Miss Leona Paull returned from Portland Sunday evening. She attended the Rose Show and visited her sister, Winnie, who lives in Portland.

One of the Garoutte trucks was forced over the grade at the turn near the Marvin Shaw place Saturday morning. The truck was loaded heavily and was unable to stop before hitting J. J. Damron's car. The quick action of the driver, Howard Cullins, was the only thing that averted the accident from serious casualties. Mr. Damron had his car stopped when the

bump occurred and only suffered a broken bumper, fender and headlight as the truck sideswiped it going over the grade. The truck had several minor breaks but no one was injured seriously. The road is narrow and crooked and requires careful driving and excellent brakes for any cars travelling over it while the logs are coming out.

The annual school meeting was held in the school house Monday evening with well over a hundred present. There were eighty votes cast which means a large attendance for this district. The financial report showed Arago only \$40.05 in outstanding warrants, which seems an especially good record for these times. George Robison and Mrs. Ruth Shaw were re-elected as director and clerk.

Riverton News

Our community has been so saddened by the accidental and untimely death of Royal Fred Shelton, which occurred last Friday morning. Much of Fred's life has been devoted to helping others, lessening their burdens wherever possible. He seemed always on hand to aid, when it was needed most. It would have been impossible for one to have departed from our midst, whom we would have missed more than Fred. The community's sympathy goes out to the brother, George, and the sister, Mrs. Dave Perkins, of Redlands, California, the only near surviving relatives.

Crusaders Speed "Excitatoria" To Millions of American Citizens

Fred G. Clark
Commander-in-Chief of the Crusaders.

THOUSANDS of "excitatoria" are being dispatched throughout the United States today, from The Crusaders' national headquarters in the Pershing Square Building, New York, calling upon the people of the country to join in a new crusade for the protection of representative government.

Ancient Crusaders made effective use of messages of appeal which were known as "excitatoria" and were carried throughout medieval Europe by mounted couriers. The modern version of the "excitatoria" is being carried over the country by air-mail.

The Crusaders are men and women—Democrats, Republicans and Independents—who believe in sound government, and are militant for the rights and liberties guaranteed by the United States Constitution. Fred G. Clark, commander-in-chief of The Crusaders, states the purpose of the organization in the "excitatoria" as follows:

- "To preserve, protect and defend the Constitution of the United States and a truly representative form of Government."
- "To fight vigorously any attempts to have the majority of Americans ruled by organized minorities seeking special advantages."
- "To oppose any violation or distortion of the Constitution to achieve various objectives in our governmental, economic and social systems."
- "To resist any so-called 'plan-

ned economy" which involves complete control of industry by Government and regimentation of the American people.

- "To stand firm against any drift or drive toward Fascism, Communism, or Socialism."
- "To fight for sound national credit—sound money, in which the people have confidence—and a balanced budget."
- "To insist that Government enterprise stimulate and not supplant private enterprise."
- "To wake up America so that intelligent thought and action based on experience is exerted to shape the future of our country."

The Crusaders originally organized to fight for repeal, but in their new crusade, they are enrolling members anew, membership carrying no financial obligation. Mr. Clark states that it is hoped that more than 1,500,000 members will be enrolled.

Lose Fat This Summer—Keep Cool—Look and Feel Younger

Mrs. Jessie Martin of San Francisco is happy because she has discovered the right, safe way to reduce—read her letter:

"I have taken Kruschen Salts a month and find great benefit. I have lost 14 lbs. in that time and would lose more if I stuck to a diet as I should. I take them every morning regular and hope others will profit by them as I have."

We have letters from men and women who have lost as much as 100 pounds of fat—from people who have reduced high blood pressure—from folks who have no more bloating or shortness of breath.

Kruschen helps stomach, liver, bowels to function properly—increases physical attractiveness—all while losing unhealthy fat. Just take a half teaspoonful in a glass of hot water every morning before breakfast—get it at Fuhrman's Pharmacy and druggists everywhere.
