Nov. 18—Viola McHale vs. Thos. McHale. Suit for divorce.
Nov. 18—Southern Pacific Co. vs. A. J. Eberhard.

Coquille Smith-Hughes Department Ranks High

The Smith-Hughes department of Coquille high school rates among the best in the state. This year the enrollment comprises over 50 per cent of the total number of boys attending High School and their annual program which follows attests to the interest being shown in the work.

The program calls for active participation in the Coos and Curry County Fair, the Pacific International Live Stock Show; the building of a new farm mechanics shop; sponsoring a Father and Son banquet and the organization of a Thrift club. The Thrift club has been in operation for the past five weeks and the average savings has been \$15.00 per week.

That the boys are sincere in their desire to save is evidenced by the fact that up-to-date no withdrawals of money have been made. It is hoped that by fostering thrift among the boys they will be induced to save what they can during their high school years. The enrollment is the second highest in the state, being exceeded by Lebanon which has two more boys enrolled, the respective enrollments being Lebanon 55 and Coquille 53.

Each year the superintendent of one of the schools of this state doing outstanding work in Smith-Hughes work is selected to address the Smith-Hughes instructors at the Oregon State Teachers' convention at Portland. The fact that W. V. Ferguson, Coquille superintendent, has been requested to speak at the convention this year indicates the state-wide recognition being given the Smith-Hughes department of Coquille High. Mr. Ferguson is to deliver his address at one of the sessions of the Oregon State Teachers' Association held in Portland on December 26, 27, and 28. Having been requested to choose his own subject, he has elected to speak on some phase of Smith-Hughes agriculture in its relation to high school education.

C. H. S. Was Sixth in Oregon

Completts data received Tuesday by W. M. Cunniff, Coquille high school Smith-Hughes instructor, on results of the Pacific International stock judging contest, show the team representing the local school to have placed sixth, out of 32 schools in the state of Oregon, and thirteenth out of 69 teams entered. The sixty-nine teams represented five states and one Canadian province, British Columbia. The states represented were California, Idaho, Montana, Washington and Oregon.

Smith-Hughes work in the state of Oregon proved itself superior to that of other states represented in this contest, in that the first five places were taken by Oregon high schools. Independence, Oregon, was first, Newburg second, Canby third, Dayton fourth, and Woodburn fifth.

Russell Martindale, a sophomore in farm crops at Coquille High, placed fourth in the Jersey judging team among a field of 207 boys.

Districts Receive Money

The county and elementary school funds were mailed to the clerks from the office of the county superintendent on November 12. The law provides that the county school fund shall be apportioned according to the number of elementary teachers in the district. These two funds are great factors in equalizing the tax throughout the county but in spite of these our school tax is very unequal.

The state school fund will also be mailed out from the office of county school superintendent this week. The distribution of this is based upon the number of pupils on the census, however, this fund is a very small one and does not play a very large part in the matter of school finance.

Council Levies \$26,055 Tax

A. O. Walker, as chairman of the city's finance committee, reported to the council Monday evening that the committee had investigated the claim of Weighell Bros., for damages, resulting from the laying of the sewer line through the Kistner field west of town, and that the dairymen had suffered damages. He could not say how much, but affirmed that the damage was done by the contractors, Knapp & Goas, and suggested that the dairymen meet with them and fix the liability. The finance committee and City Attorney Corby offered to sit in at the session and help arrive at an amicable settlement.

Following City Recorder Leslie's report on the result of the city election held Nov. 4, an ordinance was adopted declaring J. Arthur Berg to have been elected mayor for a term of two years, F. G. Leslie as recorder for two years, and Geo. W. Bryant, C. W. Kline and Jack LeFevre for a term of four years each as councilmen. The latter will enter on their duties January 5.

The ordinance levying a tax of \$26,055.59 on all property within the city limits for general municipal purposes—salaries, sinking fund for bonds, interest payments, and for all city purposes—was passed unanimously by the five councilmen present. H. T. Wimer was unable to attend the session.

Dr. J. W. Wheeler was confirmed as member of the Coquille Boxing Commission, succeeding Dr. G. Earl Low.

S. V. Epperson reported that the new eight-inch water main on Henry street and the smaller one leading from it, east on Fifth street, were in place and had been tried out, and would be put in use this week.

E. L. Vinton voiced a strenuous protest to the council against the laying of the gas main in his parking, asserting that he had spent a great deal of money in securing the lawn and that it had not been replaced in as good condition as it was previously. He was assured by the mayor that the company had posted bonds to repair all damages and leave lawns in as good condition as they found them, and that his property would receive proper attention.

In this connection the council members have pointed out that parkings belong to the city and are subject to city control, not to the abutting property owners.

Schools Organize Clubs

The schools which have already organized their 4-H club work and have it under way are as follows: Bunker Hill, Coos River, Roy, Riverton, Broadbent, and Remote.

