### Lincoln School News

#### Interesting Films Viewed

Friday, January 7, a special assembly was held to view a most interesting and educational film depicting the development of transportation. Since several of the classes are making a study of transportation at the present time, the movie was of particular interest.

"Grass," a motion picture film taken in Asia, was shown at the January 10th assembly. It was a thrilling picture showing the migration of the nomadic tribes of Asia over a route of great hazards to the fertile grasslands which were their goal. The picture was taken by three Americans who made the perilous trek with the tribes.

The Lincoln School student body regret the loss from their membership of Doris and Howard Fry, Patsy McGee and Louis Gilbert. These students failed to return after the Christmas vacation. However, they are pleased to welcome two new members: Doris Bowker and Lois Morgan. Both girls are in the eighth grade.

#### Basketball News

Friday evening, January 7, many people found their way to the Coquille Community Building to see the

Junior High School volleyball and basketball teams in action against Myrtle Point.

The first half of the volleyball game was rather slow but ended with a close score of 20-21 in favor of the L. J. H. girls. The second half showed more action, was more exciting, and the girls displayed better teamwork. After the score was totaled, the local girls found they were on the small end of the score which read Coquille 36, Myrtle Point 41. The girls are now anxiously waiting for the return game, when they are not the hostesses.

Immediately following the volleyball game the two basketball teams took the floor. After the whistle blew to start the game the local quintet started off easily and ran up a score of 10-2 in their favor in the first few minutes of play. Then, without apparent reason, the boys lost the case with which they had been playing and began to play a slow, ragged game of ball. Little by little the Myrtle Point hoopers fought their way up with Coquille first leading and then following by very few points. At the final whistle, the score stood 20-20. A three-minute overtime period was played. In the first minute of play in the overtime, Crouch, of Coquille, fouled for the fourth time and was disqualified

from the game. Myrtle Point sank the foul shot. In the new few seconds one of the Myrtle Point boys was taken from the game because of fouls. Coquille failed to make its point. Neither team succeeded in making a field goal during the period and the game ended with Myrtle Point leading by one point.

### Red Devils Win from Marshfield

Tuesday night the Coquille Hi Red Devils broke into the win column with a 27 to 23 victory over the Marshfield Hi Bulldogs. In chalking up their first conference win, the Red Devils displayed odd form by playing a tight defensive game, and when on offense keeping possession of the ball.

Smith opened the scoring for Marshfield by sinking a couple of long shots from the center of the floor; this brought the Coquille defense out and from then on the barrage from the middle stopped. Fuhrman scored for the Red Devils with a "tip in" under the basket and a shot from the sidelines; Smith followed with a long one from the center and Coquille held the lead until the half time, leading 12 to 10.

In the second half Marshfield scored to tie, but Bailey sank a cripple to take the lead again for Coquille and the Red and White held it until the end of the game. The Bulldogs threatened in the fourth period when Smith potted a long shot and then tossed in a couple of free throws. With two minutes to go Coquille went into a stall and managed to edge out the victory by a two-point margin. Fuhrman was high man for the winners with 11 points.

Last Friday Coquille beat Bandon, at Riverton, by a score of 38 to 20, with the reserves doing most of the work in the second half. This coming Friday the Red Devils play North Bend at 7:30 p. m. The promise to be a real contest because last week North Bend beat Marshfield by one point.

The obligation was given to the following new members: Mrs. Beattie Ocheitree, Mr. and Mrs. Thomas Luttrell and Miss Alice Knight. The Lecturer's hour consisted of singing and a short but amusing skit, "Bachelors' Hall." A bachelor's committee served refreshments after the meeting. ## TONGUES

☞ Tongues can do two things, they can talk or they can taste.

☞ Usually they talk.

☞ When manufacturer's tongues talk they normally speak to you about the wonders of their product.

☞ Unfortunately anybody can say "mine is the best" when it's not.

☞ So we'd rather have your tongue taste than our tongue talk.

☞ An expert told us, not long ago, that our beer had the finest flavor of any American brew.

☞ But you don't have to be an expert to tell good beer. All you have to do is taste it.

☞ So we're hoping that you'll buy a bottle of Hop Gold and taste it. We'll even compromise on a can.

☞ And then maybe your tongue will talk as well as taste. You might even say, as many do, that "Hop Gold is swell."
