**4-H Clubs Completing
Their Year's Work**

Three 4-H clubs were assisted in completing their organization during the past week by L. J. Allen, assistant state 4-H club leader, who was working with County Agent Jenkins during this time, and tentative plans were made with several other groups of boys and girls expecting to form clubs.

The Coquille Valley Dairy club was re-organized for work this year with H. S. Cadman of Coquille as leader. Mr. Cadman has been leader of this club for a number of years and is recognized as a very successful leader throughout the state. Leonard Farr, of Coquille, was elected president of this group and Ralph Hermon, of Bandon, vice president. Vernon Trigg, of Norway, will act as secretary-treasurer and George Wilson, of Coquille, who was a member of the club several years ago and later in Smith-Hughes work, will serve as assistant leader. Other members of the club include Sidney and Teddy Cadman, Coquille; Frank and Donald Trigg, Norway; Ernest Davenport, Phillip and Eugene Bartlett, of Myrtle Point.

The Coos River Dairy club, sponsored by the Coos River Grange, and assisted by Lyman W. Patton, principal of the school, has completed its organization of a standard club. Dell Brunell, of Coos River, who has had several years' experience in 4-H club work, will serve as leader of this group. Donald Smith, of Coos River, was elected as president and Kenneth Smith, vice president. Clyde Geisert, of Coos River, was elected secretary-treasurer. Other members enrolled are John Hughes, John Rice, Neil Barnes, Clark Rook, Marshall Summers, Fob Rook, Thomas Summers, Elbert Davis and Karl Clinkinboard, all of Marshfield.

The re-organization of the Norway Pig club, with H. S. Cadman, of Coquille, as leader, was also completed at the meeting of the members of the Coquille Valley Dairy club. Donald Trigg, vice president and Frank Trigg, secretary-treasurer. Other members of the club include Sidney and Teddy Cadman.

may be operated in Coquille to thirty, half manual and half automatic. Young people under 18 years are forbidden to play the machines, and penalty for violations of the provisions were set at from \$10 to \$200. The license fee for manual machines was fixed at \$30 a year and for automatic at \$60.

The next day E. M. Bush, who has the entire right to place machines in the county, outside of the cities, paid Recorder Leslie \$337.50 as license fees on the entire 30 for a three month period.

Upon the request of J. E. Norton, president of the Chamber of Commerce, for city co-operation in cleaning up the waterfront, tearing out the old docks and piling, and replacing it all with a floating dock, the mayor appointed Councilmen Jeub, Medley and Seeley to investigate and work with the Chamber of Commerce. It is hoped to make it an SERA project. Mr. Norton stated that many cities capitalize their river frontage by making it most attractive but that the worst impression a stranger gets on entering Coquille is the unkempt and disorderly condition of its waterfront.

The application of Jack McCarthy for a dance hall license and Saturday night lease of the Community Building for dances, from May 18 to August 18, was laid on the table till the next meeting.

Mrs. Bonnie Walker was granted a restaurant license for the Tip Top confectionery. A. O. Walker and Keith Leslie were sureties on her bond.

The mayor and recorder were instructed to sign for the city the easement which the Standard Oil company has given through its property for the water line to the Russ estate across the river.

City Engineer Stacer reported that if SERA labor was available, the work of resurfacing the streets which were torn up for the new water line on Front, Willard, First and Taylor streets, would be started the first of next week.

The council authorized the light committee to have a white frosted globe installed beside the red police light, so that the police call can be more readily seen both during the day and at night. Such a system has worked well in North Bend.

The marshals were instructed to see that log hauling trucks use only the streets named in their licenses which is along the highway within the city limits. Permits are also to be required from the operators who have been logging at Fairview and are using Tenth street past the school house. A bond in the amount of \$1000 is required to indemnify the city for damage to the pavement.

On state highways the permit is granted by the Public Utilities commission.

Mill at Arizona Inn Burns

Fire Saturday evening destroyed the sawmill owned by Ray Hyde at Arizona Inn, along with a logging truck and two cabins. Sparks from the slab pile igniting the gas tank of a car near the mill were said to have caused the blaze. CCC troopers from Brush Creek and the Port Orford volunteer fire department helped to save about 75,000 feet of logs. The mill had a capacity of about 25,000 feet a day and had been cutting cedar for the Evans company at Marshfield.—Western World.
