UNTIL WE LEARNED BETTER

Until we learned better, we used to mix wood and steel in our car bodies and wheels.

It was the best way to make bodies—then. But the state of the art has advanced.

Of course, it is more expensive to make an all-steel body than to make a wooden frame and nail steel panels on to it. The better way involves an initial expenditure of several millions of dollars for new dies, which renders a change very costly. Cars, especially large expensive cars which are produced in small volume, cannot afford this, because the dies cost as much for one car as for a million. That alone explains why all-steel bodies are not used in all cars.

But our basic policy from the beginning is to make a good car better, regardless of cost.

For example, when we discarded wood-steel body construction, it was not because we lacked wood. We still have some thousands of acres of the best hard wood in America. Economy would urge us to use up the wood first, and then adopt the better all-steel body. But we decided that quality was more important than expense.

We weighed the reasons, for and against, before we made the change.

We could see only one reason for retaining a mixed wood-and-steel body—nailing the metal on, instead of welding an all-steel body into a strong one-piece whole. That reason was, it would be cheaper—for us.

Our reasons for adopting an all-steel body were these: A wood-steel body is not much stronger structurally than its wooden frame. In all American climates, wood construction weakens with age. Every used car lot gives evidence of this. Rain seeps in between joints and the wood rots. A car may have a metal surface, and yet not be of steel construction. Under extreme shock or stress the steel body remains intact—dented perhaps, but not crushed.

Steel does not need wood for strength or protection. Wood is fine for furniture, but not for the high speed vehicles of 1933.

In the Ford body there are no joints to squeak, no seams to crack or leak.

The all-steel body is more expensive—to us, but not to you.

By all odds, then, steel bodies seem preferable.

Wheels also have become all-steel. No one argues that an electrically welded one-piece steel wheel, such as the Ford wheel, needs to be "strengthened" by adding wood to it.

The one-piece all-steel body is the strongest, safest, quietest, most durable body made. That is our only reason for making them.

August 7th, 1933

Henry Ford

WHAT IS HOME WITHOUT A GARDEN?

Place: City Hall.
Time: 8:00 p. m.
When: First and Third Tuesdays.
President—Geo. W. Taylor, Sr.
Treas.—Mrs. John A. Martin
Cor. Sec.—Mrs. Nellie E. Whereat

Club notes day sure rolls around fast and it certainly keeps me busy trying to find something to write about which will be of interest and use to all. This weather is hard on our gardens; water seems to have little effect, but all we can do is to keep pouring it on. Our water rates are so reasonable we can use lots of water to keep things going.

Now is a good time to make our plans for next year's gardens; shrubs and perennials are and will be blooming and we can see and judge if they are suited to the locations they're in; if they will make too much growth to be left another year; whether the color scheme is right and whether it can be improved by filling up the dens are too much hit and miss affairs, so that now is a good time to see what improvement can be made in our fall work.

Now is the time to attend to your iris and be sure to plant plenty for you are planting Coquille's official flower.

Another flower we should plant lots of belongs to the Campanulas; Pyramidalis, Percisifolia, and the dainty Rotundifolia do fine here. These belong to the same family as the Canterbury Bells, but many people object to these flowers because the earwigs are very fond of them, while the other campanulas mentioned are not bothered. Most of these come in blue and white. One of the finest stands of Pyramidalis I have ever seen was at the Barton home on South Coulter street just after the flower show. They were taller than I am and they make fine cut flowers as I proved by some Mrs. Barton gave me after the flower show.

Percisifolia, or Peach Bells as they are commonly known, make fine cut flowers also, as well as a good garden display. Rotundifolia, or Blue Bells of Scotland and Harebells as they are called is a very dainty gem of 18 to 24 inches in height. These flower in graceful sprays of blue bells which keep well in the house and like the others increase rapidly, both by the

spreading clumps and by seed. They are self sowing and grow as readily as annuals. These can also be used in your rock garden.

