Don'ts For Swimmers

Here are a few "Don'ts for Swimmers," issued by the state board of health, which the Sentinel reprints for the benefit of Bob Stewart, Joe Axtell, Dave Rackleff and Claire Gray, who seem to have gone in for the sport in a big way recently. And especially is it directed to Bill Hicking's attention. He was forcibly immersed by the gang at a picnic party on the South Fork Sunday and has since been taking typhoid shots to counteract possible trouble from the water he swallowed:

- Don't swim alone except under observation of experienced swimmers.
- Don't try deep water until you have mastered the art of swimming.
- Don't swim too far out until you have tested your endurance in the water.
- Don't swim in pools in which the bottom is not clearly visible.
- Don't dive unless you know the water depth is safe.
- Don't stay in too long.

Curry County Taxpayers To

Discuss New Court House

A meeting of Curry county taxpayers has been called for Saturday of this week at Gold Beach. The purpose of the meeting, which was called by the county court, is to discuss the possibility of a new court house for Curry county while it can be built as a PWA project. Congressman Jas. W. Mott and Willis Mahoney have been invited to speak at the meeting. The Gold Beach Reporter expresses the thought current in the central and southern part of the county that "Port Orford promoters who might profit by a county seat move might be expected to block anything that would insure keeping the county seat at Gold Beach more or less permanently."

Convention of Churches of

Christ at Bridge Tuesday

The bi-monthly convention of the Churches of Christ of Coos county was held in Hooton's Grove at Bridge on Tuesday, 60 being present, and Joel Benton, of Marshfield, presiding. The addresses given were by Mrs. C. C. Farr, of Coquille, "What should be the attitude of the Christian toward the liquor question?"; by Dr. White, of Myrtle Point, "What should be the attitude of the Christian toward the labor problem?"; and by C. A. Sias, of Coquille, "What should be the attitude of the Christian toward the war problem?"

Rotary At Brewster

Counting old and young there were 45 in attendance at the Rotary picnic at the Ko-Keel Kanu Klub grounds last Sunday, and a very pleasant day was spent, with A. N. Gould and L. H. Hazard as hosts for the occasion. The young folks enjoyed swimming in the East Fork; there was horse-shoe pitching for those so inclined, but visiting was the second item of entertainment enjoyed. The first naturally was the feed spread on the long table in the grove to which ample justice was done.

The register kept by Mr. Gould shows the following to have been present: Mr. and Mrs. J. S. Barton, Anne and Ben; Mrs. Lorraine Vinton, Dr. and Mrs. C. A. Rietman, Geo. R. Turney, Messrs. and Mesdames H. N. Lorenz, M. F. Pettit, Paul Trojel, Geo. H. Chaney and sons, Pat and Teem, F. C. Hudson, F. L. Greenough, L. H. Hazard, C. S. Osika, A. N. Gould, Harold A. Gould, Ken and Jane, H. L. Claterbos, Fred Jensen and baby, Chas. Stauff, K. P. Lawrence, Miss Margaret Smith, Jeanne and Harry Claterbos, Jr., and their friend, Louis Nelson, and Gordon Lawrence.

Vacancies At West Point and Annapolis

Congressman James W. Mott has announced that the first congressional district of Oregon will have a vacancy in 1939 at both the U. S. Naval Academy at Annapolis and at the U. S. Military Academy at West Point.

To determine the eligible candidates residing in the district, Congressman Mott has requested the Civil Service Commission to hold a preliminary qualifying examination on Saturday, October 8, 1938.

Any young unmarried man, not less than sixteen years of age nor more than twenty years of age on April 1, 1939, may take the qualifying examination for the Annapolis appointment.

Candidates for the West Point appointment must be not under 17 nor over 22 years of age on July 1, 1939, and not less than five feet, four inches in height.

In order to make the required arrangements it is necessary that the applicant notify Mr. Mott, 328 Oregon Building, Salem, Oregon, not later than September 1, 1938, of his desire to participate in the examination.

