

**Wool Meetings Scheduled**

The grading of wool and some new developments in lamb marketing will be two subjects considered by Coos and Curry County sheepmen at meetings on December 2, 3, and 4, according to an announcement just received from George Jenkins, county agent.

Complying with requests which have been made by several sheepmen in the two counties for wool grading work, arrangements have been made to have Edgar Ludwick, assistant manager of the Pacific Co-operative Wool Growers Association here to conduct wool grading demonstrations at these meetings.

During the past year or two there has been some very interesting development in the marketing of lambs in different parts of Oregon. Several pools have been formed and the lambs marketed in carload lots selecting only those lambs which are in prime condition at the time of each sale. H. A. Lindgren, extension animal husbandman, from the Oregon State College,

will talk at these meetings on the marketing of lambs and some other phases of sheep management which will be of interest to sheep raisers in Coos and Curry counties.

It is felt by many of those interested in sheep raising in the two counties that there is considerable room for improvement in both the wool grading and lamb marketing fields here and judging from previous interest which has been shown, the following meetings will be of special interest to sheepmen:

Tuesday, December 2 at Bandon at 7:00 p. m.

Wednesday, December 3, at Gold Beach, 1:30 p. m., Community Bldg.

Thursday, December 4, at Myrtle Point, 1:30 p. m., city hall.

Thursday, December 4, at Coquille, 8:00 p. m., city hall.

The place of meeting will be posted at the Poultry Show building for the Bandon meeting as this will be on the first night of the Bandon Egg and Poultry Show.

**Contagious Abortion Control**

The "Oregon System" for the prevention, control, and eradication of Infectious Abortion of dairy cattle will be explained by Dr. B. T. Sims, chief of the Veterinary Department at the State College, to Coos and Curry County dairymen on December 5 and 6, according to word just received at the County Agent's office.

This will be done first at the Kelly dairy at the Smith place on the old Lampa Mountain road west of Arago where a demonstration will be given in bleeding cattle for the abortion test on Friday, December 5 at 1:30 p. m. Dr. Sims will talk on the system of prevention, control, and eradication at the city hall in Myrtle Point at 8:00 p. m. on December 6th. A testing demonstration and discussion will be held at the J. W. Moore dairy at Ophir at 10:00 a. m. on Saturday, December 6. The remainder of the time will be spent in the Coos River and North Bayside sections in connection with control area work.

Through the control areas good progress has been made with the control of this disease in parts of Coos and Curry counties. In other parts little work has been done. Any radical steps are not advocated but it is felt by College and local veterinarians that much good can be done by adopting in sections not now working on the disease certain sanitary practices which will be explained at the dairy meeting on the 5th and 6th of December.

**New Cases in Circuit Court**

Nov. 24—Associated Creditors Adjustment Co. vs. Broughton Jewelry Store.

Nov. 25—B. F. Leisch vs. Coos Bay Building Corporation.

Nov. 26—G. E. Trott vs. B. A. Bauguess.

"Is it insured?"

**Baptist Church**

Rev. D. Lacey, Pastor  
 Sunday School at 10 a. m.  
 B. Y. P. U. at 6:30 p. m.  
 Preaching 7:30 p. m.  
 Prayer services Thursday 8 p. m.  
 You are cordially invited to attend.

**Marriage Licenses**

Nov. 25—Hugh Barclay and Mabel Pratt, both of Marshfield.

Insure your car with Ned C. Kelley.

**2 Glasses Water, Not Too**

**Cold, Help Constipation**

One glass water is not enough—take 2 glasses a half hour before breakfast. You get quicker and better results by adding a little simple glycerin, saline, etc., (known as Adlerika) to one glass.

Unlike other remedies, Adlerika acts on BOTH upper and lower bowel and removes old poisons you never thought were in your system. Adlerika stops GAS and sour stomach in 10 minutes! Relieves constipation in 2 hours. Fuhrman's Pharmacy, Inc.

