All Welcome

Riverton News

Commencement exercises for Riverton high school were held in the gymnasium last Thursday evening. The stage was beautifully and artistically decorated, the decorative scheme being planned and carried out by our school artist, Harriet Danielson. Miss Louise Smartt had charge of the program and it was the nicest our school has had in several years. Marie Dye, as valedictorian, gave the finest address that any student has ever given here. Not only that, but we think, with the one exception of the main speaker for that evening, her address was better than those given by the different college professors here in the past. The will and history by Helen Nulf was ably given. One especially nice part of the program was the presentation of diplomas by H. J. Berry to the eighth grade graduating class. The program for the evening was as follows: Processional March by Ileen Harris; Invocation by Walter Ficus of Coquille; Vocal Solo by Ora Randleman, accompanied by Mrs. Gertrude Randleman of Bandon; Valedictory, "Success, What It Means," by Marie Dye; Salutatory, "Our Class History and Will," by Helen Nulf; Commencement Address by C. F. Walker, Pres. Northwest School of Commerce, Portland; presentation of grade diplomas by H. J. Berry; presentation of awards to three grade students, highest in school work, by Ansel Hayward; presentation of high

school diplomas by J. F. Van Leuven. Mr. and Mrs. Frederick Beck and little Beverly Lucille moved away Monday afternoon. They will spend the summer with the parents of both of them, and in visiting friends and relatives. Mr. Beck has resigned his position as principal of our schools here and has accepted the position of principal of the Marcola school.

Word has been received of the birth of a little baby girl Monday morning at the home of Mr. and Mrs. Clarence Dewey, of Lampa Creek.

Lee Stonecypher returned to his home Tuesday evening from the Keizer Hospital in North Bend. He underwent an operation for appendicitis last Wednesday morning. He is recuperating very satisfactorily but will be confined to his home for several days.

Mr. and Mrs. Thomas Hanly, Mrs. Mary E. Kribs and Mrs. Alice Height were guests Thursday afternoon of Mr. and Mrs. C. M. Hartwell. Both Mrs. Kribs and Mrs. Height are sisters of Mrs. T. P. Hanly. Mrs. Kribs is making her home with the Hanlys and Mrs. Height is visiting here from California.

Henry Steward, second son of Mr. and Mrs. George Steward, is recovering from a very serious operation, which he underwent in Dr. Richmond's hospital in Coquille last Saturday morning. He will remain at the hospital until some time next week.

Perna Harris was down from camp over the week-end. Her daughter, Ileen, accompanied her back to camp Sunday evening and she plans to remain there for a week or more.

Mr. and Mrs. Randall Johnson drove out to Portland last Thursday night with their little two-year old son, who was suffering intensely with an infection in his throat and neck. They reached Portland by morning and placed the child under the care of a specialist, who performed an operation on him Monday. The little fellow is reported to be improving very nicely, though he will remain in the hospital there for a week. Mr. and Mrs. Johnson are staying at the home of Dr. and Mrs. H. E. Johnson, of Silverton. Both Dr. H. E. Johnson and Randall Johnson are sons of Mrs. Joe Nilsen, of this place.

Mrs. W. W. Kight accompanied her son, Walter, to Powers Sunday night. She plans to remain for a week visiting with her children there. Her sons, Walter, Ellis and Ansel, and her son-in-law, Shirley Hatcher, have employment in a camp there.

Game Law Violations

State Police Warren Cornell picked up W. L. Coy, of Marshfield, near Remote, last week for peddling fish without a license. He was fined \$100 by Justice Stanley here Saturday.

Another Coos Bay man, V. E. Henderson, of Millington, arrested for digging clams for commercial purposes, without a license, was fined \$100 by Justice Stanley. Mr. Cornell also filed the complaint in this case.

Ask for Cow Bell Dairy cream and milk, the only milk and cream made safe by pasteurisation.

MYRTLE POINT ITEMS

Junior Lever left Monday morning for his home in McMinnville, after a two weeks' visit with friends here.

