Is An Unlicensed Company

Representatives of the Pacific International Health Association of San Francisco are reported to be actively soliciting business in Oregon, according to the office of Hugh H. Earle, Insurance Commissioner. The Pacific International Health Association is not licensed to do an insurance business in this state and any personal solicitation is unlawful. Commissioner Earle states that a warrant has been sworn out for the arrest of one representative, and anyone having information which will lead to the apprehension of others should contact the state police or insurance commissioner.

Club Notes and Other

Social Activities

The Powers chapter of O. E. S. entertained a number of visitors from other county chapters last Friday evening, those going from Beulah chapter being Mr. and Mrs. A. N. Gould, Mr. and Mrs. W. V. Glaisyer, Mr. and Mrs. Lefe Compton, Mrs. C. A. Rietman, Mrs. Willard Bosserman, Mrs. Wm. Mansell and Mrs. Harry Godard.

On Saturday of last week, Mrs. L. H. Hazard and Mrs. Jack Sercomb, formerly Miss Adrienne Hazard, entertained with a dessert lunch, about a dozen of Mrs. Sercomb's friends, who spent a most pleasant afternoon with needlework and visiting. Mrs. Sercomb being in town for a brief stay only. Among those enjoying the occasion were Mrs. Harry Slack, Mrs. Arthur Berg, Miss Harriet Gould, Miss Kathleen McClintock, Mrs. A. L. Beck, Mrs. C. A. Rietman, Mrs. Muri Pettit, Mrs. M. Earl Wilson, Mrs. Lucky Bonney and Mrs. Geo. Jenkins and the latter's mother, who is a visitor in the city.

The J. G. W. Club members are being entertained at the home of Mrs. A. N. Gould today with a twelve o'clock lunch, the assisting hostesses being Mrs. Ed Lorenz and Mrs. M. O. Hawkins. Following lunch the ladies indulge in various sorts of needlework. Members expected include the following: Mesdames Skeels, H. Lorenz, Smith, Geo. Lorenz, Folsom, Sanford, Roa, Fuhrman, Young and from Marshfield: Mesdames Endicott, Johnson, Lyons, Jennings, Liljeqvist and Parker.

Mrs. L. H. Hazard and Mrs. Roy Wernich were joint hostesses on Tuesday, to a large company of ladies, for dessert lunch, at the home of Mrs. Wernich. Both cards and sewing were features of the afternoon's entertainment, the latter being enjoyed on the lawn, where native shrubs and flowers have been attractively arranged. Indoors the spacious rooms were artistically decorated with roses, sweet peas and a profusion of yellow summer chrysanthemums, with the dainty Cecile Brunner roses adorning each small lunch table.

At contract bridge, Mrs. Henry Hartley scored high, with Mrs. Louis Charneski second and Mrs. Arthur Berg scoring low. Invitations for the occasion were extended the following: Barton, Ulett, Berg, Booben, Emory, Stewart, Chaney, Thomas, Annie Robinson, Davis, Bradford, Bryant, Charneski, Watson, Pearl Ellingsen, Hess, Lefevre, Geo. TRENDS FAVORABLE IN STATE BANKING

Recent Figures Indicate Large Increases in Deposits and Invested Funds

Improvement in the condition of state banks in almost every respect during 1934 is shown by statistics recently assembled. Robert M. Hanes, President Wachovia Bank and Trust Company, Winston-Salem, North Carolina, points out in an article in "Banking" published by the American Bankers Association. The figures on which this statement is based were gathered by the Committee on State Bank Research of the association from reports furnished by state bank supervisors throughout the country.

"Ever since 1921 the number of state banks has been declining," Mr. Hanes says. "Between 1931 and 1934 the decline was rapid. Figures for December 31, 1934, showed that the downward trend has not yet ended, but the decline last year was the smallest in twelve years."

There are now, he says, about ten thousand state banks, which term includes all state chartered institutions with the exception of mutual savings banks. The article continues:

"Even more significant was the ending of the decline of deposits in state banks which had been going on since the collapse of the stock market boom in 1929. In recent years for which figures are available the drop has been particularly abrupt. Total deposits in state banks declined from \$30,395,742, 000 on December 31, 1931, to \$15,424, 823,000 on December 31, 1933. The record for 1934 shows a recovery to \$17, 508,766,000 at the year-end.

Significance of Increased Deposits

"It is particularly gratifying to note the expansion of deposits, since it was their decline which made necessary the liquidation of investments, the calling of loans, and all the other phenomena which go under the name of 'deflation' and have brought banks so much criticism in recent years. It is now plain that this was due to efforts of the banks to place themselves in the possession of enough liquid assets to meet the growing demands of depositors for the return of a part of the money which had been placed on deposit.

"That this is true is borne out by the movement of invested funds of state banks, which has paralleled that of deposits. These invested funds (loans and discounts plus investments) for state banks, dropped from \$30,291,320,000, at the end of 1931, to \$14,915,773,000 at the end of 1933. By December 31, 1934, however, they had recovered to \$15,769,510, 000. All of this gain is accounted for by the increase in investments during 1934, the expansion amounting to approximately \$1,300,000,000.

"As for loans and discounts, they registered a slight drop again in 1934, but the rate of decline was much smaller than in previous years, which in itself is progress. Whereas the drop in loans and discounts amounted to approximately \$3,300,000,000 in 1932, and to approximately \$1,300,000,000 in 1933, it was less than \$500,000,000 in 1934.

"In another respect the balance sheet figures for December 31, 1934, were especially impressive. Bills payable and rediscounts of the state banks, which at the end of 1932 had reached a depression high of \$665,709,000, had dropped by the close of last year to the low figure of \$32,101,000. One must search the records as far back as 1917 to find bills payable and rediscounts of state banks at a lower figure. Moreover, it is reasonable to expect a further reduction of such borrowings during the current year."

TO FOIL BANK CROOKS

NEW YORK.—The American Bankers Association Protective Committee has developed a plan of bank inspection to bring out exposure hazards or weak spots in respect to attacks by criminals based on its long-established, nation-wide experience in investigating bank burglaries, holdups and sneak thefts.

The inspection covers eighty leading questions and seventeen recommendations which are instructive in the prevention of such crimes. These relate to such subjects as the use of alarms and other protective equipment, also the condition of windows, doors, skylights and other entrances which have facilitated the early morning entry of bandits who kidnap bank employees from their homes during the night, or break into the bank premises and bind and gag the employees.
