Ford Factory Doctor Pays High Tribute To Sargon's Powers

"Sargon is one of the most powerful strengthening, reconstructive tonics and body builders I have known in the 30 years I have engaged in the practice of medicine," declared Dr. P. K. Drummond, for 12 years factory physician at the Ford Motor Co., Detroit, who was retained to examine the formula. "At this season of the year, especially, people who are in a run-down condition, due to simple anemia, thin, watery blood, poor digestion or elimination, should benefit richly from the Sargon treatment."

Dr. Drummond's straightforward endorsement of Sargon is typical of the unstinted praise it has received from scores of other outstanding physicians and explains why Sargon is having the largest sale of any tonic medicine of its kind in the world today.
