in cupboards, two sinks, electric range, with the floor linoleum covered, and a pass cupboard for ease in serving banquets, make it one of the most convenient kitchens it is possible to design.

The entire cost of the building, furniture and equipment is approximately \$40,000 and it was made possible by the sale of bonds, principally among the members of the lodge. The building itself represents an expenditure of about \$35,000.

Glaisyer-Hale Case on Today

The damage case of Dr. W. V. Glaisyer vs. Harvey S. Hale for personal damages, as the result of the injuries received by the plaintiff on the 19th of last February, came to trial in Circuit court yesterday and will probably continue the greater part of today.

Dr. Glaisyer is suing for \$1000 for the assault, \$15 per day for loss of time from his work, \$250 physicians' and surgeons' fees, and \$500 exemplary damages, something over \$2,000.

In the fight which followed a dairy meeting in a room in the hotel here, Dr. Glaisyer received a broken arm, damaged eye, a broken collar bone, and other damages.

L. A. Liljeqvist is representing the plaintiff and J. W. McInturf, the defendant.

Had Successful Eastern Trip

Geo. A. Ulett, who had been gone on a two weeks' business trip for the Smith Wood-Products company, returned last Saturday, meeting Mrs. Ulett and Mr. and Mrs. Lafe Compton in Corvallis.

He went as far east as Cleveland, Ohio, stopping also at Chicago, Detroit, Saginaw, Mich., Kansas City and Denver, and found conditions anything but good in any of those places. From the standpoint of the local battery separator plant his trip was quite successful.

MISS WILSON RESIGNS 3A DESK

Miss Aileen Wilson, who has been manager of the 3-A desk in Coquille and secretary of the Chamber of Commerce for the past two years, tendered her resignation as secretary to the C. of C. directors Wednesday evening. She has accepted a position with Nosler & Walker and will tender her resignation as branch officer manager of the Oregon State Motor Association and the three-A desk will remain at the hotel lobby.

Miss Wilson has made a very efficient secretary in the two positions and Mr. Shelton, manager of the 3-A for the state, in a letter received by Mr. Compton, refers to her as one of the most capable branch managers in the state.

There was some discussion among the directors, all of whom were present about asking Miss Wilson to retain the secretary position until the annual meeting in January, but in the end the directors accepted the resignation unanimously.

In view of the shortage of chamber funds—Treasurer Sickels reported \$69.12 as the amount in the treasury at this time—it is not probable that another secretary will be chosen until after the first of the year, when the annual membership campaign is held.

The directors authorized J. L. Stevens to report at the Scout Council in North Bend last evening that Coquille would again contribute \$200 to the expense of carrying on Scout work next year.

Heavy Rains First of the Week

Very little damage is reported as a result of the high winds which raked the coast section last Saturday night, but it was a more severe storm than is usually experienced in this section. The rain which fell almost steadily for three days ceased Monday and we have had clear and colder weather since, with frost nearly every night and ice one morning. The precipitation is only 10 1/2 inches since the first of September.

Tom Wimer's Serious Operation

H. T. Wimer, who has been suffering from stomach trouble for several months, underwent an operation at the Keizer Hospital in North Bend Tuesday morning which it is expected will relieve him of the trouble. The operation was quite a serious one but he withstood it well and rested easy the first night. It will be upwards of a month before he can return home.

Trespass Notices, printed on cloth, for sale at this office.

EGG AND POULTRY

Show at Bandon to Be Held December 2-3—Premium List Is Out

The Bandon Egg and Poultry Show which will be held in the Rosa Building in Bandon on December 2 and 3 will be the scene of poultry exhibits displayed by poultrymen, Smith-Hughes students and 4-H club members from many points in Southwestern Oregon.

The importance of this, the first annual affair of this kind to be held in Bandon, is increasing in the minds of poultry fanciers as they receive premium lists which are being sent out by Jens Svith, Smith-Hughes instructor at the Bandon high school and secretary of the show.

That the business of producing commercial eggs in Oregon is as a whole a profitable business cannot be questioned. A very careful three year study of representative commercial egg producing farms in all of the larger poultry sections of Oregon and including flocks of different sizes by the poultry department in co-operation with the farm management department at the Oregon State College gives a very sound basis for the above conclusions. The first annual Bandon Egg and Poultry Show will stimulate interest in the poultry industry which is one of the most profitable agricultural enterprises in Oregon.

According to H. E. Crosby, extension poultry man for the Oregon State College, who was recently working on the poultry extension program in Coos county in co-operation with the county agent and who spoke during that time at a poultry school conducted by Mr. Svith at the Bandon high school there is no reason why Coos and Curry counties cannot become important districts in the production of commercial eggs. Conditions here are very similar to those of Clatsop county where the poultry industry has developed on a very extensive scale. It is thought by those who have made a study of poultry production that the evenness of climate in this section and the abundance of green feeds available here are two factors in favor of Coos and Curry counties for poultry.

Professor A. G. Dunn, head of the Department at the College, will attend the Bandon show and will talk to the people there on December 3, according to word received by George H. Jenkins, county agent. Professor Lunn will also co-operate with Professor C. S. Brewster of the Hordgen-Brewster Milling Company of Portland in assisting local people in conducting the show.

According to the premium list which has just been issued by the show there are a large number of special awards which should be attractive to all poultryman in this part of the state. The Sperry Flour Company and Jameson & Kay of Bandon are offering a silver plaque for the best display of poultry. Mikes Food store of Coquille offers a silver trophy for the best turkey and a silver trophy for the best bantam in the show. The Bank of Bandon offers a silver trophy for the best bird of the Mediterranean class and also for the best bird of the American class. Chas. F. Winters, jeweler at Bandon, silver trophy for the best Australorp and for the best breeding pen of any.

(Continued on tenth page.)

Fine Personal Stationery

The Sentinel this week received a shipment of handsome personal stationery, boxed, which has been marked at \$3.00 per box of 100 envelopes and 200 sheets of paper, including name and address printed on both envelopes and letter paper. It is the kind of stationery that makes a most acceptable Christmas gift, and of the shape and size most desired for ladies' correspondence. Orders placed now are sure of being filled.

Red Cross Roll Call

The annual Red Cross roll call with its solicitation of memberships, has been conducted by several Camp Fire girls the past week, under the direction of Mrs. Ida Owen. Fifty-eight have responded to date, but the campaign has not yet been finished.

Those who went from here to the football game at Corvallis last Saturday report seeing seven or eight wrecks along the highway. Wind, rain and slippery pavements made it anything but a pleasant day for travel.
