The Six Serenaders furnish the kind of music that dancers enjoy. Hear them at Graham's Hall every Saturday night.

W. A. Medford, who has been employed in the Medford Grocery here since last May, left this morning, with Mrs. Medford and their two children for the north. Mrs. Medford is going to Yakima for a time while he is getting settled in the new position he has accepted as manager of a store in the Spokane district.

The crowd goes where there is good dance music. That's why Graham's Hall is so popular every Saturday night.

The fire department was called Wednesday at 12:30 p. m., to the Kay warehouse at the bridge, where a backfire had set fire to the oil in a Rugby truck belonging to Leonard Sell, of Riverton. The fire was extinguished before the department arrived, the only damage being the burned oil and the wiring of the lighting system.

Harold Stevens suffered a broken bone in his right elbow Wednesday evening, during the Independent basketball game at Myrtle Point. A piece of the bone was broken off. Carr's Variety Store Sale

Carr's Variety Store is elsewhere in this issue advertising a close-out sale of the stock here, during which everything in the store will be reduced in price. Jas. M. Carr, who was here from Roseburg Tuesday, said that they hoped to so decrease the stock here in the next two weeks that they could move by March 1. He had no criticism of any kind to make, but he and his brother had decided that business in Coquille did not justify their continuing here longer.

Found Not Guilty

Mrs. S. A. Weekly, of Bridge, was found not guilty in Justice Stanley's court yesterday on the charge of reckless driving, preferred by Vincent Prescherm, of Roseburg, a couple of months ago.

Mr. Prescherm and M. L. Daniels had been out looking for stock on the 18th of December, and left Myrtle Point after dusk with their lights on dim. Mike was driving and when two miles this side of Myrtle Point, he saw the Weekly car approaching, he swore that he drove the car two feet off the highway. Mrs. Weekly's statement was that the lights of Prescherm car so blinded her that she could not tell where her car was.

The two cars were damaged and Mr. Prescherm suffered a sprained thumb.

The jury which heard the case was composed of Mrs. Ula Leach, Mrs. Maud Wilson, M. O. Hawkins, Lefe Compton, W. L. Kistner and Elmer Holverstott.

C. E. Rally Here Tuesday

Nearly four-score were present at the Pioneer church Tuesday evening for the Christian Endeavor Rally, which started with a banquet in Pioneer Hall at 6:30 p. m. Guests were present from all points in the county. Kenneth Thompson acted as toastmaster.

Dr. Thos. D. Yarnes, of Salem, district superintendent of the M. E. Church, South, made the principal talk of the evening, his subject being "The Romance of Discipleship."

Entertainment features on the program included a duet by Misses Louise and Velloa Belleisle, of Marshfield; a North Bend group singing; musical numbers on the saw by Rev. E. G. Ranton, of Myrtle Point; and a violin solo by Martha Carrier, accompanied by Audrey Aasen.

The next rally will be at Myrtle Point in May.

John Carl Visits Legislature

Jno. D. Carl, who returned Wednesday from Hubbard where he attended the funeral of his brother, says that it was snowing up in the Willamette valley, but they ran out of it at Oakland.

He stopped at Salem and conferred with Representative J. H. McCloskey and Senator John D. Goss, who assured him they would do all possible to defeat the bill which, if passed, would return the secondary roads in the state to the counties for improvement and maintenance. It would add quite a burden to Coos county if these secondary roads were abandoned by the state highway association.

To Burn Old Records

The county court this week ordered that all poll books and election supplies, prior to 1930, and all claims on the general and road funds, filed prior to 1926, be destroyed. The clerk's office is cluttered with a great amount of these useless old papers and additional storage space is needed for the county records which continually accumulate.

Another order by the court was that \$112 be paid Kruse Brothers for 56 head of sheep killed on the bay, and \$79 to Page & Woomer for 38 head killed near Bandon. The amounts are to be paid out of the dog license fund.

B. P. W. to Give Dance

A Washington's Birthday dance is to be given at the I. O. O. F. hall next Friday, February 17, by the Business and Professional Women's club. There will be entertainment for everyone as there will be card playing for those who do not care to dance. There will also be some special features, and everyone is cordially invited to attend. The charge will be 35c per person. Refreshments will be served. This dance is being given by the club for the purpose of raising more funds for their convention fund.

