Townsend Club Enjoys Musical Program Tuesday

The Coquille Townsend club held its regular meeting Tuesday in the W. O. W. hall with President Steve Dey in the chair. This proved to be one of the most enjoyable meetings held this year. A large crowd assembled to take part in the business session and hear the fine program given. During the business period the club decided to conduct a cooked food sale on Saturday, March 13. The sale will be conducted at Nosler's Grocery and members or any other person desiring to do so are asked to have their contribution at the store as soon after eight o'clock a. m. as they can. A pillow was presented to the club by Grandma Swinney and sold for the benefit of the treasury.

Following the business hour a program was given, the equal of which has seldom been heard by those present. The program presented was given by the pupils of Miss Muriel Dae and under her direct supervision. Those taking part in the violin ensemble were LaVelle Dale, Lyndell Southstone, Jane Ferbrache, Dorothy Glaisyer, Ann Hawkins and Leonard Ehsle. The ensemble was accompanied at the piano by Geraldine Ehsle. The two numbers played by the group were "Country Garden" and "Pizzicato Polka."

The youthful pupils playing in the "Coquille Junior Orchestra" were Ronald Williams, Geraldine Oerding, Donna Rankin, Maurice Williams, Ben Barton, Neil Haga, Eugene Mead, James Gaffey, Adaline Anderson, and Dale Tweed. The two numbers played by the orchestra were "Barcarolle," and "The Happy Farmer."

The generous applause given each number was definite proof to the young musicians and their gifted instructor that the audience enjoyed and appreciated the program they gave.

Members of the Townsend club who do not attend the regular meetings are missing a most enjoyable time as well as failing to help promote the great cause of the "General Welfare Act" now before the United States congress.

City Council Session Monday Considers Many Matters

(Continued from Page One)

quille civic organizations and lodges co-operate in giving two or three or more public dances to raise the money, and apply all the proceeds to ceiling and painting.

It was left that way, for the organizations to get together and meanwhile the members of the council will make an inspection and see what is needed there. Recorder Leslie stated that the income of the building was \$700 last year, but \$300 of that was from school district, No. 8, which will without doubt have its own high school gymnasium by September and will not need to rent the Community Building in the future.

The applications of a number of residents who want to use city streets in the gulch as garden plots, again this year, were referred to the city engineer.

A payment of \$3,110.80 was ordered made to S. L. Godard on the recent street lighting system installation. This will make a total payment of \$5 per cent of his \$7777 contract, the other 15 per cent being due when the system is accepted by the city.

On motion the council voted unanimously in favor of reducing the parking time in the restricted area of the business district from two hours to one, but as it has to be done by amendment to the present traffic ordinance the rule has not yet gone into effect.

The light committee's recommendation that a light be installed at the northwest corner of the parkways in Willard street, that the old style street light at Second and Elliott be removed and the one at Second and Henry, where the north-end traffic meets that from the east end of town, be retained was approved by the council.

Mr. Selfors, of the state department of agriculture, whose duty it is to inspect plumbing and sanitary conditions in all stores and restaurants where food is handled or served, asked the co-operation of the council in cleaning up many bad conditions in Coquille whose arrangements are such that waiters must use the same toilet facilities as the patrons of pool halls and other conditions which are equally as bad. His idea was that the city's plumbing inspector should be given power to correct such conditions and whose approval of all plumbing jobs in the city shall be necessary by both plumber and building owner.

The council laid this matter over until the meeting on March 15.

New Theatre for Coquille to Be Ready Before Summer

(Continued from Page One)

feet in size, the rest rooms being at its rear. A glass wall along its east side will afford the finest kind of display windows off the lobby and lounge.

The three rooms facing on Second street will each be ten feet deep by 25 feet in length.

Exits will be provided at the stage end of the building at the north end of the foyer and, of course, at the entrance.

Whether the building will be constructed under contract, or by day labor with a supervisor in charge has not yet been decided. It is hoped to start construction in from 20 to 30 days and to have it completed in not much more than 60 days.

Whether this new show house or the Liberty will be the No. 1 house has not been decided by the proprietors, but it is possible both will be of equal importance, with twice as great a showing of Hollywood's finest pictures as is now possible in one show-house. One feature which the Thursday night show crowd will be interested in can be answered by the statement that results will be announced in each house simultaneously with no discrimination as to which theatre one is attending.

The furnishings of the new theatre, the seating of which will be all on one floor, with no balcony, will be on a par with that in the Liberty, and the new place will seat nearly as many as the Liberty does.

The selection of a name for the new theatre will be left to the choice of the people of Coquille, according to a plan to be announced later.

To give all the best in pictures and to prepare for the time five years hence when one of the proprietors predicts Coquille will be the largest town in the county, is the aim of these wide-awake, progressive show men who have made so fine a success of motion picture operation in Coquille since 1933.

Fire Chief's Report for Feb.

Fire Chief Frank Schram's report to the city council for the month of February shows that there were two fires in Coquille last month, caused by overheated or defective flues. Property endangered was valued at \$1250, but the damage done was only \$30.

Mrs. C. T. Nunn Dies Suddenly

Mrs. Chas. T. Nunn, 34, wife of the editor of the Southwestern Oregon News at Marshfield, passed away last Sunday evening at the Keizer Hospital in North Bend after a brief illness, which is extremely rare. It is known as agranulocytic angina, and is caused by a scarcity of white corpuscles in the blood stream. A serum to combat the trouble was rushed from Portland after her trouble was diagnosed but to no avail.

Funeral services were held at the Campbell Funeral Home in Marshfield, Tuesday afternoon.

Besides her husband to whom she was married Oct. 5, 1929, Mrs. Nunn is survived by her parents, Dr. and Mrs. Jasper L. Hewitt; a brother, Dr. Henry L. Hewitt, and a sister, Mrs. Earl Abbott, all of Portland.

She was a graduate of Willamette university and since coming to Marshfield had taken part in civic affairs there and was a past president of Coos Bay B. P. W. club.

Jr. Hi B. B. Tournament

The Coos county junior high school basketball tournament will be held at the Coquille Community Building. The preliminary rounds will be held Saturday, March 13, starting at 9:00 a. m. and the finals on Monday, March 22, at 7:00 p. m.

Ten teams are to be entered in the preliminary contest. The finals for the championship and the consolation championship will be played March 22.

The first rounds of the preliminary will be as follows:
Coos River vs. Riverton, 9:00 a. m.
Myrtle Point vs. Bunker Hill, 9:50 a. m.
Bandon vs. Powers, 10:40 a. m.
North Bend vs. Coquille, 11:30 a. m.
Bridge vs. Broadbent, 12:20 p. m.

1936 Library Financial Report

The report of O. C. Sanford, treasurer of the library board for 1936 was submitted to the city council Monday evening, showing a balance on hand Jan. 1 of \$121.28.

Balance on hand Jan. 1, 1936, was \$322.17; received from the city of Coquille, Woman's Club, Legion Auxiliary, book sale, book rentals and fines, \$1123.82.

Disbursements for librarian salary, new books and magazines, books repaired, janitor's services, supplies and incidentals, \$1324.71.
