Well what do you know!

THE JELLYFISH
had the first eye
on earth!

THE AMPHIBIAN
cried before anything
else did!

This is a SPHENODON.
The only animal to-day
with an eye in the back
of its head!

The eye of the jellyfish is simply a group of cells that can tell the difference between light and dark, but can see neither the shape of an object nor its color. Not much of an eye; but it was, according to an interesting little book, "Why We See Like Human Beings," published by the Better Vision Institute, nature's first effort in the matter of eyes.

Primeval amphibians, living as they did in the water, were not troubled by dust in their

eyes. But when they clambered out onto land, dust did bother them. So nature provided tear glands and ducts to keep their eyes clean. They were the first in the world.

Still extant in New Zealand is an animal that has an eye in the back of its head. This animal is the Sphenodon, and he inherits his extra eye from his prehistoric ancestors who needed, in their vicious world, such a "rear guard" to protect them from their enemies.

County School News from
Mrs. Martha Mulkey's Office

Basket Ball Tournament
The Junior high basket ball tournament preliminaries will be held on March 13 at 9:00 a. m. and the finals will be played on March 22 to 7:00 p. m. The Community Building at Coquille has been chosen as the place for holding both preliminaries and finals.

Tickets for the entire tournament may be purchased at the door. This will do away with the necessity of sending out tickets to the schools.

Club Leaders to Meet March 19
4-H Club leaders will meet in the Myrtle Point Junior high on March 19. The officers of the club are planning a program of demonstrations, judging, etc., which will all be of interest to 4-H club leaders. Visitors are always welcome at any of these programs. This is the third meeting of the organization for this year.

Intermediate Teachers
President Rosabel Brown announces that the next meeting of intermediate teachers will be held in the Roosevelt school building in North Bend on March 20 at 9:30 a. m. The subject which will be largely featured at this time is teaching of English and it is expected that a representative of the company putting out the new language text book will be in attendance.

The teachers visiting are asked to bring any materials which they care to exhibit on any subject.

Association of Childhood Education
The association of childhood education will meet in the Myrtle Point grammar school on March 27, beginning at 9:00 a. m. Each teacher is asked to bring with her an exhibit of work of children or of some materials which have been helpful in teaching. President Abel reports the following program; A. L. Jeck, talk on citizenship and character education. Helea Stanbrough, report on O. S. T. A. Elise Lamp, demonstration with children's manuscript writing. C. E. Ellison, demonstration with children's folk dancing.

Music Festival
The Coos County Music Festival will be held at the Community Building at Coquille on April 24. The children in the different elementary schools in the county are now at work making plans for this festival and it is anticipated that the 1937 festival will be the best of the three which have been held.

Mrs. Fred Watson, of Coquille, has kindly offered her services to help a limited number of schools with their music and has already visited a few.

Offer of Public Health Association
A year's subscription to the "Hygeia" is being offered by the Coos county public health association. This is being made to libraries which do not now have the "Hygeia" and, if funds permit, will also be extended to some of the smaller places which do not have regular libraries. This offer is welcomed by schools.

C. M. T. C. Enrollment May Be Made at Marshfield

M. D. Tucker, Marshfield, has been appointed by Patrick Bacon, State Aide for the Military Training Camps association, as chairman of the committee for Coos county in connection with enrollment of applicants for the CMTC camp to be held at Vancouver Barracks, Washington, July 1st to July 30th this year. Mr. Tucker will have charge of the local arrangements for enrollment.

Doctors J. C. Maxson, Myrtle Creek, and Donald M. Long, Marshfield, have volunteered to assist in the campaign by conducting the preliminary physical examinations of the boys who apply to go to camp.

The quota which was allotted to Coos county for this year's camp is eight boys. It is hoped that the county will fill this quota promptly as the quotas, if not filled by May 20th, will be allotted to counties which have oversubscribed their quotas.

Among those who have already applied from Coos county are: Bradley B. Summers, North Coos River, who attended last year's camp.

Information and application blanks can be obtained from the county chairman, the examining physicians or by writing direct to the CMTC officer, Vancouver, Barracks, Washington.

Card of Thanks
Word fail us in expressing our appreciation for the kindness and sympathy shown us during our recent bereavement and we hope this expression of that gratitude will be accepted in the whole-hearted manner intended. We wish also to express our sincere thanks for the floral offerings at the services held for our son and brother, Clinton Burr.
Mr. and Mrs. Geo. F. Burr, Mr. and Mrs. Ronald Burr, Irene and Mary Burr.