Coquille Flower Lovers Club Notes

Place: City Hall.

Time: 7:30 p. m.

Secy.—Mrs. Inez Chase

Treas.—Mrs. John A. Martin

When: First and Third Tuesdays.

Cor. Sec'y.—Mrs. Geo. J. Bohrer.

Sunshine Garden Club

When: First and Third Saturdays.

Where: City Hall.

Time: Two O'clock.

A large crowd attended the meeting of the Flower Lovers Club on Tuesday evening. Mr. Taylor again presided and gave a brief history of the crysanthemum. The flower originated more than 30 centuries ago. It's the national flower of Siam and is a sacred flower of Japan. It was introduced first in Japan and China. There are 130 varieties including all the types of daisies and thousands of hybrids.

Mrs. Z. C. Strang won the prize cup at our meeting on Tuesday evening with 17 entries of chrysanthemum.

At the December 2nd meeting we are to display a mixed basket of natural material (green) fresh or dried. And on December 16th the cup will go to the best Christmas wreath made of natural material. Plants of Canterbury Bells and seeds of clarkia and larkspur were distributed free.

MYSTERY Tied With Red Tape

The time has long passed when a bank was surrounded with so much mystery and red tape that customers felt ill at ease every time they went to the bank to transact business.

Today, the progressive bank is a FRIENDLY INSTITUTION—designed to give service cheerfully and as a BUSINESS DUTY rather than as a favor.

At least, that is how this bank regards it. Perhaps that is one of the good reasons why many refer to this bank as "my bank," based on the spirit of friendliness and co-operation they encounter whenever they call.

Perhaps, too, it is another reason why people like to save where they think they are welcome, and where, in addition, they know their money is absolutely safe.

Whether you wish to open a savings or checking account, or wish to transact business in one of the other departments of this bank, you will appreciate this spirit of friendliness which we believe is good business.

Yearly congregational meeting Sunday 2:00 p. m., Nov. 30 for the election of church officers.

If you want to subscribe for a Portland daily the clubbing combination we offer with the Sentinel will save you money.

PLANS FOR COMING YEAR LAID AT U. O.

Opening Set for September 22, Classes to Start One Week Later.

University of Oregon, Eugene, Or.—(Special)—Entering students at the University of Oregon this year will get off to a rousing start, and will start classes on September 22, as fully informed on "what it is all about" as the upper classmen, it is declared by Earl M. Pallett, executive secretary and registrar, who has just announced the completed program for "freshman week," which will start for all first year men and women on September 22.

Indications to date are that the University will have the largest freshman class in its history, and that this year will see a considerable increase in enrollment as a whole. Contrary to the expectations of some that the present business depression would cause a decrease in university enrollment, it is expected to be a factor for increase, Mr. Pallett believes. This is because prospective students will observe that men and women with education and training have the best chance to retain positions and earn adequate incomes during hard times.

Freshman week at the University will start promptly at 8 o'clock Monday morning, September 22, with a general assembly in the music auditorium, at which Hugh Eggs, assistant dean of men, will speak. This will be followed by another assembly, at which Mr. Pallett will describe registration procedure.

The climax of freshman week will come Saturday evening, when the annual freshman banquet will be held in the University dining hall. President Arnold Bennett Hall will officially welcome the students at this time and student leaders will also speak. Registration material may be taken out any time after Wednesday afternoon, Sept. 24, and registration days are Thursday, Friday and Saturday until noon. Seniors may take out their registration on Monday, in order to make a final check of their courses. No other students will be allowed this privilege, however.

"I'm A Producer And A Shareholder In The Swift Family"

* "You can't blame me if I take more than an ordinary interest in the affairs of Swift & Company. I'm interested in two ways. First—as a producer. Second—as one of 45,000 shareholders.

"I'm glad to belong to this big family. And if you'd ask me to sum up why, I think I'd say—

- 1—Swift & Company is one of the most efficient organizations in America. Only an exceptionally well run concern could possibly thrive on an average margin of less than 2 cents on every dollar of sales.
- 2—As a producer I receive the going market price for the best butterfat, eggs and poultry I can deliver. Swift's nation-wide distribution, because of their 600 car routes and 400 branch houses, assures me of an ever ready market. I am not subject to local glut or shortages.
- 3—Swift & Company employs 58,000 people who receive just wages. These employees live in the communities where they work. Many of them are our own neighbors. They spend their money with our merchants, build their homes here, pay taxes like you and me. They contribute to the well being of this town.
- 4—As one of 45,000 shareholders, I receive a return on my investment.

"You can see that there are many benefits in having contact with Swift & Company. I'll keep on taking my butterfat, eggs and poultry to the nearest produce plant. The more I raise, the more I make. No wonder I'm glad to be in the Swift family."
