WHAT IS HOME WITHOUT A GARDEN?

Place: City Hall. Time: 7:30 p. m. When: First and Third Tuesdays. President—Geo. W. Taylor, Sr. Treas.—Mrs. John A. Martin. Cor. Sec.—Mrs. Edna Kern.

The fine weather makes us feel that spring is here, but we do not want to be fooled and start our garden work in fact just yet. It is a good time, however, to make out seed and plant lists and get them off, so that when we do start we will not be delayed for want of them. Just how much damage has resulted from the late freeze cannot yet be determined, but every day appearances grow more encouraging. Within a few weeks I hope to give you an article on the shrubs and roses which came through the cold weather, so that you may prepare for any recurrence we are likely to get in the future. Our winters are changing so fast that we cannot tell just what each one will bring forth, so it behooves us to be prepared. Window and porch boxes are another thing that we can investigate and plan to rebuild; in a short time I will give you a list of plants suitable for the purpose. I have recently noticed several places when the owners were already beginning to make improvements in the yards and it is certainly encouraging. I am going to take a walk about town one of these days and note the improvements made.

Boy Scout Notes

Troop No. 14 for the past years has been sponsored by the Chamber of Commerce, which has co-operated to the greatest extent with the troop to give the boys of Coquille a chance at scouting. And it has been through this organization's efforts that the troop and scout council progressed here, and that the boys became scouts. The scouts in the troop, the officers, the scoutmaster and his assistants wish to thank the Chamber of Commerce for their co-operation with them, for if it had not been for this organization "boosting" the troop continually, there would not have been a scout troop representing Coquille. This year the Lions Club has taken over the sponsoring of the troop from the Chamber of Commerce, and are doing this for the boys in this community so that again they may carry on in scouting. Again the troop is grateful for having such a club backing them, and in return will try to bring higher results in activities. The patrol contest in the troop is still progressing and as a result many more scouts have become interested and are preparing for advancement at the next court of honor coming in the middle of the month. The more the scouts become interested in scouting, the more they become attached to the work of advancement in rank. And don't forget that the troop is always open to boys over twelve who would like to try a hand at scoutcraft.—Reporter.

INSIST ON Genuine BAYER ASPIRIN

Because....

The Bayer cross is not merely a trade-mark, but a symbol of safety.

The name Bayer tells you that it cannot depress the heart.

The tablet that's stamped Bayer dissolves so quickly you get instant relief from the pain.

There's no unpleasant taste or odor to tablets of Bayer manufacture; no injurious ingredients to upset the system.

Tablets bearing the familiar Bayer cross have no coarse particles to irritate throat or stomach.

The Undertaker's Assistants

The undertaker has always had a lot of assistants who have helped to boom his business. Among those we recall are these: The man who rocked the boat. The boy who didn't know it was loaded. The man who stayed in a closed garage with his auto running. The man who used wood alcohol for his cocktail. The man who honestly believed he could beat the train to the crossing.

Riverton News

Miss Stella Cusic, of Lampa Creek, visited high school Tuesday. Miss Cusic is a former student of Riverton High.

Mr. and Mrs. Clifford Martin, accompanied by Mrs. Mettie Peterson, journeyed to Port Orford Sunday. On their way they stopped at Four Mile to see Mr. Ridder, who told them about an old turkey hen he had that set on thirteen eggs and hatched ten of them on Dec. 30. Evidently the eggs did not freeze during the cold snap and the nest being on a knoll only a few inches from the water during the freshet, they did not get wet. This is quite a remarkable turkey hen as all ten of the little ones are still living.

This community is sorry to lose Mr. and Mrs. King and children, Virginia, Robert and Eleanor, who have moved to Myrtle Point.

Dorothea Hahn is a new pupil registered in the seventh and eighth grade room, from Coquille.

Mrs. Conrad Borgard and two children from Lampa Creek were visiting Mrs. Mettie Peterson Wednesday evening.

The traveling library from the Oregon State Library that has been in the high school is being sent back this week. A new list will be obtained soon.

Due to the fact that the Riverton schools were closed two weeks because of the cold weather, the semester is being prolonged another week so that the exams will come next Friday. All students averaging 2 or better in any subject will be exempt from that examination.

Because the school buses have been unable to cross the ferry they have had to go around by Coquille; thus, the bus doesn't get here till nearly ten o'clock. The teachers have agreed that until the bridge on the dike is fixed all the fifth period classes will be the first thing in the morning and then the other classes will follow in regular order, only an hour later. As the fifth period is the slack period,
