Riverton News

The Smith-Hughes boys under the able direction of Mr. Iliff, have been judging cattle throughout the valley this past week and have been at the Coos County Fair since Wednesday, watching the cattle and sheep judging there. They judged the Jerseys belonging to Joe Nulf in addition to the Holsteins on the Joe Milani ranch at Arago. The Riverton Smith-Hughes project is one of the seven new ones started this year in Oregon. Because the boys have had such fine background of farming, they are making a very fine showing. Their judging team consisted of Glenn Church, Ralph Herman and Henry Edgmon, with Melvin Ward, substitute.

The hills in the north end of town have been a great mass of fire this week as Joe Nilson burned his slaying. The sight is very beautiful at night as the bright lights from the fire look like a thriving city.

Mr. and Mrs. Howard Steward, of Coquille, were guests of Mr. Seward's parents, Mr. and Mrs. George Steward, this week following their return from the state fair at Salem.

Mrs. Sturdivant, of Bandon, is visiting her nephew, Alton Kay, this week.

Ileen Harris, president, brought the first student body meeting to order Thursday. She outlined the activities in store for the students this year as being an operetta, senior play, student body play and regular community gatherings. The freshman initiation will come a week from Friday evening, Sept. 20. A complete and very able "Chanticleer" staff was appointed, under the editorship of Evelyn Miller filling the place of Frankie Morris, elected editor, but who has not enrolled yet. The new gymnasium will be in readiness soon for athletics and other activities. It will contain a room for the Smith-Hughes department with space sufficient for all types of farm machinery. A kitchen will also be provided for a community cooking and school work.

Miss Esther Wilson is spending the winter with her sister, Mrs. Art McMillan, of Powers, and she has entered the Powers high school as a junior.

Mr. and Mrs. Andy Parks have purchased a new Dodge pickup truck. Mr. and Mrs. Ray Surcamp and sons, Jack and Myron, spent last Sunday at Bandon beach.

Miss Virginia Page, of Coquille, spent last week-end with Audrey Judd, at her home in Fairview.

Last week Mrs. Lloyd Teagarden was confined to the Coquille hospital for two days due to illness. She returned to her home in Fairview on Wednesday of last week and has been steadily improving since that date.

Mr. and Mrs. Irwin Whobrey and daughter, Marlene, were the victims of the slight automobile accident in Marshfield last week-end. Though none of the participants were seriously injured, the other party proved to be a "hit and run" driver who left the scene of the accident immediately. Mr. and Mrs. Whobrey and Marlene returned to Fairview Sunday evening.

Jack Saylor, who suffered a broken arm last spring, had the misfortune to crack his arm again recently. The injury, though not serious, is very painful.

Mrs. Lew Sonneland has been visiting relatives in Amity for the past few days. She was called to that place by the illness of her mother, who is much better now. Mrs. Sonneland may bring her mother with her when she returns to Fairview.

Mrs. Edith Woodward, of Arago, is here to be with her daughter, Miss Edythe, during the school term. Miss Woodward is principal of the Fairview school.

The Coos and Curry County Fair will be attended by many Fairview and North Fork residents this year. The Fairview-North Fork Grange, No. 739, has a booth on the grounds, which is under the direction of Mrs. Nita Neal and Walt Norris and should be one of which the grange can boast.

Mr. and Mrs. Chas. Holverstott have received word from their son, Curtis, who is now on the USS Long, destroyer, that he is striving for a rating in radio. Curtis joined the navy in the spring of '34 and is thinking of signing up for two more years after his enlistment has expired.

Fishermen have been patronizing the upper North Fork the last few days. Now that the hunting season will soon be open, the sportsmen will come in greater numbers to enjoy Fairview country.

The article printed several issues back concerning the homing pigeon seen by one of the local residents, has caused a great deal of comment among valley folks and people from the outside as well. Further identification of the bird has not been made as yet, but the lady who found the bird is still in hopes that it will return to pay her a third visit.

The logging trucks at the local camp are using both the new road and the old one now. Dame Rumor has it that they may be in Fairview, the balance of the winter but nothing definite has been decided yet.

A great disappointment to many folks came last week, when they found that the price paid for blackberries is only two cents a pound. Many of the local residents used to make good wages at this occupation but now, at this price, it hardly pays to work at it. A. C. Chase, of Eugene, is in charge of the pickers with his headquarters at Myrtle Point. 100 tons of berries are wanted by the cannery in that city.

Mrs. Clara Hoag, of Portland, who has been visiting her daughter, Mrs. Tom Benham, for some time, left Fairview last Tuesday morning en route to Redwood, California. Harold Shook, a son of Mrs. Hoag, resides in Redwood and she expects to visit him for a while.

Mrs. Benham is expecting other relatives soon. Mr. and Mrs. Ross Armes, of Washington, who haven't visited her for five years, will arrive some time next week. Mrs. Armes is a sister of Mrs. Benham.

A special school election and meeting was held in the Riverside district No. 22 last Tuesday evening. Mrs. Lillie Johnson was elected to fill the vacancy of Harry Hubbell and it was also decided to transport the children from that district to the Fairview district.
