

McPherson Opens Garage

L. M. McPherson, who formerly managed the Jno. A. Blegger garage and auto agency here, has resumed business at the old stand, in the Strang building on Front street, where a well equipped repair shop is ready for service on automobiles. Mr. McPherson also has storage by the night, the week or the month, and will also deal in used cars. The Thornton Tire Service of Marshfield will next week open a shop at the front of the east side of the building where every service needed on tires can be secured.

Job's Daughters Selling "Tom Sawyer" Tickets

Members of Job's Daughters and their council are busily engaged in selling tickets for the picture, "The Adventures of Tom Sawyer," which features Tommy Kelley in the familiar role of the mischievous Tom. This picture, filmed entirely in technicolor, has a supporting cast which includes such a famous artist as May Robson, as well as other child and grown-up stars. This makes it a picture for the older members of the family as well as the younger ones and all are urged to support this organization in the ticket sale.

The picture will be shown Thursday, Friday and Saturday, June 30, July 1 and 2, and promises to be one of the best of the year.

Through Mr. Claver it was made possible for the group to sponsor this show. The Job's Daughters will be allowed a percentage on each ticket sold.

The girls are working hard on this sale, for it is the last project of the team and it is hoped that it will be a fitting climax to a successful year. The group will adjourn after the installation of officers Monday, June 27, until September when the new officers take charge.

Four Knots Untied

Four divorces were granted by Judge Carl Hendrick in circuit court here this week. On Monday it was to Edna A. Clark, separating her from Perry K. Clark. Yesterday divorces were granted to the plaintiffs in the following cases:

Rotha M. Shaw vs. Carmi K. Shaw.
Rosetta White vs. Wm. J. White.
Virginia Clark vs. Clyde Clark.

Council Plans More Street Widening

(Continued from Page One)

street from the Bob Train corner, instead of maintaining the Front street route with the turn at Fitzgerald's Service Station.

These improvements, which would so greatly benefit traffic in Coquille, can be made as a WPA project at a much lower cost to the property owners now than if they wait until the WPA funds are all expended and the cost of both material and labor be borne by the property.

The council voted to make the tennis court, for which the Junior Chamber of Commerce has \$500 funds on hand for material, a WPA project and application will be made by Engineer Gould to the Portland office. The estimate of providing a 48x120 feet, 4-in. slab for a double court, with a high fence around it, is estimated to cost \$1,000, and being built on city property—the ball park—the city can expect favorable action from the WPA office.

P. L. Johnson submitted plans for the remodeling of his plumbing shop front on Front street and asked permission to make the improvement. It was granted, on condition that he secure the approval of the fire chief and building inspector.

Recorder Leslie reported that applications had been made for 73 advertising signs in accordance with the provisions of the new sign ordinance.

Miss Margaret Stauff To Direct Convention Music

Miss Margaret Stauff, daughter of Mr. and Mrs. Chas. Stauff, has been appointed music director of the national convention of Kappa Alpha Theta to be held at Spring Lake, N. J., from June 25th to July 1st. Convention headquarters will be the Essex and Sussex Hotel, one of the most exclusive and historic resorts on the Atlantic coast. Following the convention, Miss Stauff will go to Camp Allegro in the White Mountains of New Hampshire for eight weeks, to be in charge of music and dramatics.

Miss Stauff has been in Washington, D. C., since March, 1934, and has just completed her second year as teacher of public school music in Langley Junior High School. After her graduation from Marshfield High school, she received her B. A. degree from the U. of O., where she was also elected to Phi Beta Kappa. She has just completed her work at George Washington University for her Master of Arts degree. She will register thesis in the fall and will receive her degree in February.

Her last letter tells of a delightful dinner and evening of enjoyment at the home of Mr. and Mrs. Ben S. Fisher. Among those present were: Mrs. Saidie Orr Dunbar, Miss Vella Winner, Mrs. Nan Wood Honeyman, Congressman Jas. W. Mott, Judge John C. Kendall, John Kendall, Jr., and Mrs. Kendall.

Council To Have Water Survey By Engineer

(Continued from Page One)

of the river the water in them is probably seepage from the stream and it would be considerable of a gamble in drilling for a sufficient supply at higher levels, farther back from the river.

Several of the councilmen feel that pumping from the North Fork over the hill into the storage reservoir would not produce any better supply than would come from the main river here.

According to Mr. Koon's report, ten or more years ago, raising the dam another ten feet would only insure a sufficient supply for a city of 3500 people and Coquille has passed that population figure already. There is also some doubt as to the wisdom of adding ten feet to that earth embankment.

Consequently the council voted unanimously on Dr. Milne's motion that the firm of Stevens & Koon be engaged to make a report based on engineering data. That firm is recognized as an authority on matters of this kind in the Northwest.

All bids for pipe, submitted a few weeks ago, were rejected by the council.

Rotary Hears Convention Report

The featured guest artist at the Rotary club luncheon at the hotel on Wednesday was Billie Cardwell. In an appropriate costume of cow-hand apparel, he gave several excellent renditions of the current cowboy ballads, accompanying himself with his guitar.

George Chaney, acting secretary, read a communication from Secretary Elbert Schroeder in San Francisco that was intended to serve as this week's bulletin but which arrived too late to be printed. He gave a brief outline of the program pre-

At this Season

of the year, fruits and vegetables are at their best and necessarily play an important part in the preparation of your daily menu.

sented so far at the Rotary International convention and noted the arrival of George Turney.

Guests present were Wm. Osika, of Park City, Utah, father of Clarence Osika; John Hassler, Rotarian of Portland, accompanied by a friend, Mr. McAllister.

Bob Head Bond Furnished.

Henry Shields was brought over from Marshfield on Monday to serve a 30-day sentence imposed by Justice Bolt for drunkenness.

Lloyd R. Johnson, ordered committed to jail by Justice Barton for contempt of court, not having paid an old fine, was released on Tuesday when the fine was paid.

Warren Murphy was brought over from North Bend, Monday, to serve a \$10 fine given him in J. P. court for petit larceny.

Mrs. Geo. Fitzhenry, who had been sentenced to 15 days in jail by Justice Haynes at Bandon, on a drunk and disorderly charge, was released yesterday. She claimed she had suffered a broken rib when the officers arrested her.

Robert Head was released from jail last Friday, his father-in-law, who lives in southern Douglas county, having posted the \$3000 bond required.
