

Loggers Win from Convicts, 11 to 2, and Lose 14-5

A long, left-handed pitcher, Bob Hardy, of Grants Pass and Ashland, was on the mound for Coquille last Sunday and as a result the Loggers managed to beat the "Convicts," 11 to 2. The result on Monday was not the same, the locals going down to defeat, 14 to 5, with Rocky Peterson on the mound.

Hardy displayed an array of slants that had the "Convicts" swinging at thin air. The southpaw, despite his youthful years, looked the part of a moundster and missed a shutout only by two reverse breaks, a brace of errors in the fifth and a walk in the ninth. His curve, fast one, and change of pace were working effectively.

The Loggers won the contest in the initial frame when a combination of five hits brought in six runs. Later, in the fifth, another barrage of three hits, together with a pair of walks, brought in four more scores. The eleventh counter crossed in the seventh without the aid of a blow.

The Monday evening tussle saw "Rocky" Peterson ineffective and the "Convicts" went to town. "Rocky" didn't have the same stuff he generally has and could not match the maddened traveling club. Errors behind him resulted in many of the scores marked up against him.

Goodyear Will Broadcast Digest Election Poll

The Goodyear Tire & Rubber Company, announces that it has just completed arrangements to broadcast three times a week for nine weeks the results of the Literary Digest's presidential poll. This will be the first time the Digest's copyrighted figures, which have a record of forecasting elections with unusual accuracy, will be made available regularly over the air under dual sponsorship. Goodyear has arranged with the editors of the Digest to make the returns public on a nation-wide network of NBC stations beginning Wednesday night, September 2, and continuing every Monday, Wednesday and Friday evenings thereafter until the day before election. The final result will be given on Monday, November 2.

So far as the results themselves are concerned, the broadcast will be based entirely on the Digest's own tabulations of its returns. John B. Kennedy, noted author and commentator, will announce the results and officiate as editor of the program. Goodyear has obtained the right to broadcast on Wednesday the weekly results compiled by the Digest for its own publication and also to broadcast on Mondays and Fridays additional results as the returns are compiled.

"Neither the Goodyear company nor the National Broadcasting company will participate in any way in the distribution of ballots by the Literary Digest or in the compilation of the returns. All the mechanics of the poll will be handled exclusively by the Literary Digest in the same manner in which it has conducted polls on presidential elections and other topics of public interest since it first undertook this work in the 1920 campaign.

UNDER THE BLEACHERS
(By Mark Seeley)

What gets into a lad who has promise in baseball, but fails to take advantage of it, is beyond me. I'm speaking particularly of young Eddie Moore, high school boy, who puts in time on the Coquille Loggers. If Eddie expects to go any place in baseball or any other sport, he has got to learn to hustle. And the same goes for two or three others who are listed as prospects. These include Alan Bailey and Rocky Peterson.

By hustling we don't mean just hustle on the ball park during a game, but during practice and in keeping mentally and physically aware about the ball game. But Moore's case is the most glaring. Really, Eddie, you looked so heavy footed in Monday night's game that even Bill Fortier would have beaten you to the start. Eddie, what's the matter? Were you counting your time away? You're a nice prospect with plenty of natural ability, so don't let it go to waste.

Hustle is the dope. "Daddy" Grimes says the wrestlers are coming back soon. The strike conditions held up the shows, but once a pay day rolls around, I imagine that Promoter Harry Elliott will bring back his nice little actors. My how it will be fun to see the grapplers go at it again, despite the fact that we know that it's all a great show.

Let's hope that Mike "Cry Baby" London is thrown into the ring. He's my favorite. I'd rather see the "Cry Baby" than any other wrestler in the game. He's a real show in himself; an entire evening's program.

The "Convicts" had a few words to say about the comparative merits of the Coquille and Bend ball teams. They placed the two clubs about on a par after breaking even in double headers in each town.

They consider Billy Calvert to have it over the Bend catchers, though it is to be kept in mind that Tommy Hawkins didn't receive against the "Convicts" in Bend. Tommy, in case it isn't generally known, is with Bend this season.

The "Convicts" went further to say that Coquille could give Yakima, Olympia and Bellingham of the Northwest League a tight fight.

Agreement Under Terms of Which Strike Was Settled
