Annual Business Review of Coquille

In this issue of the Sentinel you will find many "write-ups" of progressive concerns of Coquille who are helping to turn the wheel of progress and bring back normal conditions

once more. Let us help them in this endeavor by keeping our trade at home where it develops our own community.

Coos County Abstract Co.

This reliable firm, under the able management of Mrs. Bertha J. Smith, is one of our leading Abstract and Title companies and is conveniently located at 252 West Second St., in Coquille.

The problem of titles to property is common to all communities. At the time when the land was bought from the Indians or even later, not much trouble was taken to keep a clear record of the title. There were not those close requirements of giving deeds and having them recorded which everyone knows about in this day. This community need no longer experience difficulty in having such matters cleared up.

With every detail of information at hand, the experts in this office take pride in doing the most efficient class of work possible. They are people who, like accountants, are chosen for their ability to analyze carefully every phase of the work and to take the utmost care with each detail.

If you are contemplating buying a piece of property or if you are not sure about the clearness of the title on the place in which you live, we would recommend nothing better than that you have Mrs. Smith of the Coos County Abstract Company look up just such matters for you.

Whenever you see a group of men, there are always a few who seem to stand out from the others. These men are usually leaders in their particular line of endeavor. They wear custom-tailored clothes because they know the almost inestimable value of a good appearance in business or professional life.

Men of this community patronize Mr. Niergarth for another reason also. Few men are capable of judging what they can best wear. Men of Coquille and district know that Mr. Niergarth can be trusted to tell them what they can wear best and they know, too, that they will never leave his shop with a suit that is unbecomingly to them if they follow his advice.
