

Where Every Day is Pay Day!

BUTTERFAT doesn't improve with age. A chicken, ready for market, strutting through the barnyard, is merely a non-paying boarder. An ancient egg is more useless than a month-old daily newspaper.

The time to sell produce is the day it's ready for sale. Swift & Company will buy it that day.

Swift & Company's produce plants—more than a hundred—are open six days a week. Each one is ready and anxious to buy from its farm patrons when their products are most valuable.

Prices paid are competitive. They are based, not on local conditions, but on national supply and demand. Swift's Brookfield Butter and Eggs, Swift's Premium Chickens and Golden West Fowl, all can and do go where they are most eagerly desired.

Swift & Company salesmen, selling butter, eggs, poultry, cheese and meats at the same time on their rounds, cut down distribution costs of both.

Swift & Company
Timeliness. Breadth. Economy. Fair Dealing. These are the marks of Swift & Company service in the produce field.

WHAT IS HOME WITHOUT A GARDEN?

Place: City Hall.
Time: 7:30 p. m.
When: First and Third Tuesdays.
President—Geo. W. Taylor, Sr.
Treas.—Mrs. John A. Martin
Cor. Sec.—Mrs. Bonnie Dutton.

The regular meeting of the Flower Lovers Club was held Tuesday night, with a fair attendance and a lot of interest and good humor. Several fine displays of strawflowers, everlastings and artificial flowers were entered for the cup which was again won by Mrs. Ida Owen with a low bowl containing strawflowers and purple statice. There were two displays of rosebuds in crepe paper and the basket of buds with preserved arial sprays, entered by Joy Pettengill, was particularly fine, the buds being very natural looking and very artistically arranged. Miss Joy had made them beautifully and they attracted a great deal of attention and favorable comment.

The main business of the evening was the appointment of two standing committees, the Flower Show and Entertainment. The Flower Show committee is composed of the following: Mrs. George Leach, chairman; Mesdames Ida Owen, Ella Schroeder, Roy Pettengill, Jennie Price, Viola Newton, Inez Chase,

Bertha Smith, George Bryant, Belle Gould and Messrs. Alton Grimes and L. A. Alexander. The personnel of the Entertainment committee consists of Mrs. Robert Dutton, chairman; Mesdames Z. C. Strang, Vernon Smith, J. P. Beyers, Willard Sloan, Ida Owen, H. H. Coleman, Clifford Kern, John Martin, Birdie Skeels. We are going to expect great things of these committees.

As the season is already announcing an early spring, it looks as though our annual flower show would be held earlier this year, so all of you good folks get busy and make your plans accordingly, for we are going to want lots of help in the way of flowers. There is already one prize up for roses, the conditions of which will be announced later.

Mr. Taylor's large basket of Narcissus Soliel d'Or won much praise and he gave us a very instructive talk on the narcissus worm and the commercial method of treating bulbs, according to government regulations. Other diseases and their remedies were told by Mr. Taylor and general round table discussion followed.

It was decided that the cup contest at our next meeting of February 20th, would be the best mixed bouquet of daffodils and narcissus in any kind of container. Now do your best and don't forget the date.

Senior Class Business Session

The Senior Intermediate Class met at the Church of Christ Tuesday evening at 7:30 for their regular class business meeting. The meeting was opened by the Lord's Prayer. The prayer-meeting chairman reported leaders for every Sunday and reports were given by other chairmen, after which Delbert Donaldson was appointed to serve on the finance committee. The play selected was discussed and it was finally decided that it was not suitable and that a new play should be chosen very shortly to take its place. A budget for the coming year was drafted and it will be presented at the next Endeavor meeting to be voted upon. Just before the meeting closed the class decided to attend the President's Endeavor Meeting at Marshfield one week from this com-

ing Sunday. The Senior Intermediate Class meets every Sunday evening at 6:30 o'clock at the Christian Church. Ex-graduates and young men and women are eligible for membership and at this time the class extends a standing invitation to those eligible. We hope you will come and bring a friend.

At Christian Science Churches

"Love" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 4.

The Lesson-Sermon consisted of citations from the authorized version of the Bible, the correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, including the following:

"I will mention the loving kindnesses of the Lord, and the praises of the Lord, according to all that the Lord hath bestowed on us, and the great goodness toward the house of Israel, which he hath bestowed on them according to his mercies, and according to the multitude of his loving kindnesses." (Isa. 63:7.)

"In divine Science, where prayers are mental, all may avail themselves of God as a 'a very present help in trouble.' Love is impartial and universal in its adaption and bestowals. It is the open fount which cries, 'Ho, every one that thirsteth, come ye to the waters.'" (S. & H., p. 12.)

The girls of the Coquille Junior High School held a meeting in Miss Hill's room last Friday. The program consisted of a violin solo by LaVelle Dale, accompanied by Margaret Stewart, and a reading by Catherine Mulvihill. Bonnie Gage also gave a short talk on the schools yells which were to be given that evening at the basket ball game. Mrs. Stewart presented the Seventh Grade girls with a new baseball and then a tap dance was given by Margaret Smith and Joan Weekley. The program was enjoyed by all.