It's farther
between filling stations
in the Ford "60"

THE 60-horsepower Ford V-8 engine was first developed for Europe, where fuel costs are high. Two years' usage there proved its unusual economy.

When the "60" came to this country this year, the Ford Motor Company made no mileage claims—waited for facts, written on American roads by American drivers.

Now Ford "60" owners are reporting averages of 22 to 27 miles on a gallon of gasoline. That makes it the most economical Ford car ever built!

Best of all, the Ford "60" is just as big and roomy—just as handsome, sturdy and safe—as the famous 85-horsepower Ford V-8. And it sells at the lowest Ford price in years.

If you want a big car for a small budget—a car you can drive with pride and profit—see the thrifty "60" soon!

BREWSTER VALLEY

The Myrtle Leaf club met at the home of Mrs. Jess Hicks Thursday, March 4. Only six were present but those six made good use of their time since they put a quilt in the frames and nearly tied it that afternoon, besides having a good time laughing and chatting. The hostess served delicious refreshments of jelly roll and salad with whipped cream and coffee. The next meeting will be held at Mrs. Elmer Wilson's, April 1.

Little Lila Mae Laird was unfortunate again when her hand was caught in the car door when she was going with her folks to Roseburg last Monday. Her hand was bruised badly and she was taken to Myrtle Point for treatment. After the Lairds reached Roseburg Muri, their son, became ill with tonsillitis and they were unable to return with him until Thursday.

Mrs. Marion Miller, of Dora, was an all-day guest at the Krewson home Wednesday.

Elmer Wilson, Ivan Laird and Ted Abbott have been busy the last few days rebuilding the bridge on J. D. Laird's place which was broken down when a big tree fell on it during some of the storms last winter.

When the newlyweds, Mr. and Mrs. Edwin Crowley returned to the valley Saturday they were greeted with a wedding shower, followed by a dance and refreshments. Many and useful gifts were received. Those attending from out of the valley were Mrs. Alice Dean, Mrs. Phoebe Harry and Wilbur Dean, of Coquille; Mrs. Durnam, Mr. and Mrs. Harold Shepherd and family, Mr. and Mrs. Kermit Shepherd and small son, Mr. and Mrs. Harvey Minard, G. W. Thompson, Glenn Thompson, Wayne Thompson from Dora; Mrs. Bilderback, from North Bend; Mr. and Mrs. Ray Rookard, from Myrtle Point.

Lester Mayse, John Roberts and Mr. and Mrs. Jack Bridges and son went to Coquille Saturday.

Chas. and Mike Oberman and Herman Gray have about completed the addition to the Julius Benham home.

Lester Mayse has been doing considerable remodeling in the Harvey home where his family has just moved.

Mr. and Mrs. Albert Christensen, Christina and Donald, went to Co-

quille Friday and brought home a pretty new green pick-up.

Glade Krewson, Harry Crowley, Betty and Fern Nickason have been ill with flu and croup and have missed several days of school lately.

Probate Court Items

Jas. H. Flanagan was on Monday appointed administrator of the \$5,564 estate of Mary Florence Mullen, who died in San Francisco, Jan. 16, 1937. The appraisers are Jos. F. Williams, Jno. E. Cook and Reidar Bugge.

The \$15,000 estate left by Price S. Robison, who died near Norway last week will be appraised by Geo. T. Moulton, O. C. Sanford and J. E. AxteLL. Roy Robison has been named administrator.

Viola May Brown, widow of the late Louis E. Brown, who died at Marshfield, Feb. 7, has been appointed administratrix of his \$1,000 estate. The appraisers are Kay Grout, Fred Brenne and John Gerard.

Feb. Court Term Nears End

After being out for only 20 minutes the jury found in favor of the defendant Monday in the case of Albert Brayton vs. Mrs. Emma F. Stonecypher. He was suing for \$528 for taking care of her herd of cows, but the defendant was able to prove that she had not asked nor authorized him to care for them.

Next Monday the jury has been summoned to return to hear the three damage cases against Earl Phillips, who was responsible for the death or injury of several persons at Empire last summer when the truck he was driving crashed over the sidewalk and into a building.

An attempt is being made to consolidate the three cases in one trial.

At the present time no more cases are scheduled to be heard in Circuit court during the term which started in February. The next term will convene early in June.

HIS REFUGE