Among the shrubs attractive now with bloom is Abelia grandiflora. This is also evergreen and hardy.

Romneya Coulteri or Mexican poppy is not as commonly grown here as it should be; it is hardy and its gray green foliage is a fine setting for the large beautiful flowers which are like snow white silk crepe; a large bunch of yellow stamens and a delicate delicious fragrance add to its attractiveness. It is easily grown and nothing seems to bother it.

Acuba, or Gold dust tree, is another attractive shrub the year around and if you have the male plant close by your beautiful green and gold shrub will have clusters of lovely scarlet berries on it. It wants half shade, good soil and lots of water.

The different Berberis and Contonasters are also fine shrubs and the scarlet and orange berries are attractive not only to humans but all birds. Berberis thunbergi or Japanese Barberry, makes a fine division line for town and a good banking for steps down a bank.

The Pyracanthas, or Firethorns, are other attractive berry bearing shrubs which are also good looking when in flower. Pyracantha Islandi is the most cultivated and is a very beautiful shrub in berry. They make wonderful house decorations. Pyracantha crenulata is also fine.

The Choisya, or Mexican orange, is a lovely shrub with a glossy evergreen foliage. It forms a round bush and in the spring has clusters of waxy white fragrant flowers. The freeze last winter killed some quite large specimens but young plants seem to have come through in good shape, especially if where there was considerable protection from the sun.

English Laurel and Lonicera are too well known here for me to take up space with. All mentioned are of easy culture, attractive the year around and make good foundation or specimen plantings.

Remember next Tuesday, August 15th is club night and single specimens of dahlias in any type or color and in any kind of container are the contest flower. Be sure to bring yours out.

Bridge Happenings

Mr. and Mrs. Frank Porter and children, Paul and Patricia, moved Sunday to Powers, where Mr. Porter has employment.

The Loyal Temperance Legion met Monday afternoon at the home of the leader, Miss Lou Hooton. Officers for the coming year were elected as follows: president, Myrtle Beckett; vice president, Virginia Lake; secretary, Anna Culver; assistant secretary, Bonnie Jean Billings. Others present were Virginia and Wilda Beckett, Betty Doney, Vivienne Lake, Evelyn and Edward Morrison, Billy and Bernard Corpe and Eddie Hatfield. The next meeting will be held on Aug. 21.

Mrs. Harold James and children, Helen and Ronald, have been in Myrtle Point for several days at the Marlin Evans home, taking care of the children while Mr. and Mrs. Evans are away for a week or so.

Messrs. Roy and Grant Doney, Clarence Billings, Zeff Christie and Grubb motored to Empire the latter part of the week and dug a nice lot of clams.

Wm. R. Brown, who has been working at the Bryant Logging camp in Brewster Valley for several weeks, was at Bridge Monday. He and Mrs. Brown are moving to Powers this week, where he will be employed for some time.

Mrs. Jas. Morrison and children, Edward and Evelyn, were entertained at dinner at Hooton's Haven Tuesday evening in honor of the birthday anniversaries of Edward Morrison and Maude Hooton, which occur on Aug. 8 and 10, respectively.

Mr. and Mrs. W. A. Lett and Orlin returned Saturday from an overnight visit at the Albert Reed home at Reedport.

The Bridge school is scheduled to begin on October 2 this fall. This is much later than usual, but since there will be only eight months and one week of school, it seemed best to delay the opening, as several families from the district plan on working in prune orchards during September. The contracts for driving the two school buses have been secured by Mike Fetch and Frank Mecum.

Mr. and Mrs. John Paulsen and two children left last week for a visit with relatives and friends in Michigan. They plan to be gone about two months. During their absence Mr. and Mrs. Claude Shilde are in charge of the service station and lunch room.

Mr. and Mrs. H. A. Hatfield and son, Eddie, Mrs. Jas. Morrison and Robert James returned Sunday from Empire where they had spent several

days digging clams.