Bitter Arraignment

Notes From County School Superintendent

The first rural meeting for the year has been scheduled by County Supt. Martha E. Mulkey to meet in Coquille. This will be held in the high school on Saturday, Feb. 18th, beginning at 10:00 a. m. State Club Leader H. C. Seymour will be present to discuss 4-H Club work. Besides Mr. Seymour, the following will speak or lead discussion in the meeting: C. L. Ward, Supt. of Coquille schools; Wade H. Arstall, Prin. Lincoln Bldg.; and Mrs. Inez Chase, first grade teacher, Coquille; Frederick Beck, Riverton; G. W. Ayres, Arago; Lee A. Meyer, Coos River; Carl Rice, Lakeside; H. L. Ingraham, Bunker Hill; J. F. Burkhardt, Eastside; Harold J. Laaswell and Alvin Allen, Bridge.

Empire has been chosen as the meeting place for February 25th. Regular school work will be carried on in the morning by the Empire teachers, Mrs. Josephine Widner, principal, Mrs. March K. Brown and Mrs. Dema Youngmeyer. The Empire board and parents and children are co-operating by having school on Saturday morning for the benefit of visiting teachers. Miss Florence Hill, remedial teacher of North Bend, will lead in a discussion on remedial work in reading. A meeting will be arranged later in Myrtle Point.

At each place the teachers will lunch together during the noon hour.

Although the meetings are planned for teachers of rural schools, each interested teacher is invited to attend and participate.

Schools are doing good work in spite of conditions. School boards in general throughout the county are taking a sensible attitude toward the situation, giving more thought than in the past to the actual needs of pupils and the financial condition in their own districts. Parents are endeavoring in every way to secure clothing in which they can send children to school.

In her visits through the schools, Mrs. Mulkey has noted many attempts to adjust to the shortage in cash which show that a large percentage of poorer people are not allowing themselves to fall into that passive way of soliciting charity until they have first made definite effort to help themselves. Children's rubbers made from inner tubes, soles from rubbers and galoshes being sewed to the uppers of shoes and the trading of clothes between families. Among neighbors we have noted more thoughtfulness in helping each other during illness.

Families are seen exchanging meat, vegetables, garden seeds, etc. This all indicates that a definite attempt to get along in as independent manner as possible is still a strong desire of our Coos county people.

And lastly, as pertains to the schools, there is evident among teachers a willingness to co-operate by giving their very best service in school and by showing a sympathetic understanding of the child's home condition.

Ag Singers Enjoyed

The "ten-legged quartet"—Ernie Cooper, Bill Floten, Delbert Donaldson, Jim Robinson and Russell Martindale—of the Ag class in the high school, furnished the entertainment at the Lions club yesterday. Accompanied by Miss Edythe Farr, they rendered most harmoniously three numbers and were urged to sing again, but claimed those were all they knew.

Dr. J. J. Leslie, who was a guest at the luncheon, was mentioned as their instructor in harmony, but he disclaimed all credit for their splendid singing, giving the boys all the credit because of their "work and more work."

It being district governors' day in Lion circles, J. E. Norton was called upon by President Rackleff to tell something of a district governor's duties. He responded with an interesting talk, paying tribute to District Governor Shea, of Portland; and when he finished the club expressed a vote of thanks for the good service of Ray Jeub, deputy district governor for southwestern Oregon.

Coquille Forum Subjects

There was a good turn-out at the meeting of the Coquille Forum in the city hall last Thursday evening, at which time "Technocracy" was discussed. As outlined by the speakers technocracy is a snare to catch the unwary, and would not help society.

Last evening's discussion was on the subject, "Sales tax is not good for the small taxpayer."

Next Thursday evening, Feb. 16, there will be presented an illustration of the Harvey System of No Tax, as advocated by the Liberty party, compared with Henry George's Single Tax idea.

We all know that farm lands, city property and timber lands are not being justly taxed. Everyone is invited to come to the city hall next Thursday and hear these tax methods discussed. J. E. Kieck.
