Local Auto Agencies In Used Car Campaign
(Continued from Page One)

showing the way out of the last depression.

"Today, the automobile manufacturers, their suppliers, the nation's 45,000 dealers and allied industries are launching a similar drive."

So far as the automobile industry is concerned, the most serious barrier to business improvement is the large stock of used cars in dealers' hands, Mr. Macauley pointed out.

Until these cars can be sold, it is impossible for dealers to handle a normal volume of new-car business," he explained. "This means that factories will be forced to continue on part-time, and thousands of men in the motor car plants and in allied industries must remain either out-of-work or on part-time schedules."

The primary purposes of the campaign, he said, is to make known to prospective owners the remarkable used car values which now are being offered by automobile dealers in all parts of the United States.

"The present situation has resulted in the best used car values in the country's history. We are confident that used car stocks will be reduced sharply as soon as the public becomes aware of the fact," he added.

During the last few years vast improvements have been made in motor cars and this improved transportation is available on easy terms to those who take advantage of the bargains to be offered during "National Used Car Exchange Week," Mr. Macauley stated.

"Too many unsafe, wornout, unreliable cars, without modern safety brakes, safety glass, large tires and steel bodies, are in operation today," he continued. "Too many are costly to operate. Eleven million, seven years old or older, are licensed for

operation throughout the country.

"Many of these cars can be replaced during "National Used Car Exchange Week"—to the great advantage of the buyer and of the public—with newer, "up-to-date" cars, without initial investment beyond their present car and on terms to suit the average pocketbook. These new cars offer modern equipment and are a good investment in comfort, safety and economy."

Belle Knife Hospital

Perley Crowley, of Sitkum, was dismissed last Friday.

An 8½ pound son, Roger Glenn, was born to Mr. and Mrs. Frank Culver, of Bear creek, last Sunday.

The same day the five year old son of Robt. C. Train underwent a minor operation.

Mrs. I. V. Oederkirk, of Coquille, entered the hospital this morning for a major operation.
