Cecil Elwood will be the favored one of the Farr & Elwood organization to enjoy this wonderful free trip with the Sperry Special and will leave here for San Francisco on June 17 to join the other winning Sperry dealers in the 3000 mile trip to Mexico City and many other famous spots of Old Mexico.

### Junior-Senior Banquet

The Junior-Senior banquet held in Pioneer Hall last Friday evening was one of the most pleasant affairs ever held for such an occasion. There were well over one hundred members of the two classes and the faculty in attendance. Supt. P. W. Lane made the principal address of the evening. Various members of the classes also responded to toasts.

The cane, whose passing from the senior to the junior class, is always a ceremony, had additional interest this year. The custom of decorating the cane with the class colors, started back in 1914, the year Mrs. Roy Neal graduated. She was then Imogene Alexson, and the colors were blue and gold. This year her daughter, Gretchen Neal, is one of the graduating class, and the class colors are blue and silver.

Some of the ribbons on the cane are rather tattered and torn and it has been suggested that in 1939, the quarter of a century anniversary, that Mrs. Neal and Pete Miller, also a member of the 1914 class, should be invited to the Junior-Senior banquet and tie the fresh ribbon on the cane.

The same evenings, May 29 and 30, Frank's Little Wranglers, who have been starring over KOOS and are booked for a tour north to Puget Sound, will appear in person on the stage. It is an all-star cast of entertainers, the program consisting of singing, yodeling, and instrumental music.

National Bankers Association  
Pressing Active Steps to  
Protect Members—  
Losses Cut

Imprisonment or death of many desperate bank criminals the past year has brought no appreciable reduction in attacks on banks, James E. Baum, in charge of the American Bankers Association Protective Department, has reported to his organization.

In the six months ended February 28, 1935, he says, banks were targets for 169 daylight holdups and 40 night burglaries. He added that although banks that are not members number only about half those enrolled in the association, they suffered a far greater rate of attack, namely, 51 per cent of all the bank robberies committed during the period.

Losses Show Decrease  
During the period under report, bank burglars and bandits exacted tribute amounting to \$943,551 compared with losses totaling \$1,257,000 a year ago, he said. This reduction in losses is attributed to the time-locking restrictions and other limitations in the exposure of surplus cash imposed last year by underwriters and several bank supervisory authorities.

The sharp reduction in the material loss of money and securities resulting from bank robbery this year was overshadowed by the killing of 2 bank employees, one bystander and 5 arresting officers, and since last August bank robbery also cost the lives of 15 criminals and caused physical injuries to 10 bank employees, 12 bystanders, 9 arresting officers and 5 bandits, a total of 62 casualties.

Investigations by the association's agents resulted in the arrest of 36 forgers, 42 bandits and one burglar, or 79 of the 141 bank criminals reported as being apprehended during the period.