Mr. and Mrs. T. D. Guerin, Mrs. Mary Holt and Mrs. Fred Lafferty and daughter, Janice, left Sunday morning for Oakland, California, where they will spend ten days visiting friends and relatives. Mrs. Holt will visit a son at Dunsmuir.

J. Hull returned to Myrtle Point Monday morning, after spending the week-end at Reedsport.

B. Newton, who is employed on the highway here, spent the week-end at his home in Dillard, Mrs. Newton and small daughter bringing him back Sunday evening.

Mr. and Mrs. Henry Huntley moved Sunday to Anlauf, where Mr. Huntley has employment for several months. Mr. and Mrs. Helby, from Roseburg, have rented the Huntley house and moved in Sunday afternoon.

Percy Leeper moved the last of the week into the Baker house on Fourth street.

Mrs. Paul Breuer and daughter, Paula, Mrs. B. Bennett, Mrs. Fish, Mr. and Mrs. Elmer Russell, Miss Helene Hughes, Mrs. Florence Guerin, Mrs. L. L. Sumerlin and W. H. Bunch, all of Myrtle Point, attended the funeral of Mrs. Child held in Coquille Tuesday afternoon.

Miss Geraldine McCulloch left Sunday for Eckley, where she will help cook in the Wm. Weekley camp.

Mrs. Elizabeth Bennett and daughter, Dorothy, returned to their home in Myrtle Point Tuesday evening, after being in Coquille several days, helping care for Mrs. Bennett's mother, Mrs. Child.

Mrs. Ernie Barklow was able to leave the Mast hospital Saturday and return to her home.

Jim Powers returned home the first of the week from Portland, where he attended the Oregon Funeral Directors' meeting held in that city Friday and Saturday.

Miss Helene Hughes is staying in Coquille this week, taking care of Mrs. Emma Lyons.

Mrs. William Lewis and two sons, of Arcata, California, are visiting this week at the home of Mrs. Lewis' mother, Mrs. Elizabeth Adams.

The V. F. W. and Ladies Auxiliary are arranging for the Memorial Day program to be given here next week.

Miss Agnes Cryne and Mrs. Agnes Courtwright arrived Monday and took over Tuty's Beauty Shop on Maple street and will have charge of it for the next two months.

Mr. and Mrs. Albert Spencer, Mr. and Mrs. J. A. Jones and two children, Clara and LeRoy, of Oakland, Oregon, and Mr. and Mrs. Roy Perkins, of Lookingglass, came in Tuesday to visit at the home of Mr. and Mrs. Charles Hoffman. Mr. and Mrs. Perkins and Mr. and Mrs. Jones and children returned home Wednesday. Mr. and Mrs. Spencer remained for a longer visit. Mrs. Hoffman is a daughter of Mr. and Mrs. Spencer.

Mrs. Hal Gilpatrick is confined to her home this week with an attack of flu.

Miss LaVaun Aasen came in from Ashland Normal Friday evening and spent that night at the home of her aunt, Mrs. E. F. Hoffman, going Saturday morning to her home at Arago. She returned to Ashland Sunday.

Lions Enjoy Ladies' Night

Ladies' Night, an annual affair of the Coquille Lions Club, was observed at the hotel Wednesday evening with more than 50 in attendance.

A jolly hour and a half was spent at the hotel where a dinner was served at 7:15, and the Lions and their ladies then adjourned to the theatre for the Geo. Arliss picture, "Disraeli."

Activity on the part of the fine-collecting tail twister furnished most of the hilarity. The Lions' rule is that there is no appeal from the tail-twister, but for this evening a court of appeals was set up, with Frank Pook, Henry Hese and Ray Jeub sitting on the bench. One of them also acted as prosecutor and another for the defense.

C. W. Gano was relieved from a fine for advertising, his placard reading that he was "a one-way jitney driver." The court believed his plea that he had never had any complaints.

But the usual verdict was that of "guilty," and the Lions' Scout Cabin Maintenance Fund was enriched to the extent of \$3.60 from the evening's homeplay.

