

Do You Know? Greasing is NOT Lubricating

One kind of lubricant will not properly lubricate all parts of your car—nor two or three. We use ten different special lubricants, listed here, in the designated places in accordance with factory recommendations:

- 1 Alemite Chassis Lubricant for Zerk fittings.
- 2 Special Alemite Front Wheel Bearing Lubricant
- 3 Alemite Gear Lubricant—transmission and differential.
- 4 Alemite Lead Base Lubricant—steering gear.
- 5 Alemite Universal Joint Lubricant.
- 6 Alemite Water Proof Lubricant—water pump.
- 7 Vaseline—distributor cam.
- 8 Alemite Penetrating Spring Oil—springs.
- 9 Generator oil—distributor and generator.
- 10 Paraffine—door latches.

An automobile cannot be built with one kind of metal. Neither can it be lubricated with one kind of "grease." We believe proper lubrication will save 80 per cent of repair bills if done regularly.

Alemite Costs No More Than Ordinary Greasing

We are fully equipped to perform all the above operations while you wait.

McKinley Notes

The McKinley "Bohunks" surprised themselves in the game with Lee last Sunday as K. Hansen, their pitcher, was unable to play, but they put in Olin Jenkins and at his first time in the box he helped win a well-sustained game with a score of seventeen for Lee and we claimed twenty-one for our side but some said it was nineteen. The boys have been encouraged in their practice by the men who have come out to watch and advise. Geo. Glenn and R. H. Lawhorn were at nearly every practice last week. Lee had Willet and Johnson as their regular pitchers.

Byron Hervey has had a bad eye for some time but he did go in for a while at the last.

The Jenkins sponsored a benefit dance for the team's equipment which it was reported netted \$14.00 and the Ladies Club donated \$7.00, so the boys feel very grateful for the encouragement and support which is another reason for bucking up and playing their best.

Immediately after the game it was learned a bad fire had broken out in the Fairview country. R. H. Lawhorn, who is firewarden, took all the available men from here and at last reports the fire was still spreading above the settlement. Those who took their bedrolls and went to fight fire were Harry Mast, Kenneth Hansen, Ira Shields, Ted Bennett, Rube Brown, Jay Freeman, Emmitt Freeman and later when reports came of another fire the warden took A. M. Shepherd and H. J. Lawhorn to Lee.

W. W. Lawhorn has been attending a reunion of the Daniel Boone clan at Hillsboro. The McKinley Lawhorns are lineal descendants of Boone on their mother's side.

Last week Mr. and Mrs. George Glenn enjoyed a picnic at Brewster with Mr. and Mrs. John Belloni and children from Myrtle Point and Mr. and Mrs. Harry Searanke, of Sacramento, Calif. Mr. Searanke is state engineer and was up on his vacation. He was delighted with the Brewster country and in particular the fern growths of this part of the world.

Chas. and Donny Mast are on a visit with their grandparents, at Lee.

Mr. and Mrs. Hardy Mast, this week.

The Marceys, of Doris, took in the ball game and visited at the Brown home Sunday afternoon.

Haldane Holmstrom was out Tuesday to see his folks and they all came over the hill for a little talkfest with the Hansens.

Lyndon Jenkins is out in the Klamath country for a while. Alice Jenkins was honored with a specimen of her block cut work being printed in last Sunday's Journal. It was a beautiful piece of work. We are always pleased to see our neighborhood young people do outstanding work in whatever line they are interested.

The weather man has one hot July day to report. On the 6th the thermometer soared to 98. It dropped to 89 the night of July 26th, which is not so very far from a frost. The greatest daily range was 51. It nearly rained July 20th, at least it read .01 inch of precipitation. I guess it was nothing to brag about.

The Clyde Barkers of Myrtle Point are at the Lawhorn ranch helping Walter with his haying this week.

Little by little Oregon is whittling away at its burden of bonded debt. A \$100,000 block of highway bonds was paid off this week and another installment of \$937,000 will be paid off on October 1.
