Coos County Library Association at Bandon Tomorrow

The annual meeting of the Coos County Library Association will be held in the Presbyterian church in Bandon, tomorrow, Sept. 14. All library board members and patrons are requested to bear the meeting in mind and attend if possible.

Miss Harriet Long, state librarian will be present and make a talk. The program announced will be as follows:

Brief report of year's work by librarians.
Book review, Mrs. Fred Schepman.
Talk, Miss Long.
The following questions have been submitted for discussion:
How long should the laws and reports from the state be kept?
What is the best way to get publicity for new books, reading courses, and gifts to the library?
How far should one follow the demands of the public in the selection of books?
What is the best way to handle the problem of lost books, fines, and the books taken in place of fines?
How long should books that are only occasionally called for be kept on the shelves when the space is needed for other books?

Legion Installs New Officers
The joint installation of the Coquille American Legion Post and the Legion Auxiliary was held in the Legion Home, Monday evening. Ray Jeub, district deputy, acted as installing officer in setting the following in their official positions:
Com.—C. P. Zumwalt.
Vice Com.—L. A. Burtis.
2d Vice Com.—L. Charneski.
Adj.—F. F. Schram.
Fin. Officer—Fred Koonz.
Sgt. at Arms—D. E. Rackleff.
During the evening Miss Muriel Dae rendered a number of most pleasing violin selections, accompanied by Mrs. Maul Woodyard at the piano.

Doctors Going to Gearhart
The sixty-first annual session of the Oregon State Medical Society will be held in Gearhart on Sept. 19-20-21.

Townsend Club Formed at Fairview Saturday

Under the direction of Paul Walker, president of the Coquille Townsend Club, a new organization was formed at Fairview last Saturday night. One of the largest crowds in years assembled at the community hall for this purpose, and a rousing meeting was held. Music furnished by a six-piece orchestra was much enjoyed by all.

Officers for the new club were elected as follows: president, Lans Leneve; vice president, Bette Yeoman; secretary, Lloyd Teagarden, and treasurer, Mrs. Manda Johnson. Mr. Walker presented a short talk on the security act and its effect, an outline of the Townsend plan, and how the Townsend clubs would work for the passage of the Townsend bill next election.

An interesting slant on belief in the plan was presented by Mr. Robertson, who explained the difference between being converted to the Townsend plan and being convinced that this plan is the only solution to the economic problems of the day. Mr. Baker, president of the Myrtle Point Townsend Club, gave an interesting talk concerning the selfish viewpoints taken by some of the Townsendites. The plan is not for just a chosen few, but it is intended to benefit all mankind.

A report from the membership committee stated that the club now has sixty-six members, and many more have expressed the desire to join.

President Lans Leneve addressed the group and promised that the Fairview club would be one of the finest organizations yet to be launched in behalf of this great plan. Mrs. June Walker entertained the audience with two solos, one of which was a special Townsend song, written for the occasion. Mrs. Walker was accompanied at the piano by Miss Edythe Woodward.

President Leneve called a meeting for September 21, at 7:30 p. m., at the community hall. The delay in holding this meeting is due to the fair, which takes place this week. Refreshments of sandwiches and coffee were served by the ladies, and the rest of the evening was spent in dancing.

Many Items of Interest

About Coquille Schools

Public School News
Registration in the Lincoln school totals 197 which is an increase of 15 over the enrollment of one year ago. In the primary there are 35 in Grade 1, and 34 in Grade 2. In the Junior High school there are 43 in Grade 6, 41 in Grade 7, and 41 in Grade 8.

Junior High school football started off with about 20 boys turning out. Mr. Sayre is coach for football this fall.

The student body ticket sale is to be held this week. The girls are competing with the boys for the highest percentage of tickets sold. The girls are under the leadership of Joy Norton and the boys under Marvin Goodman.

Mrs. M. Earl Wilson delightfully entertained the Washington school faculty, over the week end, at her cabin at Laurel Lake. The time was very pleasantly spent in swimming, hiking, picking huckleberries and boat riding. Mr. Chaney took the group for a ride in his sail boat. He explained how the ship was made and how to steer it. Those present were Mrs. Walton, Misses Rosabel Shone, Leta Wallace, Helen Stanbrough, Margaret Ann and Helen Wilson and the hostess, Mrs. Wilson.

The Washington school has been very fortunate in having several visitors since the opening day of school. The visitors are as follows: first grade, Mrs. Carillo and Mrs. Mable Laird; second grade, Mrs. Orvin Gant and Mrs. E. A. Walker; third grade, Mrs. Ray Brown; fourth grade, Mrs. Cunningham; fifth grade, Mrs. Dora Culbertson and Mrs. Mabel Whereat.

The fourth grade in Miss Ellingsen's room is traveling to foreign countries in geography study. The children are making collections of pictures showing the various ways of travel. Along one side of the room they have hung many attractive pictures of boats and other means of transportation dating from the earliest days up to the modern ways.

The fifth grade are studying "Men of Long Ago," in history and are outlining their stories in a notebook and illustrating them with pictures. Some very good pictures of Socrates, David, and Homer have been brought and these pictures do a great deal to keep up and furnish more interest.

The boys and girls of Miss Stanbrough's class have organized a health club known as the "Wide Awake Health Club." The object of the club is to promote better health which will result in few absences and better work at school. Robert Hicks is captain of the boys' team and Mildred McCarthy is captain of the girls' team. So far the girls are ahead in the contest.