Duck Not Harmed by Dog

Abenezzer, the pet duck of Geneva Agostino, was taken for a never-to-be-forgotten ride last Saturday when the Lorenz' bird dogs caught her. She and another duck were hunting for bugs in the deep grass near the house when the two dogs came upon them.

The white duck made one last quack as the dog grabbed her up in one gulp and then headed up the railroad track for home, the other dog trailing behind. A half an hour later the two dogs came back for the other duck, but were unsuccessful hunters and returned home with no game. Abenezzer was returned home later in the day unharmed, with the exception of a few missing feathers and palpitation of the heart.

Let Us Supply Your Picnic Requirements

Our stock is very complete and we appreciate having you look it over.

- 50 Heavy Embossed PAPER NAPKINS
- Cellophane Wrapped 10c
- PAPER PLATES, doz. - 10c

Council Met Monday Evening

At the council session Mayor Berg appointed a new park commission which was confirmed by the council. L. W. Claver was named as chairman, O. T. Gant, Tracy Leach and L. L. Bonney being the other members. Ray Jeub remains on the commission as member from the city council.

Sam Tuttle and Dick Slater appeared before the city's legislative board to request a revision of the ordinance regarding the sale of fireworks. It was pointed out that when fireworks can be sold just outside the city limits there was no object in forbidding their sale inside the city. The council, however, denied the request, evidently feeling that the state or county might take action to forbid sale of fireworks outside of municipalities.

Assistant Fire Chief Frank Schram reported that the crank case on the fire truck was cracked, and that it would cost \$35 to \$40 to have it welded. He also stated that a Ford chassis, for fitting up as a fire truck could be purchased for \$720, and asked what action the council wished to take. The fire and finance committees were requested to investigate the need of a new truck and submit a report to the council.

The PIERA project, submitted by City Engineer Stacer, was approved. This is the improvement of Athletic Park on which about ten men will be needed. It provides for the grading, back of the foul line fences for basket ball, volley ball, handball courts, and the construction of two toilets.

The project must be approved by the county planning commission before it is submitted to the state PIERA authorities.

Jos. Bognuda Here on Visit

Jos. Bognuda, of Ferndale, Calif., who was up here recently visiting Mrs. Bognuda at Arago, was considerably interested in the well being drilled across the valley, and came down a couple of times to visit it.

He told of a new mechanical contrivance, as yet but slightly known, which will enable the operators to tell with almost mathematical certainty what is beneath the earth's surface 100 feet or a mile down. We cannot describe the process, but it will enable its operators to tell what sort of substance, earth, rock or oil, through which a vibration between the termini passed by the length of time required for the wave's passing. Radio-activity will divulge the earth's secrets as well as transmit sound waves through the air.

Calling cards 50 for \$1.00.

Cougars Defeated Bandon

The Coquille Cougars defeated Bandon on the latter's field last Sunday, by a score of 19 to 5. Bandon was handicapped by not having some of her regulars. Manager McEair of Bandon used three pitchers in trying to stop the Cougars' barrage of hits.

Davis and Donaldson were the big sticks of the game, each getting four hits in five times at bat. Collier and Hansen made up the Cougar battery. Collier had lots of stuff on the ball, striking out nine men. Hansen caught a heady game behind the bat and has an arm that the opponents will learn to respect.

Jarvis and Helderstine made up the Bandon battery. Jarvis lasted about five innings. When the battery was changed in favor of Laird and Conn, the Junior League battery, Conn lasted two and one-half innings and was replaced by Wade, who finished the game.

The Bandon team will play the Cougars at Coquille, Sunday, May 27.

The state department of agriculture is responsible for the enforcement of 232 different laws and codes. Most of them deal with foods, production of foods, eating places and problems of sanitation.

Dr. Miles NERVINE "Did the work" says Miss Glivar WHY DON'T YOU TRY IT?

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles NERVINE which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nerves," if you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order.

Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.

At Drug Stores 25c and \$1.00.
