

The outcome of the present campaign for United States Senator will affect everyone in the lumber business, whether employer or employee, to such an extent that we are asking our employees and those with whom we do business to join us in helping re-elect

Frederick Steiwer

SENATOR FREDERICK STEIWER

United States Senator from the State of Oregon

The fact that our two saw-mills are operating today is largely due to the import tax of \$3.00 per thousand feet which was added to the existing tariff of \$1.00 per thousand feet in July.

No one devoted more effort and influence to securing that levy on foreign lumber than FREDERICK STEIWER, Oregonians whose jobs today are due to the shutting out of Canadian Douglas fir lumber from our American markets are obligated to FREDERICK STEIWER. Let us show our appreciation by sending FREDERICK STEIWER back to the United States Senate where he can continue to safeguard American labor and capital employed in the lumber business in Oregon from the competition of foreign producers.

WHAT IS HOME WITHOUT A GARDEN?

Place: City Hall.
Time: 7:30 p. m.
When: First and Third Tuesdays.
President—Geo. W. Taylor, Sr.
Treas.—Mrs. John A. Martin
Cor. Sec'y—Mrs. Nellie Wheat.

There were two very interesting speakers at Tuesday night's meeting of the Flower Lovers Club, C. L. Ward, city superintendent of schools, and Fred Heidt, designer and landscape artist with John Dornath & Sons.

Mr. Ward chose as his subject, "The Proper Planning and Planting of School Grounds to Meet a Need in Education." His talk was so interesting and of such importance generally that I asked Mr. Ward for his notes, which he has promised to me and I will have his talk in next week's issue of the Sentinel.

Mr. Heidt, who is from Los Angeles, stressed the beauty of our country and particularly its resources. His dramatic recitation, "The World Owes Me a Living," was very fine and I am sure everyone present enjoyed it as much as I did. Mr. Heidt extended an invitation to all to visit Mr. Dornath's warehouse, near the S. P. depot, and see the house and grounds in miniature they have put up there. I have not seen it yet, but have been told it is very fine.

Next meeting the program is in charge of a committee under the leadership of Mrs. Clifford Kern. Needless to say, it will be good.

Mr. and Mrs. Ward were made members of our club and we hope Mr. Ward will speak to us again. Speakers such as we had Tuesday night add so much to the interest of the club and I hope Mr. Heidt will attend often, also.

Mrs. Beyers brought a potted amaryllis, which was in bloom. The stalk had six open flowers and several buds,

the color being an orange-red shade. It was very handsome and caused considerable discussion.

Mr. Taylor mentioned a number of questions that had been asked of him, some over the phone, others by letter. Many wanted the answer sent them by mail; this is something Mr. Taylor cannot do, owing to his eyesight which is very poor. The doctors have forbidden his writing or reading. So please go either in person to his home or come to the club and your questions will be answered by him gladly.

Among the questions asked were: How do they get the tall Christmas cactus? Ans. By grafting.

Is there such a disease in peonies as brittle root? Ans. Yes, but is rare here.

Is the Myrtle a laurel? Ans. Yes.

How are bananas increased when they do not seed? Ans. By suckers.

The committees on decorations and exhibit at the Corn Show reported progress.

There were four entries of mixed bouquets in the cup contest, which shows that flowers are still blooming in Coquille. Mrs. Leach carried home the cup again. The next contest is to be over chrysanthemums, a bouquet of mixed varieties in a tin can, decorated or otherwise. Mr. Taylor had a large basket of mixed flowers, which was very fine; Mr. Grimes had some very fine dahlias there and with Mrs. Beyers' amaryllis, we had a pretty nice display.

We were glad so many visitors were out Tuesday night and hope they will come again. I, for one, did not have a chance to greet them, and I think there were several others who did not, but the Flower Lovers Club extends them all an invitation to come again. Our next meeting will be Nov. 1 and remember, we commence at 7:30 p. m. now.

Bridge Happenings

The Christian Endeavors met Friday evening at Hooton's Haven for their October party. Halloween games and stunts under the direction of Miss Mae Hatcher were enjoyed during the major portion of the evening; their pep songs for the Myrtle Union convention were practiced. A Benefit to All Coos County

At Myrtle Point, a pretty little town about eight miles from Coquille, there is a business which means more to Coos county, particularly this portion of it, than people have any idea of. In fact, there are lots of people who do not know that it is even in existence. I have reference to the Myrtle Greenhouses and Nurseries owned and operated by A. M. Cooper. This place is just a few years old, less than ten years, in fact, and yet it is astonishing what Mr. Cooper has accomplished in that time, working under the handicap of little money and less encouragement, particularly from those to whom a good business of any kind means so much.

When Mr. Cooper started his business he began with the rough for the land was full of stumps and brush. He first got enough ground cleared to put up his greenhouses, two in number and a row of frames on the south side of one house. Today, he has acres cleared and in cultivation and here one may find something in bloom at any time you may go there.

Mr. Cooper specializes in gladioli and had fine displays of these beautiful flowers at the Glad and Dahlia Show held in Coquille this summer and at the Coos and Curry County Fair held recently at Myrtle Point. He also carries a large variety of rock garden plants, ornamental shrubbery and perennials. Here the home-owner can go and see just what the things, he has in mind, look like in our climate and he will find plants of sizes and prices to fit his pocketbook.

Mr. Cooper also grows some fine iris, both the German and Dutch, the latter a bulbous iris; some lovely tulips and narcissus and those lovely Muscari or Grape Hyacinths, which naturalize so beautifully.

At present Mr. Cooper is having some special sales which it would pay any one to take in. Mr. Cooper will also call at your home, give you advice on your plantings, quote prices on the work, put in your rock garden or pool. Mr. Cooper is a young man with a family and a large taxpayer; let's spend our money as much as possible with him and so keep our dollars rolling round nearer home. Just visit this place, you won't be sorry and I guarantee you will receive a hearty welcome.

Miss Dorothy Hooton, of the Mast-Wilson hospital, visited Wednesday at the home of her parents, Mr. and Mrs. A. O. Hooton and Miss Gylene Fitzpatrick was entertained at dinner in the evening.

Apple Boxes can now be secured at John Dornath & Sons' warehouse in Coquille. Opposite S. P. depot. 4912

School "Juggling" Bill WARNING Don't be MISLED!

Destructive Expansion is proposed under the guise of Economy and Consolidation, by the Zorn-Macpherson School "Juggling" Bill, which actually...

DOES NOT REDUCE BY A SINGLE PENNY the basic State tax you now pay for higher education.

ESTABLISHES 4 NEW SCHOOLS at Ashland, La Grande, Eugene and Salem.

CREATES 2 NEW TYPES OF SCHOOLS—Junior Colleges and Teachers' College, of questionable value to Oregon.

ESTABLISHES STATE SUPPORT for Junior Colleges in every Oregon city or town.

JUNKS AND DISCARDS OVER \$4,000,000.00 of taxpayer-owned buildings and land.

NECESSITATES NEW-BUILDING PROGRAM and triples costly equipment now at University or State College.

INCREASES INSTRUCTION COSTS 25% for University and Oregon State students.

DECREASES WORKING STUDENTS' CHANCES 40%, depriving hundreds of an opportunity for higher education.

WRECKS PRESENT UNIFICATION PLAN—This plan is saving taxpayers \$200,000.00 per year compared with previous costs for State schools.

DEPRIVES OREGON STATE COLLEGE of its high rank as a technical school by submerging of agricultural courses.

Voters, Think! The above facts overwhelm the half-truths and partial statements, made by the proponents of this school "juggling" scheme.
