heavier, All-Weather Tread! More
non-skid blocks—Wider riding ribs—
Tougher rubber... and more of it.

● Come see this brute-for-punishment —
this great new "G-3" that Goodyear has built,
tested, proved out under terrific abuse, to
more than offset the harder wear put on tires
by today's fast-stepping, fast-stopping auto-
mobiles.

We'll show you why it's the greatest Goodyear
ever built—why it gives 43% longer-lasting
non-skid — why Goodyear's patented Super-
twist Cord makes it possible.

It's a costlier tire to build but not to buy —
consider that important fact too as you look
it over and we think you'll say: "Put on a set."

CANDIDATE FOR
Republican Nomination

as
County Judge

Realizing that it will be impossible
for me to meet all the Republican voters
of Coos County before May 18th,
and since I am asking your support
for the Republican nomination for
County Judge, I must take this means
to acquaint you with my qualifications
for the office.

For the last 22 years I have been
a dairy farmer and taxpayer in Coos
county. At the present time I am
handling a herd of 35 registered Jer-
seys and doing other general farming
on my place near Arago.

I have always been willing to give
my time and energy for community
work, serving as director of the Oreg-
on Dairy Council, President of the
Coos County Jersey Cattle Club, Mas-
ter of the Coos and Curry County Po-
mona Grange, President of the Coos
County Dairy association, director of
the Fishtrap drainage district, and
director of the Coquille Corn Show.
As for county affairs, I have worked
on the Committee of Eight for the
past two years, served six years as
director of the Arago consolidated
school, and helped to make the 1933
Coos county budget.

I seek your support for nomination
because I feel that I can render to the
county the same careful and economi-
cal administration that I would give
my personal affairs, and assure each

district of Coos County that they will
receive fair and impartial treatment.

B. P. W. Entertain Mothers

One of the most outstanding club
parties of the season was given Mon-
day evening by the Coquille Business
and Professional Women's Club when
they held their annual Mother's Day
banquet at the Coquille Hotel. The
tables were beautifully decorated with
May day baskets made of crepe paper
in rainbow colors and filled with col-
umbine, Dutch iris, snapdragons and
fern. Mrs. Ole Newton, who presided
at the banquet announced that the
Coquille club was honored by having
two of its members, Mrs. A. N. Gould
and Mrs. Inez Chase asked to conduct
a round table discussion at the state
convention in Portland May 26th.

The program was opened by sing-
ing the popular club song, "The More
We Get Together." The address of
welcome was given by Mrs. James
Richmond and the response by Mrs.
Ora X. Maury. A piano solo was
then played by Miss Inez Bover, chair-
man of the music and arts committee.
The banquet speaker was Miss Flo-
rence Hill, who chose as her topic,
"The works of yesterday makes pos-
sible the works of today," and Mrs.
George Bryant sang, "Mother Ma-
chree." Each number on the pro-
gram was greatly enjoyed by those
present and the evening was closed
by the presentation of the May day
baskets as door prizes to those hold-
ing lucky numbers.
