Grade Crossing Conference

In support of this spectacular state-of-the-art project, the National Automobile Club, Portland, Ore., has called a conference on grade crossing accidents in Salem. Chief engineers of United States Commission McCulloch for Friday in Salem. Chief engineers and signal engineers of all railroads operating in the state are expected to attend.

This compares with 14,830 deliveries during the previous highest November, which was in 1926.

The Pacific coast outlook, the Bulk sales chief commented, is better than it has been at any time since 1929. "The current demand here for Buicks is nearly three times that of a year ago and deliveries are being made at a proportionate rate."

He declared that during the first ten months of 1936 a total of 12,422 Buick cars were delivered at retail in the Pacific area as against 5,405 cars in the corresponding period of the previous year.