**The Pioneer Methodist Church**

S. D. Walters, Pastor

 Evening Preaching 7:30 p. m.  
 Prayer meeting, Wednesday, 7:30 p. m.  
 Scriptural, spiritual preaching.  
 G. A. Gray, Pastor.

**Foursquare Gospel Church**

Rev. Elmer and Jean Sadler, Pastors  
 East Second St.  
 Another Thanksgiving day has just passed over our heads but let us not merely call it a day, come and gone, but continue in its spirit of prayer, praise and thanksgiving to God, our Creator and Savior, for not only the year round bounties but also those of the great eternal provision.

The commissary of the church has been supplying the needy and hungry until the shelves are getting pretty low in the line of groceries. There have been about fifty-five taken care of during the past few weeks. These people have all been examined and talked to regarding their spiritual condition. Two young men were thoroughly converted to a place of joy and a spiritual hunger for more of God. We see this a needy world as you do. And we need your help in supplying as many of these needs as we can, both material and spiritual. Any used garments and foodstuff from both individuals and the stores will all be welcomed and will go to this worthy cause.

Our regular church services as follows:

Friday, evangelistic in song and message.

Saturday 2 p. m. an interesting meeting for the boys and girls. Come, children, this will interest you.

Sunday School 9:45, an interesting class for all.

11 a. m. "The Last Hope," a message on the second coming of Christ, by Rev. Mr. Sadler.

6:30 p. m. Crusader meeting by the young people.

7:30, Evangelistic service, message by Jean Sadler. "The Father on His Throne."

Have you ever attended one of our meetings? They are evangelistic, spiritual and interesting. Come this holiday season. Watch for the Christmas advertising of the pageants.

**THE NEW CHEVROLET SIX HAS MANY IMPROVEMENTS**

The introduction of the new Chevrolet Six marks the most impressive forward step in Chevrolet's twenty-year record of constant progress and improvement.

For this Bigger and Better Six offers new beauty of line and color, new luxury, new completeness and new quality—yet it sells at lower prices!

In every curve and sweep of Chevrolet's modern lines—in every detail of its smart new Fisher bodies, you will see the fine hand of the master designer and the skillful craftsman. And the more closely you inspect it, the more deeply impressed you will be.

The improvements in the new Chevrolet Six begin at the smart new chrome-plated headlamps and extend throughout the entire car. The radiator is deeper and unusually efficient. Due to the increased wheelbase, the lines are longer and lower, giving an air of exceptional fleetness and grace. And the new Fisher bodies combine with this more attractive exterior appearance, a new degree of interior luxury.

The upholstery is of fine quality mohair or broadcloth,

carefully tailored and fitted. The number of individual springs in the rear seat cushions has been increased by 25%. The windshield and windows have been redesigned to provide wider vision. And all interior fittings have been made more pleasing to the eye.

The chassis of the new Chevrolet Six has also been refined and advanced in a number of different ways. The frame is heavier, deeper and stronger than before. There is a smoother operating, long lived clutch; a sturdier front axle; an entirely new steering mechanism of the worm and sector type; an easier shifting transmission. In fact, every vital feature of the new car has been made better and more satisfactory to the owner.

Obviously, these many improvements are responsible for a higher standard of quality than before. And they become doubly significant when you consider that they are offered in a car which provides the smooth, quiet, flexible performance of a 50-horsepower, six-cylinder motor—the comfort of four long semi-elliptic springs and four hydraulic shock absorbers—the safety of a gasoline tank at the rear of the car—and an economy of operation not surpassed by any automobile.

**AT NEW LOW PRICES**

Fine as it is, the new Chevrolet Six now sells at lower prices—making the economy and satisfaction of Chevrolet ownership even more outstanding. We urge you to come in

and see the Bigger and Better Chevrolet. Its modern design reflects the spirit of the times—and it represents a value which will command the interest of every buyer in the low-price field.
