

Here's Something to Think About:

The public buys more Goodyear Tires than any other kind—this is the eighteenth successive year! . . . The public wouldn't buy more Goodyear Tires if Goodyears did not offer greater value . . . But they *do* offer greater value, hence they enjoy greater sales . . . Are you wondering what tire to buy? Just ask yourself this simple question: "Why should I buy any tire but a Goodyear when a Goodyear costs no more?" . . . We think you'll decide it by coming right down to see us.
