

COQUILLE HIGH SCHOOL

Home Ec Assembly

Miss Meredith Davey was in charge of a home economics assembly held last Friday morning. Yvonne Kern served as announcer for the program. Billy Cardwell played two harmonica selections, and a skit entitled "Bachelor Reverses" was presented by Alan Bailey as the bachelor, Eleanor Maiden, the grammar school girl; Jane Kramer, the high school girl; Yvonne Kern, the college girl; Fauniel Moore the bachelor girl; and Ann Hawkins the bride. Appropriate music for the skit was furnished backstage by Glennis Finley, Muriel Davis and Mr. Smith. A short style show of school girl fashions was next announced with the following girls acting as models: Georgianna Johnson, Catherine Mulvihill, Donna Dean Bosserman, Patricia Nosler, Jane Kramer, Ruth Pettengill, Videlle Kelley, Vivian Morris, Carol Shore, Lela Wilberger, Violet Howard, Dorothy Mattoon, Lorraine Kennison and little Frances Ann Kern.

Senior Play Cast

The senior class has chosen "Girl Shy" for their annual class play to be given April 18 at the Community Building under the direction of Harold Smith. The following cast was selected for roles in the play: Tom Arsdale, the girl-shy lead, Ernest Dettelsen; Oke Stinson, dashing man-about-town, Gross Wood; Aunt Carolyn, Marilyn Compton; Dean Marlow, the girl-shy girl, Kennetha Waggoner; Mr. Arsdale, Frank Biasca; Sylvia Webster and Peaches Carter, of the younger social set, Georgia Sherwood and Elizabeth Varney; Arma, a negro maid, Ellen Bloomquist; Birdie La Verne, almost a gold digger, Dorothy Glaisyer; Barbara Sandford, a debutante, Luene St. Clair; A. Teenyson, a poet, Vern Oederkirk; Chuck Mayo, underworld hanger-on, George Kloster.

End of First Six Weeks

This week marks the end of the first six weeks' grading period in the second semester. Report cards will be issued on Monday. Examinations were held during the four school days of this week. Today is a school holiday in Coos county since all the teachers are assembling at Marshfield for their annual one-day county institute.

Annual for High School

At the last student council meeting it was decided to definitely consider plans for a 1937 "Laurel", the C. H. S. annual. A printed annual has not been issued since 1927. The annual which they are considering would be printed, would include class and activity photographs, would contain approximately eighty pages, and would sell for \$1.50. Gross Wood, Bill Walker, and Ernest Dettelsen have been appointed to prepare costs and to secure student endorsement of the project.

Amateur Bouts Scheduled

Ernest Dettelsen, Eugene Vaughan, and Jack Hunt are in charge of a program of high-school wrestling and boxing to be given some time during the week of March 11. Proceeds will be for the benefit of the general student body fund.

Receipts of Faculty Play

Mrs. Chase, treasurer for the faculty play, this week sent three checks of \$56.23, each, to the three school principals. This sum, \$168.69, represents the net receipts of the faculty play. Each school received a slightly higher amount than last year. Gross receipts this year amounted to \$232.83. The schools are making plans for spending their individual sums to best advantage.

Boys' Assembly

The boys of Coquille high school are preparing plans for an all boys' assembly to be held on the date of the next Girls' League meeting. Davis Chaney, Robert McGilvery and Marcus Shelley will be in charge of the program.

Debate Tournament

The debate scheduled to be held here last evening was postponed, perhaps cancelled, because one of the North Bend team was suffering from a severe sore throat. Whether it will be held later has not been determined.

New Student

Howard Caudle, of Arno, Nebraska, enrolled Monday morning as a sophomore in Coquille high school.

Talks for Seniors

Mr. Osika is planning a series of vocational talks for the combined senior roll rooms to begin next week. These talks will include subjects covering entrance requirements to college, correspondence courses, qualities required of applicants for industrial courses, and the need today of specialized training. In addition, an opportunity is being offered for juniors and seniors to take English entrance examinations similar to the ones required for college entrance. These examinations may be secured from the University of Oregon at a cost of five cents a copy.

