Bobby Jones to Preside At Golf Club Ceremony

Bobby Jones
The Greatest Golfer of Them All

MEDFORD, Oregon.—(Sp.) Honored by the greatest golfer of them all, Robert T. "Bobby" Jones, Jr., five of the game's leading figures will be in Medford, Ore., August 28 to add in the dedication of a memorial to H. Chandler Egan, nationally famous player and golf architect.

With Jones will be Lawson Little, Morton Smith, Jimmy Thompson and... present at the ceremony, which will give expression to the esteem and affection accorded Egan by the world of golf during his three decades of national renown. Bobby Jones will be the principal figure in the dedication rites, eulogizing Egan, whose career had been closely and brilliantly associated with golf since the game's introduction to this country.

Acceptance of the invitation to be present in Medford at the dedication, August 28, by five of the greatest players of the country is an indication of the high place attained by a Medford man in golf's history.

Preliminary Was the Best Bout on the Card

Before another of Coquille's enthusiastic wrestling crowds, Bob Castle defeated Tetsura Higami over the two out of three route in the main event last Wednesday night at the Coquille Community Building.

Higami took the first after a series of jiu jitsu maneuvers and the application of an unbreakable arm hold upon which Castle gave up. Castle took the second fall with a half crab after 17 minutes of torrid grappling. This was the selfsame hold that Lipscomb used so successfully here last year. After Higami gave up, Castle wasn't satisfied and had to grab the leg again and give it a couple of additional twists. For the third fall, Castle again got his hold on the Jap and it was beyond human endurance for the Tokyo man to stand for it for more than a couple of seconds.

In the semi-final bout which rivaled the main event in interest Don Sugai beat Scotty McDougall by a wide margin, taking the second and third falls.

McDougall after his usual punching and choking habits were exercised got an unbreakable back-breaker hold on the Salem boy and made him concede the fall, which was the first, coming in 17 minutes.

Sugai proceeded to get busy in the second fall and after a few elbow punches of his own, he floored the Scotchman with a series of drop kicks for the second fall in three minutes.

Proceeding into the third fall McDougall blithely went about the business of choking Sugai across the ropes and before Referee Elliott had pulled the Glasgow man off three or four times, Sugai again flashed out with his drop kicks to win the deciding fall in three minutes.

The prelim was a masterpiece of technical wrestling, with Burns and Tremain each being unable to get more than one fall apiece in the short time of 30 minutes. It was really the main event of the card.

League Championship Game to Be Played Here Sunday

(Continued from Page One)

Coquille Loggers, were hitting stars of the game. Sowers turned in a brilliant day afield, as did McLain, Port Orford catcher.

"Slim" Leach, Port Orford manager, expects to field a better team this Sunday, than he had last week-

Get Out of this Kitchen

and don't come back until dinner time!

There's no need to watch a dinner in an electric stove. Just put it in, set the timer, and run away somewhere and enjoy yourself. Even a pretty, modern kitchen with an electric stove is no place to spend the summer afternoons. Seriously, now is the time for you to change to an electric range.

It is clean, cool, safe, dependable

A small down payment puts this range in your kitchen. Small monthly payments added to your electric bill complete its purchase.

Mountain States Power Company

end. His infield will be greatly strengthened by the addition of Ray Woodyard, ex-Willamette and Coquille player, who will probably work either at short or third. Elliott and McLain, two lads from Myrtle Creek, are a formidable pitching and catching staff. Allen Bailey, another Coquille Logger, who worked in left field, will probably be stationed at first base. He is a great prospect. The only thing that will keep him from going places in baseball is his size. Sowers will be at second. "Diamond" Jim Schaefer is just that. He is a diamond in the rough and will be at shortstop.

In the outfield, Bill Calvert and Jesse Barton will shine. The other outfielder has not been selected.

Bill Robertson, manager, will probably start "Lefty" Nola, eighteen-year old lad, as his starting pitcher, with another port-sider, Nykanen, and "Hook" Skinner, old-timer, in reserve. The pitching berth is Empire's brightest spot. Fred Owens will handle the catching duties.

