moved here from New York.

Dr. and Mrs. Robert McCune and son returned Sunday from a month's visit in Chicago.

Mrs. Houck and children have arrived from Wisconsin to make their home while Lt. Houck is stationed at the China Flats camp.

Saturday morning three trucks left China Flats, taking about sixty of the boys on a week-end trip to Crater Lake. Their cooks and food supplies were taken from here and they camped at the CCC camp at Crater Lake. Everyone reported a wonderful trip. Lt. Houck, accompanied by his wife, was in charge of the caravan.

Stallard, Sr. The bride received many beautiful gifts from the following friends: Jane Thomas, Helen Rovang, Alyce Kay Roberts, Kathryn Quilbaugh, Leona Stallard, Helen Stallard, Mesdames Clarence Conger, Clyde Allen, A. Committee Considers Traffic, Paving, Other Matters

(Continued from Page One)

Mr. Shelley wanted information as to paving the parking on the west side of Hall street, between the Sate-way corner and the city hall, to allow greater parking space. He was advised to confer with Geo. Burr, owner of the former Rose property, the city engineer and the street committee to see if some plan could be worked out for an improvement similar to that in front of Dunham's, the Coquille Machine Shop and the Geo. Burr Motor Co.

Mr. Shelley also suggested that outside truck people should maintain a depot for loading and unloading freight, thus relieving congestion on the business streets to a certain extent.

The committee which will meet with the council in a short time to prepare the city budget for 1936 was named, to consist of Dr. C. A. Rietman, Alton H. Grimes, L. H. Hazard, A. O. Walker, C. J. Fuhrman and J. A. Lamb.

It was ordered that a contract be made with Teal, Winfree, McCulloch and Shuler to prepare the proceedings for an election to be held to vote on the question of refunding outstanding fund warrants, which bear six per cent interest with a bond issue at a lower rate. The bond attorneys offered to do the work for \$150, and give an approving opinion of the bond's validity. It might cost the city much more than that if they refused to approve the legality after the election had been held and the bonds authorized. No financial institution will purchase municipal bonds of Oregon without that firm's approving opinion.

J. P. Williams, who had secured the consent of four councilmen to erect a canvas-covered framework where he could sell fruit and vegetables for a couple of months, was given permission by the council. Mr. Jeub, who voted neither for nor against the request, stated that he was opposed to allowing anyone to come in and skim the cream off a business for a short time in competition with business houses which take the bitter with the sweet, stay the year round, pay taxes, and help with the city's development.

Coos County Fair at Myrtle Point Next Week

(Continued from Page One)

Information about the fair is clipped from the Myrtle Point Herald:

Once more everything is being put in readiness at the Coos County Fairgrounds for a splendid exhibition of produce, stock, fancywork and all the many things which the crowds attending the Fair are always eagerly looking forward to seeing. Last minute preparations are underway and Myrtle Point is in a fever of excitement for opening day to put in its appearance.

The center of all activities is the Fairgrounds itself. There horses are arriving daily. Stalls are being reserved in feverish haste, for this year's races promise more thrills than ever before and more actual fun will be gained this year since betting is not only legalized but well understood by fair visitors and the former practice of slipping around behind the stables to place your bet with some slicker has been legally eliminated. Pari-mutuel betting has become a definitely established order of the racing meet.

Thirty stalls have been reserved for race horses and entries have been docketed from all sections of the state.

A musical feature of the fair will be the appearance of the Marshfield High school band which will be on hand in uniform at the fair all day Friday.

Further entertainment will be provided by the Browning Carnival company.

A log bucking contest, pet parade for school children under eight years of age, bicycle races all three days and a grange pageant contest Friday afternoon between races are only a few of the many reasons for coming to this city next Thursday, Friday and Saturday, Sept. 12, 13 and 14.

The Hobi Airways of Eugene will again have a plane here to provide those air-minded with an aerial view of the scenic beauties of this section.

Rasmussen Given Eight Years

John Rasmussen, of Bandon, pleaded guilty in circuit court here Tuesday to the charge of rape. Judge Brand sentenced him to eight years in the penitentiary.

Sentence of Everett L. Simpkins and Leonard Calder, arrested in Eugene as they were attempting to sell the loot they had stolen from Dr. Garner's home in North Bend, will be imposed on September 18. The sentences imposed on Cecil Langdon and Vernon Kerus, for grand larceny and receiving stolen property, were suspended by Judge Brand Tuesday, and they were placed on probation for five years.

A Strike Means Loss for Everyone, Always

(Continued from Page One)

men employed, if that ends it. But these organizers, these racketeers from the outside, will not stop with this small success. If they can tie up all industry in Coos county they will have reached their goal—that and accepting secret money for calling off the strike.

Does anyone ever win a strike? Not in a thousand years. The employer loses and is less able to pay wages and is a long time in recovering from the loss of business. The laboring man loses for he can never work on those days that he lost. They are a part of the dreary past which he would gladly forget. The merchant who supplied him with subsistence cannot, and keep ahead of the wolves, extend him credit when there is no pay day. It's a cash basis right now for the striker and his dearest ones—and there is no cash.

Too often the honest American workman is bamboozled by these missarles of communism. To strike or increased pay seems such a simple way of enjoying a more luxurious life, but wages cannot be increased beyond industry's ability to pay and he days of idleness stretch into weeks and months, and the roseate whispers of the agitator become a stench in the nostrils.

No one questions the rights of labor to organize for its own protection, but to listen to the paid disciples of communism, who would make a Russian soviet of the United States, of Oregon, of Coos county, or of Coquille, is to court disaster.

Every employee, every place of business should consider the disadvantages as well as the doubtful advantages of signing for a union whose sponsor's sole idea is to cripple and annihilate the business which is paying the wages.

Coquille has always been free from the curse of the agitator. Let us keep it so.

County W. C. T. U. Convention

The annual convention of the Woman's Christian Temperance Union of Coos county, held in the Church of Christ, Coquille, Wednesday was well attended by delegates from the local unions of Coos Bay, Bandon, Myrtle Point, Arago and Coquille.

A gain of 35 per cent in membership was reported for the county, with Coos Bay carrying off the prize of a subscription to the Union Signal or the greatest percentage of gain.

Educational helps have been placed with libraries, Sunday schools, teachers, ministers and with Woman's clubs for radio broadcasts.

Departments featured this year in programs included, Peace, Temperance and Missions, Social Morality, Alcohol Education, Medical Temperance, Legislation, Institutes, Children's Farm Home, Evangelistic, Tower Mission and Radio.

Officers re-elected were Mrs. C. C. Farr, president; Mrs. Frank Leslie, Coquille, corresponding secretary; Mrs. D. Loree, Bandon, recording secretary, and Mrs. Wm. Phillips, Marshfield, treasurer, with Mrs. A. V. Peterson, of North Bend, replacing Mrs. Georgia Richmond as vice president. By virtue of their offices all of the officers, with the exception of Mrs. Peterson, are delegates to the state convention. Mrs. Peterson was elected delegate-at-large from the county with Mrs. Richmond as alternate, making the complete quota of delegates to go to Corvallis Oct. 28-31.

The national convention is now in progress at Atlantic City, with Ida B. Wise, president, presiding.

Rev. W. Raymond Wilder, of the Pioneer Church, brought a fine devotional service in the afternoon, giving help and inspiration to all present. Mrs. Ada Jolly, of Portland, state president, conducted the election of officers and gave an inspiring address in the afternoon.

The next Institute will be at Coos Bay in November.
