Psychic Enigma Baffles Doctors and Scientists

The sensation of two continents, the Great Virgil, the psychic enigma, who is billed as one of the world's greatest mysteries, has been booked by the Liberty Theatre for three days starting next Sunday. The Great Virgil has baffled doctors, professors of psychology and investigators for various psychic research organizations and many others with his accurate deductions and prophecies. His work, according to leading newspaper critics, is nothing short of remarkable.

The Great Virgil, in addition to his psychic powers, has that quality known as "Showmanship," which means that he stages his demonstrations in an exceptionally interesting manner, causing his audiences to laugh as well as wonder just how he correctly answers all questions. The Great Virgil's performances will bring forth many laughs as well as admiration from the audience for his remarkable demonstration.

The Great Virgil will appear daily at the Liberty Theatre during his engagement here, starting Sunday, and every person attending the theatre will be given an opportunity to interview him privately at the theatre.

Eagles Enjoy Meeting

The Coquille Aerie of The Fraternal Order of Eagles met in regular session last Thursday evening with an unusually large crowd in attendance.

The business session was a lively affair, many members present presenting their ideas as to the good of the order. Although the F. O. E. is already regarded as one of the outstanding fraternal organizations in Coos county, all members are working for further improvement along the lines of true Egledom.

Coos county's outstanding orchestra—Babe's Melody Kings—will continue playing for the dances that are sponsored by the local Aerie.

The entertainment for the evening consisted of a lecture on narcotics by Dr. James Richmond. His talks was voted as being one of the finest yet heard. It was interesting from start to finish and those who failed to attend missed a treat.

Narcotics today are the outstanding evil of civilization and each citizen

should personally take up arms against the encroachment of this deadly menace. The F. O. E. is solidly behind the movement to curb the wholesale use and sale of narcotics. Attendance at the meetings is picking up steadily. And remember that there is entertainment every meeting night.