The following third grade pupils have 100 per cent in addition facts: Jane Munro, Sherman Gregory, Mildred McCarthy, Herbert Allen, Jim Gaffey, James Bunch, Gordon Lawrence, Billie Caughran, Gwendolyn Elrod, Gerald Ulett, Phyllis Litzenger, Ardella Shelley, Shirley Snyder, Grant Thurman, Jack Stevens, Maxine Higgins, Ronald Williams, and Annabelle Vadsnais.

The fourth grade, Mrs. Walton's room, are inviting their parents to listen to their radio broadcasting at nine o'clock. Special news items of interest are gathered and the Weekly Newspaper is broadcast by different announcers. Special interest at present is the gathering of names of poisonous plants. This is to insure safety for future happiness. The room is full to capacity but teacher and pupils like that.

All rooms from grade 2 to 5 have signed up with Book League in connection with the State Library. This league gives a certificate to each child who reads one book, on a given list, each consecutive month for eight months. Last year 107 students were awarded certificates.

Five students have entered school this week, bringing the Washington school total to 210.

News of Coquille High School

Latest registration figures for Coquille High school show a total of 280 students, comprising 131 boys and 149 girls. Class enrollments are as follows: freshmen, 70; sophomores, 83; juniors, 70; seniors, 50; post-graduates, 7. The total enrollment is approximately the same as that of last year.

The student body ticket sale marked the beginning of student body activities. Tickets were placed on sale Tuesday morning, and rivalry between home rooms and classes is most intense. A very delectable prize is being held out to the home room which wins, and points toward the interclass rivalry cup will be awarded the class that succeeds in selling the highest percentage of tickets.

Football forms the major topic of conversation among the students, and all seem enthusiastic over the coming season. Kenneth La Branch, from Myrtle Point, forms a new 220 pound addition to the backfield. The boys and their coach, Principal Hartley, are anxiously awaiting the first game, September 28, to be played

with Myrtle Point on the Myrtle Point field.

The different departments of the high school report well started units and plans in all fields. The home economics department shows the largest percentage of increase in enrollment because of the new classes started this year in science and art as applied to the home. The girls are very pleased with their renovated department containing the six central units, two new electric stoves, and the eight electric plates.

The addition of physics to our high school curriculum has likewise created much interest among both boys and girls. The new laboratory equipment is enough to awaken interest in any scientifically-minded student.

The Smith-Hughes boys have been busy this week with arrangements for exhibits at the County Fair. The high school will be very disappointed if the boys do not win their customary amount of blue ribbons for first places and red ribbons for second places.

New Primary Teacher

Due to a large increase in the number of first grade children the board of education voted at their meeting on Tuesday to employ another teacher. Superintendent Lane has secured the services of Miss Vesta Miley, of Portland. Miss Miley is a graduate of the Oregon Normal and has done additional work at Oregon Tech. She has taught in the Hill School in Portland. Parents of children in the first grade who live south of Eleventh street and are now attending the Lincoln school are requested to transfer their children to the Washington school. All first grade children will now be offered greater educational opportunity because of the board's action.

\$25 for Car Collision

Everett S. Higgins, of Leneve, was fined \$25 in Justice Stanley's court this week because of a collision at the city hall corner here Monday evening. Higgins was not driving but he assumed responsibility. His car was coming from the south and did not observe the "slow sign." Frank Thrift traveling west on Second in a Mt. States Power Co. car, had the right-of-way but jammed on his his brakes when he saw the other car come through. He hit it on the right rear, without serious damage to either car.

The stories told by those who quickly gathered did not come out at Higgins' hearing.

First Coquille Game at

Myrtle Point on Sept. 28th

(Continued from Page One)

wings; while Jack Clinton and Francis Arrell, tackles; Ernie Detlefsen and Dudley Walton, guards; and Don McClellan, center, finish the wall. The lettermen in this group include the back other than La Branch, and Barton, Clinton, Arrell, Detlefsen and McClellan. All, of course, did not see regular, steady play last season.

Among the other strong candidates are several men who may press into the initial squad. Lynn Richardson is a boy who can be used at guard or tackle without altering his effectiveness. Two others, Ken Waggoner, end, and Curt Williams, half, are strong prospects despite slight drawbacks. Waggoner is rather light, while Williams, though fast and plenty nifty, has shown a tendency to fail to grasp fundamentals. Jim Richmond may put up a battle for a guard position.

Rounding out the roster are Bill Walker, center; Benny Holverstott, guard; Preston Moy, tackle; Bob Hurrell and Ralph Fuhrman, ends; Lynn Perrott, half; Dick Walker, quarter; Harold Neal, full; and Douglas Donstead, Gene Wade and Roy Halter.

The Red Devils open their season at Myrtle Point on September 28. In this game they will face more than the usual starting test for the Bobcats are already doped as the team to beat this year. Such is the story, but with the 1935 Red Devil regime going along at a spirited pace they might easily assume the dope upsetting or giant killing role.

County School News

4-H Club members enjoyed a program at the county fair this morning. A style revue, presentation of winners in Health Club and home economics demonstration made up the program.

Those interested may possibly have an opportunity to taking up extension work through the state system of higher education. Mozelle Hair, secretary for the extension division, spoke before teachers in Coos county last week and considerable interest was shown. Current literature and some phase pertaining to the political sciences seemed to be the most popular themes. The details have not been worked out as yet.

The Prosper school will not open until September 30. This is allowing

the district ample time to make the repairs. As far as has been ascertained, all other schools are running at this time.

SHELL KEROSENE GIVES MORE HEAT AND IT DOESN'T GET US SO SOOTY!

Are you ever bothered by fouled wicks... too much soot... and an irregular flame? And you don't get the proper amount of heat?

Then change to Shell Kerosene. It's more carefully refined than ordinary kinds. The wasteful impurities are taken out. It burns clean—with a hotter flame. Naturally you use less—and save money.
