

CAN YOUR WIFE CHANGE A TIRE?

Honestly, aren't you asking too much of Fate to trust those old tires when your wife drives? Hailing strangers for help, if she has a puncture, is often disagreeable. You'd feel a lot better if you knew she were protected also against possible accident. It will ease your mind and be easy on your purse to have us put on some new Goodyears now.

Riverton News

On the third Thursday evening of each month, the local Grange sponsors very splendid programs for the entertainment of its members and visiting Grangers. On February 16th a patriotic program was provided by the students of the Roy school district under the direction of their very competent instructors, Mrs. Mackey and Miss Ida Oerding. The children rendered their different parts in a very splendid manner. In fact, much better than the average country children are capable of doing. The parents and patrons of the Roy district are to be complimented on the creditable manner in which those youngsters conducted themselves in the Grange hall here that evening; and to be con-

gratulated on their ability to select teachers who are the best to be had anywhere. Following is the evening's program: Song, "Betsy Ross," by entire Roy School; Flag Drill by three boys; Dialogue, "Buying Eggs;"

Two selections by Roy Rhythm Band; Health Demonstrations by two girls; Recitation, "Little Brook;" Three Songs, "Oh, Susanna," "I've Been Working on the Railroad," and "Red River Valley," by three boys; Dialogue, "The Minister's Mistake;" Flag Drill by six boys; Recitation; Cook-Demonstration by two girls; Recitation by Primary children; Three Harmonica solos; Dialogue, "Entertaining Sister's Beau;" Reading, "Lincoln's Gettysburg Address;" Clever Clown Stunts by six boys; Song, "Oregon State Song," by all, directed by Mrs. Beyers of Coquille.

Do You Know "Salweno?"

A new salmon product has been put on the market at Wheeler, Oregon, which has become so popular that it is expected it will utilize many of the salmon caught in the Nehalem bay. It is made of choice salmon, ground, and smoked.

It is almost void of any fish taste, is delicious and highly nutritious, and is called the Salweno. Its inventor, Mrs. Mary Zuercher, and her husband, Andrew, old residents of Tillamook county, are putting the product on the market. They claim that the salweno will keep indefinitely.

If you want to subscribe for a Portland daily the clubbing combination we offer with the Sentinel will save you money.