Good 4-H Meeting

The 4-H leaders meeting held in North Bend Friday evening was of much interest. Miss Jessie Palmier, home demonstration agent, handled the discussion for home economics leaders, while George Jenkins, county agent, and Carroll Rycraft, president, took charge of other leaders. Miss Freda White, Broadbent, led the group in singing of 4-H songs.

A demonstration in measuring was put on by Alicea Colver and Betty Shore, girls of the 4-H cooking club at Catching Inlet of which Mrs. Elma Donaldson is leader. Phyllis Beam and Edna Mae Parks, of Miss Frances Hill's clothing club No. 2 at Bunker Hill, put on a judging demonstration.

Betsy Addison, of Millington, told of her attendance at the 4-H summer school. Her scholarship was paid one-half each by Millington P. T. A. and by the County Fair board. The latter award was made because of Betsy having been the best specimen in the health contest.

Helen Cowgill

Miss Helen Cowgill, assistant state 4-H leader, plans to work in Coos county on March 1 and 2. During that time she will visit several clubs.

Scholarship For 4-H

Wilma Roth was chosen to represent the Fat Elk 4-H club at summer school next June. A school carnival, which was held in the Fat Elk school Friday evening, netted just enough for this. W. E. Marrior, of the oil well, appropriated \$5 toward a second scholarship, so it looks as though there will be two in summer school from this district.

Speakers for County Institute

Out-of-county speakers for Coos county institute are as follows: Frank Branch Riley, attorney at law, Portland; Eldon Brickell, Pacific Northwest Sales company, Portland; W. R. B. Willcox, professor in architecture, University of Oregon; Miss Jeanette Smith, Ashland Normal school; Miss Bertha Kolhagen, state supervisor of home economics, Salem; William C. Whymer, supervisor of apprenticeship, state board of vocational education, Salem; and J. C. Rettie, supervisor of research, state planning board.

The institute will begin promptly at 9:00 a. m. in the Marshfield high school on Friday, February 26. The program is open to the public. It would seem to the writer that the pictures which are shown at 9:00 and the afternoon program of band music and address by Frank Branch Riley would be of especial interest to visitors. Mr. Riley has won considerable renown as a speaker throughout the United States.

BREWSTER VALLEY

Miss Jessie Palmier, of the home demonstration department of O. S. C., gave a very interesting and helpful lesson on interior decorating at the home of Mrs. Ed Abernathy last week. Dark and light cakes, ice cream and coffee were served. The next meet-

ing will be held at the home of Mrs. Jess Hicks on March 4.

Wilbur Dean, of Coquille, came home with Edwin Crowley Sunday to spend a few days at the Crowley home before going on to California, where he expects to locate.

Little Donna Jane Krewson was quite ill last week and unable to attend school.

New York World's Fair Site From 9,000 Feet Up

NEW YORK. (Special).—Photography and ingenuity combine to show about how the New York Fair will appear in 1939 to visitors arriving from the west in planes flying at an altitude of one and three quarters miles. Cameraman made this "shot" from a plane over the New Jersey meadows. Shown in the foreground is the shipping along the Hudson—Manhattan with its towers grouped about the Empire State building (center) which houses present headquarters of the Fair—and in the middle distance the 1,216 1/2 acre site of the 1939 international exposition. To the right lies

Brooklyn and, beyond, the hinterland of Long Island. At the extreme left, spanning the East river, is the new Triborough bridge over which many of the 50,000,000 visitors expected at the Fair will motor to the convenient parking lots. A photograph of the table model of the Fair has been superimposed on the negative of the air view to show the grid of the central exhibit zone, the boat basin being constructed on Flushing Bay and the lagoons that will feature the exposition's amusement zone.