Marion Fisher, Coquille player last year, will be at the hot corner. Bill Fortier, president, Southwestern Oregon league, has scheduled the game to start promptly at 2:30.

Fight Card at Myrtle Point

Thirty rounds of good boxing will be featured in the Oaks pavilion at the fairgrounds at Myrtle Point, Saturday, August 14. The doors open at 7:30 and the bouts will start at eight o'clock, says the Herald.

The main event of the evening will be eight rounds between Tim Timeus, 147 pounds, of Gold Beach, and Felix Byrnes, 147 pounds, of Myrtle Point. Billy Norris, of Myrtle Point, and Jack Kennedy, of California, will battle four rounds in the semi-final. The special event will be "Stubby" Dietz, six-foot-four, of Myrtle Point, versus Clayton Thompson, six-foot-two, of Everett, Wash.

Three-round amateur bouts will include Douglas Gamwell, of Powers, versus Roy Cook, of Myrtle Point; Ellis Wilberger versus Woodrow Crook, both of Myrtle Point; Dale Haworth, of Myrtle Point, versus Jim Morris, of Omaha, Nebr., and Mac Sutphin versus Tommie Young. Two-round curtain raisers will include Jeffy Davis versus Porky Backman, and Kid Backman versus Del Greer.

Calling cards, 50 for \$1.00.

Society of Cincinnati

Eligibility to original membership in the Society of Cincinnati was the privilege of all Continental officers who had served with honor and resigned after three years' service as officers, or who had been rendered supernumerary and honorably discharged, in one of the several reductions of the American army, or who had continued to the end of the war, and all French officers who had served in the co-operating army under Count d'Estaing, or auxiliary army under Count de Rochambeau and held or attained the rank of colonel for these services, or who had commanded a French fleet or ship of war on the American coast. This privilege descends to the oldest lineal male descendant, if judged worthy, and, in failure of direct male descent, to male descendants through intervening female descendants.

Electricity

Hard to define in a scientific way it can simply be said that electricity is composed of electrons, the unit of negative electricity, and protons, the positive electron. Both units are so inconceivably small they may be regarded as mere charges of energy. To Dr. William Gilbert, who became physician to Queen Elizabeth in 1601, goes the credit of calling that "something" electric. He originated the term electric as a name for any substance such as amber that was stimulated by friction. "Electric" comes from the Greek "Elektron," meaning amber. This was because Thales, a Greek philosopher, way back in 600 B. C., discovered that a piece of amber rubbed with cloth possessed the power of attracting feathers, pieces of paper and other light bodies.

Lodgepole Pine, Slender Tree

The lodgepole pine (P. contorta) is a slender tree, usually 70 to 80 feet high. It bears yellow-green leaves and small prickly cones. This is a common species of pine from the valley of the Yukon in Alaska, southeastward through the Rockies to New Mexico, Arizona, in the Cascades and Sierras to Southern California. The lodgepole pine takes its name from its former use by the Indians in building their tipis and lodges. It is used for ties and for telegraph and telephone poles.

First Thanked by Congress
The first naval officer to receive the thanks of congress was John Paul Jones.

Dresses Used in War Balloon

Richmond belles sacrificed their silk dresses vainly to the Confederate cause, when an attempt to build an observation balloon was made during the siege of the Southern capital. Too poor to buy a balloon, a patchwork affair was created out of the varnished silk garments of Virginia women. The Federal army captured it after its first ascent. A fragment of the balloon is preserved in the Smithsonian Institution at Washington.

Location of Brain Center

The brain center, being located on the opposite side of the brain from the preferential hand and no known structural reason existing for the use of the right hand more than the left, some individuals grow up to be left-handed with the speech center on the right instead of the left side of the brain as is the case with most individuals.

Soul Sickness

My soul is sick with every sport of wrong and outrage which earth is filled.—Cowley