Mrs. Fred W. Corpe led an interesting and well attended Christian Endeavor meeting in the grove Sunday evening. Plans are nearing completion for the Myrtle Union convention, which will be held at Bridge this week-end. The services will be held in the grove if the weather permits. Included among the speakers are Vada Swinney, of Coquille; Turner B. MacDonald, of Arago; Lawrence Sunkler and Thelma DeWeese, of Marshfield; and Glenn Cole, of North Bend. The state president, Miss Helen McClay, will have charge of the installation of officers on Saturday evening. It is planned to have an old-fashioned basket dinner Sunday. The convention will close at 3:45 Sunday afternoon.

Mrs. Sarah Williams, of Myrtle Point, and Miss Lottie Williams and Miss Carson, of Portland, are spending a few days at the W. A. Lett home.

Notes From Dora

Mr. and Mrs. Vern Bennett were business callers in Marshfield Monday.

Izella and Marvin Crosby returned home after spending a week with their uncle and aunt, Mr. and Mrs. Severt Iverson, on Rock creek.

Mr. and Mrs. O'Neill, of Elk creek,

motored to Eugene Monday where they will spend a few weeks visiting friends.

Agnes Gearhardt has returned home from California, where she has been working the past year.

Mr. and Mrs. Fred Minard were visitors at Mrs. R. M. Minard's home Sunday.

Mr. and Mrs. W. Griffin, from Arago, visited over the week end with their son, Milo.

Mr. and Mrs. Ed Marcey and Dale were visitors in Myrtle Point Sunday.

Mr. and Mrs. Wm. Miller and children, of Marshfield, visited with Mrs. Miller's folks, Mr. and Mrs. Marcy, Saturday and Sunday.

Mr. and Mrs. Roy Swan and children spent Sunday at Bruno Lang's on the Bald Hill road.

Community Meet at Prosper

On Thursday, August 3, the Wm. Biescke home at Prosper was the scene of a community gathering, the purpose of which was to meet with Miss Helen Cowgill, assistant state 4-H leader, for a canning demonstration. The morning was used as a lecture period, during which the ladies present discussed with Miss Cowgill methods of canning.

Each one present then proceeded to prepare and can some fruit or vegetable

table which had been provided. Miss Cowgill demonstrated the use of the pressure cooker for some jars, the balance being put into a boiler. At noon the group partook of a "potluck" dinner.

The afternoon was spent in round table discussion and listening to Miss Cowgill's account of her trip to Boston, where she chaperoned the girl who won the National 4-H Fashion Review championship.

Those present were: Mesdames Marion Wilson, Walter Tucker, Virgil Paxton, Raymond Wilson, Herman Hongle, Willard Wright, Arthur Robbons, Elsworth Wilson, Chas. Young, Clyde Archer, Laura Morgan, Victor Sulin, Ludwig Myrberg, William Biescke, Martha Mulkey, Harrison Oerding and Misses Viola Biescke, Bertha Biescke, Freida Young, Ione Sulin, Irja Sulin, Laurel Bullard, Margaret Jane Wright, Bernice Barrows.

Mrs. Florence Oerding, of Coquille, is the leader of the Prosper canning club.

V. R. Wilson, "Optometrist," Errors in refraction corrected, without the use of drugs. "For glasses" see Wilson first and save money.

Calling cards 100 for \$1.00.

The Pioneer Methodist Church

Philip D. Hartman, pastor.

Morning worship at 11 o'clock with a sermon on, "Responsibility for Others."

Evening service at 8 o'clock with a message on, "Some of God's I Wills."

Sunday School at 10 a. m., Lyman Carrier, superintendent.

Both departments of the Young Peoples' Division conduct their devotionals at 7 p. m.

Prayer meeting Wednesday evening. Choir rehearsal Saturday evening, P. G. Leslie, director.

