

Why Buy Any Second Choice tire when First Choice costs no more?

Right now you car-owners are "sitting pretty." - - You can buy more safe, comfortable, troublefree mileage for a dollar than in any previous year. You don't have to put up with second-choice tires for reasons of economy, because first-choice tires cost you no more! - - Goodyear Tires—the kind we sell—are first-choice here, throughout the state, throughout the nation, by more than 2 to 1! - - They out-sell all others not because of any trick guarantee, or phony inducements, or special deals, but simply because they give people the biggest money's worth, and people know it! - - Don't be argued out the benefits to be had from the leading tires and our service.

Mitchell's Peak Highest

Mount Washington, in New Hampshire, probably the most famous of the peaks of the Alleghenies, because of the attention which has been given it by mountain climbers, stands second among the peaks of the 1,300-mile range of mountains. Mitchell's peak in North Carolina, which is 6,688 feet high, is nearly 400 feet higher than Mount Washington.
