

**SENSIBLE!
PRACTICAL!**
Give Goodyear Tires
and Tubes for
Christmas

WHO'S THE WISER?

FIRST MOTORIST: "I buy new tires in the Spring."
SECOND MOTORIST: "Not for me! I buy new tires in the Fall."

FIGURE it out for yourself! If your tires are pretty smooth right now, the slippery roads of fall and winter make the full grip of new Goodyears a sensible precaution. And new treads last about TWICE as long on cool roads as on hot summer roads. So Goodyears put on now still will be practically as good as new for next spring and summer. You'll be protected from skids and free from the expense or worry of tire trouble all winter. Better buy now!

On Slippery Roads You Need GREATER GRIP!

SEE how Goodyear puts TRACTION in the center—big husky blocks of rubber—keen-edged—deep-slotted—to dig in, grip and hold. More stop! The All-Weather Tread is a big reason why millions more people ride on Goodyear Tires. Come in—we'll demonstrate!

GOODYEAR

Because MILLIONS more people ride on Goodyear Tires, you can buy guaranteed QUALITY tires at following low prices.

Some Agree to Accept Warrants

Last week the merchants of Coquille were solicited to join together in accepting school or county warrants in trade for merchandise. Those who have placed notices on their windows that they will accept warrants are the Coquille Laundry, Coquille Sheet Metal Works, J. E. Quick for Hart's Store, and Schroeder's Jewelry Store. If all merchants and laborers would co-operate in this movement there would be a big change in local business.