A cordial welcome awaits you at all of our services. If you do not worship elsewhere come with us. Start the week right by attending church.

Foursquare Gospel Church

Rev. and Mrs. T. R. Jackman, co-pastors.

259 E. 2nd St. Phone 159-J

The Benham Musical Evangelists are conducting all services to which everyone is invited. Services are being held every night at eight o'clock.

Sunday morning worship at eleven. Sunday School at 9:45 a. m. Children's Church Saturday afternoons at 2:30 p. m. Radio, "Cathedral of the Air" programs Tuesdays, Thursdays and Saturday afternoons from 1:30 till 2:00.

The Foursquare Orchestra, under the direction of Tracy A. Leach, gave a concert at the Remote 3-C camp at Camas Valley Wednesday evening.

At the conclusion of the concert all officers and boys and orchestra gathered about a great camp fire and were served coffee and doughnuts.

First Church of Christ, Scientist

Coquille, Oregon

Sunday School at 9:30 a. m.

Sunday Service at 11 a. m.

Subject for next Sunday, "Soul."

Wednesday evening meeting at 8 o'clock.

Free public Reading Room open in Church Building every Tuesday and Friday afternoons except holidays from two to five o'clock.

The public is cordially invited to attend our services and to visit the Reading Room.

Methodist Episcopal Church

Evening Preaching 8:00 p. m.

Prayer meeting Wednesday 7:30 p. m.

Preaching at Bandon 11 a. m. Scriptural, Spiritual Preaching. Everyone welcome.

G. A. Gray, Pastor.

107 E. 2nd St., Coquille, Ore.

St. James Church

(Episcopal)

Church school every Sunday at 10 a. m. Perry Roper, superintendent.

Baptist Church

Sunday School at 10 o'clock, with classes for everyone. Visitors always welcome.

Prayer meeting 7:30 Thursday night.

B. Y. P. U. services every Sunday evening at 7 o'clock.

Church of Christ

Turner B. MacDonald, Pastor

Sunday, 10:00 a. m. Bible School. Departments for all ages. Ned C. Kelley, superintendent.

11:00 a. m. Communion and morning worship. Sermon by the pastor.

7:00 p. m. C. E. groups meet for devotionals.

Wednesday, 7:30 p. m. Bible Study. Willett Jesse, leader.

You are cordially invited to all of these services.

Seventh Day Adventist Church

Pastor, H. A. Niergarth.

Sabbath School (Saturday) 9:45 a. m.

Preaching service 11:00 a. m.

Civil Service Examinations

The United States Civil Service

Commission has announced open competitive examinations as follows:

Cost and Production Superintendent (Shoe Factory), \$2,000 a year, Federal Penitentiary, Leavenworth, Kans.

This examination is re-announced for the reason that an insufficient number of applications were obtained from the previous examinations, which closed recently.

Steward (for filling the positions of Steward at \$2,600 a year and Assistant Steward at \$2,300 a year. Federal penal and correctional institutions throughout the United States.

Junior Director of Social Work (Junior Warden's Assistant), \$2,000 to \$2,500 a year, and assistant director of Social Work (Warden's Assistant), \$2,600 to \$3,100 a year, Federal penal and correctional institutions throughout United States.

All salaries stated are subject to a deduction of 15 per cent as an economy curtailment and a retirement reduction of 3 1/2 per cent.

Full information may be obtained from Alton H. Grimes, secretary of the United States Civil Service Board of Examiners, at the post office in this city.

"Elmer the Great" at Liberty Theatre, Sunday, Monday and Tuesday

The funny looking guy with Babe Ruth is none other than Joe E. Brown, former big league ball player and now a star comedian of the screen. In his latest picture, "Elmer the Great," which will be at the Liberty Theatre Sunday, Monday and Tuesday, Brown plays the role of the champion batter

in the league, and how he can bust those fences.

Calling cards 100 for \$1.00.
