● Supertwist Cord — patented and used only by Goodyear — stays strong because it comes back strong after stretching to absorb road shocks... In every Goodyear you get four or more full plies of this shock-absorbing cord — thoroughly rubberized to resist heat. Four or more high-speed safety plies! Four or

more plies of cords that hold most of their strength to the final mile.

● No wonder the public buys millions more Goodyears than any other tire. The public knows — by experience! — that Goodyears stand up longest... Don't take our word for it — come in, we'll show you Shock-Test comparisons of tire cords that will prove the facts before your eyes. No obligation — see for yourself — then decide.

National Parks Open Early

Due to the unusually early spring, virtually all major national park tourist mecca in this section of the West are either open now, from one month to six weeks in advance of their usual season, or are scheduled to open soon, several weeks earlier than customary.

Of the former, Crater Lake National Park has been available by automobile since late in February by

either of the two main highways giving access, according to announcement from the Oregon State Motor Association. The principal routes of entry are from Medford and Port Klamath.

Automobiles are traveling within four miles of Paradise Valley in Rainier National Park at present, a possibility rarely enjoyed this early.

Calling cards 50 for \$1.00.

News Notes From Powers

Registrations in precincts No. 39 and No. 58 for North and South Powers were 171 with 90 per cent democrats. A great deal of interest is being manifested in the coming election here.

Bennie Gallagher, who came to Powers in 1924 and has mined continuously at China flat ever since, left Powers for Central City, Colorado, to make his home. Mr. Gallagher made many friends while he was in this vicinity. Although he never came to town but once in the ten years, and was badly crippled, he made a living for himself during the depression and never once asked for help. This is an excellent record for a man 70 years of age.

Elton Cheney, who lived here when a boy, was in town for several days, renewing old acquaintances. Pete Serafin, who graduated from

the local high school, was in Powers for several days this week.

The Woman's Club of Powers is sponsoring a clean-up day Friday, when trucks will gather all the old rubbish from the alleys. The several committees under the direction of Mrs. Elmer Davis and Mrs. Clare Le-manowsky will connect the funds to handle the proposition. The Woman's Club is also putting up sign boards and naming the streets where they were numbered before.

Born to Mr. and Mrs. Paul Bales a son, at Seattle, Wash. Mrs. Bales and the children will move back to Powers in the near future. Mr. Bales is already employed here.

Mr. and Mrs. Joplin Mode left Friday for Joplin, Missouri, for a two months' visit with his mother. Mr. Mode came here with the OOC and married a local girl, Ardith Spade. They will return to Powers to make their home.

Clarence Moe, who it is believed has undulant fever, was taken to the Keizer hospital Tuesday. He is very ill.

Meridith Ward had his leg broken while working for the C. B. L. Co. on Eden ridge. The community has been hit by a jinx of some kind for there never were so many minor injuries before.

Officers installed in the local A. L. A. by the state president, Mrs. Aiken, and the Coquille Unit were: Helen Rovang, president; Thelma May, vice president; Evelyn Stock, second vice; Mary Grove, secretary; Mollie Stevens, treasurer; Margaret Wyland, sergeant at arms; Mae Anthony, chaplain. Thirteen were initiated. The charter was presented. The Coquille Unit presented Powers with a block and gavel. Marshfield presented a block and colors. Several state officers were present.

Knife Hospital Notes

Mrs. A. L. Simpson underwent a major operation at the hospital on Monday with Dr. V. L. Hamilton the surgeon.
