Townsend Club

Coquille Townsend Club No. 1 enjoyed another social night, Tuesday evening at their headquarters in the Community Building.

After a short business session, a fine program followed, which had been arranged under the able direction of Ray Peart, chairman of the program committee. Following the program dancing was enjoyed until a late hour.

Dr. Townsend's recent visit to Coquille seems to have added even greater pep and zeal to the local club and they are really going places.

The drive for membership in which two teams are participating—one a ladies' team and the other being conducted by the male members of the club has waxed into a desperate struggle and a mighty close finish is expected. At the end of the drive a big clam feed is promised—the clams to be furnished by the losers. The men are chuckling at thoughts of the women going on a clam digging expedition.

Many members of the local club are somewhat chagrined over the report of several newspapers that the attendance on the evening that Dr. Townsend spoke at the Community Building was 1200. Twenty-two hundred would come a lot closer to the actual number, according to the writer's check-up and those who made an attempt at an actual count.

Building will not hold anywhere near 2200. When the bleachers were put in the capacity of the building was figured at 1500 or 1600. During one Corn Show the building was completely jammed, hundreds more than the night D. Townsend spoke and there were only 1500 to 1600 there. The Sentinel used the estimated 1200 present from an actual count of rows and tiers and the number on each. There is nothing for the Townsend club reporter to be chagrined about; it was a splendid crowd, but there is no sense in padding attendance records.]

Coquille Eagles

One of the finest social evenings ever enjoyed since the forming of the charter of the F. O. E., Aerie No. 2196, was participated in by a large number Thursday evening, at the local lodge room in the I. O. O. F. building.

The ladies auxiliary was responsible for the affair, furnishing both the feed and the program which followed. The celebration was in honor of the visit of the auxiliary's worthy state president, Mrs. Leah Fisher, of Oregon City.

At seven p. m. a potluck dinner was served by the auxiliary to all Eagles and their families. There were many in attendance from other aeries, Marshfield being largely represented.

After the feed, a business meeting was held by both the ladies auxiliary and the Eagles, in their respective quarters. Following the meeting, the large crowd in attendance at both sessions collected in the aerie room and a fine program was presented, with Dora Culbertson presiding; she being responsible for arranging the program.

Many members expressed themselves as having over-eaten from the over-loaded tables of delicious food. But the brother who groaned the loudest was not one who over-ate. He was an Eagle who missed out entirely on the feed. His wife was away and, forgetting about the banquet, he scrambled himself some food at home and arrived at the aerie rooms when the dishes were being washed. We are not exposing this brother's name but, in the future, we advise that newly-elected presidents of the aerie keep closer tab on the dates when a feed is promised.

CORNS CURED

\$50.00 REWARD
Wanted, earliest corn cure. Corn-50 guarantees money back when cure fails or in 10 minutes without cost. For full facts or services, \$50.00 REWARD if you find any set.
