Roy sewing and handicraft clubs are playing a very prominent part in 4-H club affairs.  
On Wednesday, Nov. 4th, they were honored in being chosen to put on a demonstration of a 4-H club meeting at the city hall, Coquille, where club leaders had gathered to hear club workers, Madge Reese, of Washington, D. C., and Helen Cowgill, of Oregon State College, with them in two conferences. One was held at North Bend Hotel and the other at the city hall in Coquille. The 4-H model club program put on by the club from Roy was a credit to any school. The leader and children are to be congratulated.

**Christian Science Churches**

"Adam and Fallen Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist on Sunday, Nov. 8.  
The Golden Text was, "Awake thou that sleepest, and arise from the dead, and Christ shall give thee light." (Eph. 5:14).  
Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Cease ye from man, whose breath is in his nostrils: for wherein is he to be accounted of?" (Isa. 2:22).  
The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christian Science separates error from truth, and breathes through the sacred pages the spiritual sense of life, substance, and intelligence. In this Science, we discover man in the image and likeness of God. We see that man has never lost his spiritual estate and his eternal harmony." (p. 548.)

Officers and leader of handicraft club are: Leader, Miss Ida Oerding; president, Ernest Detlefsen; vice president, Clinton Burr; secretary, Jimmie Avery.

**Social Expert to Talk Here**  
Dr. Eugene E. Voltaire, eminent sexologist, advocate of birth control and sex knowledge for every one, opens a two days' engagement at the Liberty Theatre, starting next Friday, Nov. 20. This engagement coming at this time, when the two subjects are being discussed by the world's foremost thinkers and scientists, as well as ecclesiastical bodies all over the country, promises to be a worth while event, which those attending will long remember. In these times of cant, hypocrisy, and evasion of many of life's truths, Dr. Voltaire brings a vital message to everyone and especially parents and those contemplating marriage or parenthood.  
Because of the delicate nature of his lecture Dr. Voltaire talks to segregated audiences only.

Dr. J. E. Richmond, orthodontist specialist in the straightening of teeth, is making regular monthly trips to Coquille and will be in Dr. Rietman's office, Monday, December 7, Examination and consultation free.

**WHAT IS HOME WITHOUT A GARDEN?**

Place: City Hall.  
Time: 7:30 p. m.  
When: First and Third Tuesdays.  
President—Geo. W. Taylor, Sr.  
Treas.—Mrs. John A. Martin  
Cor. Sec'y—Mrs. Nellie Whereat.

Well, it certainly is great weather we are having and while ground is somewhat wet to work well, there is still lots that can be done in the garden. The weeds destroyed now will mean that many less next season. Some people are still making new lawns or getting the ground ready for planting in the spring. I noticed new lawns up the street in front of the Paul Cowan property, also how very nice Mrs. Nelson's rock garden is coming on. There seems to be a general campaign in town in the way of yard improvement and I think next season is going to see a big change in Coquille.

How many have your tulips in? I put mine in Wednesday and I certainly was proud of the bulbs I cured myself, it was my first experience and they sure looked fine. One lady here who grows great beds of them every year says they make it a rule to always plant their tulips on Armistice Day. I think it is a good idea to set a specific date for that purpose, then you are sure of them. Some of my tulips increased more than others. I noticed particularly Inglesome yellow had tripled itself while Princess Elizabeth was a very shy breeder. In an article on tulips I noticed that while it recommends sand in planting, it goes against sharp beach sand. Just why it did not say and I am wondering. I was rather fortunate, evidently in not getting sharp beach sand when I got mine, so here's hoping it is all right.

This rainy weather has been hard on chysanthemums but I certainly am going to start in right now and pick up containers so that I can have mine on the porch next time. Last week I saw some very beautiful blooms of the anemone-flowered type in Bergen's. These are quite new as well as the English type and are very handsome when well grown. A slatted house is a great help in growing chrysanthemums if one has the space for it; under it you can even grow the big incurved florist types. I am

getting together information on this beautiful flower and hope to raise some good ones next year.  
Remember, next Tuesday night is club meeting and anniversary night at that. Be sure to come.
