Association to Meet January 21

To All Who Love to Fish or Hunt:

There will be a meeting of the Coos County Game Protective Association at the City Hall in Coquille, on Wednesday evening, January 21st, at 7:30 o'clock.

All members are urgently requested to be there, and to bring not less than two friends, who are willing to join with us in a program, to make Oregon, and especially Coos County, a playground for the man or woman who loves the great out-of-doors.

There are a number of proposed laws coming before the present legislature, that may vitally affect our future supply of game and game fish, and every person who buys a fishing or hunting license in the state of Oregon should take an active part in protecting one of our most important natural resources.

For the sum of only one dollar per year any citizen of the United States can become a member of the Coos County Game Protective Association, and we want every man, woman and child who either fishes or hunts, to join us in our fight for the propagation and preservation of our wonderful game animals and game fish, so

that our children, and future generations, may enjoy our wild animals and fish without being obliged to view them in some zoo or municipal park.

Remember the time and place and decide now to be there, as this is a very important meeting.

Your for two fish where one swam before, Coos County Game Protective Association. By A. N. Gould, President.

Gilman, Ed Detlefsen, Jack Arnold, P. J. Jacobson, W. E. Cross, W. D. Simmons, E. A. Wimer, P. N. Jacobsen and Miss Edith Jacobsen.

A very pleasant afternoon was spent on Thursday at the home of Mrs. J. A. Lamb when she and Mrs. W. S. Sickels entertained jointly for one o'clock luncheon the members of the Joint-a-mere club. The luncheon table was beautifully appointed, being centered with a bouquet of lovely white carnations, freesias and asparagus fern, while placed about the rooms were potted primroses. The meeting opened by all singing the beautiful hymn, "Wonderful Words of Life," which was followed by roll call. Prayer was led by Mrs. Clara Sloan. Mrs. Maud Wilson had charge of the devotional program. The scripture reading was from John 3:16 and the topic was "God's love for the world." Mrs. Maury gave a splendid talk on "Prayer in the home." Mrs. Farr and Mrs. Swinney also gave very interesting talks on the same subject. Mrs. Farr closed the afternoon session with prayer. The missionary tea and program of the Pioneer church was held at the home of Mrs. A. T. Morrison Thursday afternoon. There was a fair attendance considering the inclement weather. Mrs. Walter Oerding was in charge of the program which was opening with singing. Mrs. S. D. Walters read the scripture lesson from the tenth chapter of Matthew, followed by a group of sentence prayers. The lesson was on Brazil and Mexico. Mrs. Ernest Purvance talked on the Methodist church in Brazil and Mrs. James Richmond gave an interesting talk on the church in Mexico. She stated that the first protestant bishop ever to be elected in Mexico had been chosen. Mrs. J. S. Houck gave an interesting talk on "Stewardship." The program was closed by singing and Mrs. Walters offering the benedictory prayer. A social hour followed with contest games, etc. and each one being requested to "speak a piece" or forfeit a penny. perous and encouraging. More than six hundred dollars were raised through the various activities and every benevolent and conference claim paid in full and also a large amount of local work accomplished. Rev. S. D. Walters, pastor of the church, in a very impressive manner, installed the newly elected officers, admonishing them to "go forward," striving to make the coming year the best in the history of the society. Rogers; supt. of programs, Mrs. Walter Oerding; supt. of mission study, Mrs. S. D. Walters; agent for Missionary Voice, Mrs. J. A. Houdyshell.

Interesting Flower Club Meeting

At the last meeting the contest was held on dish gardens limited to twelve inches in diameter. (See the September, 1930, number of the Ladies Home Journal for a fine article on dish gardens.) This contest proved very entertaining. The winner of the cup was Mrs. Ida Owen. Her garden was a miniature Japanese garden in an oval dish made attractive through the use of tiny fountains, bridges and fascinating figures. The second choice of the evening was the garden prepared by Mrs. Z. C. Strang. She used a round dish about ten inches in diameter and featured an exquisitely made fence and arbor leading to a pretty little rock garden. There were several others exhibiting including a Japanese idea using a redwood burl, a marine view featuring a large barnacle shell and a tiny pool between rocky banks which seemed to prove entertaining to several small china ducks, geese and turtles.

Everyone was so pleased with the results and anxious to try again that the club voted to have much the same thing at the next meeting, this time with no restriction on size and calling them miniature gardens instead of dish gardens. Several are already being prepared, at least two of which will feature small houses, and another which will have a real grass lawn.

All members of the Flower Lovers Club are urged to take part in this contest and to bring their friends to the next meeting which will be held at the city hall Tuesday evening, January 20, at 7:30.

"I'm in Partnership with 58,000 Employees and 45,000 Shareholders"

"There are 58,000 employees receiving just wages keeping the wheels of Swift & Company going. Many of these employees are my neighbors. They live in this town, work here, build their homes. They patronize local merchants, pay taxes like you and me. Their interests are those of this community."

"I'm one of the 200,000 producers who deliver butterfat, eggs and poultry to a Swift & Company produce plant and receive cash for my products. There are more than 30 of these plants. And I'm also one of the 45,000 shareholders of this concern, who receive a return on their investment."

"It makes a big family, doesn't it? But we are all proud to belong to it and to do our part. It's a mighty fine thing to have contact with an organization which can thrive on an average margin of less than 2 cents on every dollar of its total sales, and yet—everyone receives a fair return for what he does."

"The 58,000 employees receive just wages; the 45,000 shareholders receive a return on their investments. The 200,000 producers get spot cash for their supplies and don't have to fear local glut or shortages, for Swift's nation-wide distribution, through 600 car routes and 400 branch houses, assures them of an ever ready market."

"Next time you ask for Brookfield Butter, Brookfield Eggs or Golden West Fatted Fowl, remember that many of your own home folks take part in producing and marketing the supplies under those labels."