State Compensation Denied

Strikers at Smith Plant

Ruling that the 70 employees of the Smith Wood-Products company were out on strike from the last of September until May 19 the State Unemployment Compensation commission has denied the application of the men for unemployment insurance.

The claimants had contended that since operations of the company were resumed in October with a new crew there was no stoppage of work from then on and that, therefore, they were entitled to compensation for loss of time during that period. The commission ruled, however, that the labor dispute, as evidenced by the continued picketing and union demands, remained in effect and caused the stoppage of the claimants work from the time they went out on strike in September until the mill was ordered by the National Labor Relations Board to take them back on May 19.

Coquille Eagles

The attendance at the meetings of Coquille Aerie, No. 2198, F. O. E., is growing by leaps and bounds. Last Thursday evening, with a large crowd in attendance, three candidates were initiated into the order. Coquille's newly formed drill team, with only one previous practice on the floor, did themselves credit in an excellent exhibition of team work during the opening and closing ceremonies of the Aerie. The team is being drilled by Roy Wheeler and under his capable leadership it is a foregone conclusion that it "will go places."

Quack! Quack! Quack! Yep—the Aerie has adopted a duck—a real live one at that. At the time of this writing, said quacker is in the possession of Fred Bull (quite a combination, I "doos" say so). But Fred isn't going to furnish board and room for that bird any longer than is necessary. For the gist of the whole thing is, that as soon as he secures a member for the order he passes the duck along to some brother who hasn't as yet secured a member in the present membership drive, or who has failed to bring in two reinvestments. Quite a game. Sounds something like a baseball game—there will be a fowl on everybody 'ere long. In case any of you brothers, or any one else for that matter, wishes to see the duck, if Fred hasn't gotten rid of it at the time of this writing, the bird may be seen in Bull's real estate office on Front street. For your information, the other "bird" that he has secured with the broad bill is the duck—Fred is the other "bird"—the Eagle, you know.

Coquille Aerie, as well as Coos Bay Aerie and Bandon, will all be represented Eagles' Day at the big Golden West celebration next month. There will be a huge parade, with drum and bugle corps, both ladies' and men's drill teams represented; dancing and all sorts of entertainment. And in behalf of the ladies of the Coquille Auxiliary, I wish to state that they are sponsoring Mrs. E. A. Warner as "Mother" of the Golden West celebration. It is up to every brother, as well as every citizen of the valley, to lend their assistance and co-operation in selecting this old pioneer to that position. Oh yes, whoever receives that duck must keep it until he gets a member. Then he passes it on again.

Child of Three Saves Family
The three-year-old son of Mr. and Mrs. John Goodman saved the lives of his parents and grandparents who in all probability would have perished in the fire that destroyed the Goodman home in the Upper Floras district last week.

The child awakened his parents by climbing on the bed they occupied and beating them on their faces. The bed was already on fire as was the bed of Mrs. Goodman's parents in the adjoining room. All escaped in their night clothes.

Goodman was successful in removing 50 pounds of dynamite from the building to prevent an explosion. Mrs. Goodman in attempting to save some articles was almost trapped in the building. She escaped just as the roof fell in, and in doing so received burns about the shoulders.—Western World.

"American"

By Fostoria

The "AMERICAN" patterns in Fostoria for GIFTS

Your table is judged by its glasses.

There are many ways to settle your gift problems, but none easier than selecting "AMERICAN." Here is a crystalware pattern that has fascinated many generations.

Rightly "AMERICAN" has proved to be America's most popular pattern.

You will be proud to give "AMERICAN" gifts to every one.

GOULD FURNITURE CO.

Ninety and Nine Met Tuesday
The Ninety and Nine organization of the Coquille Church of Christ met in the church Tuesday evening this week with a fair attendance. The program included solos by Jack Towne and Leonard Farr, accompanied by Mrs. Maud Woodyard, and talks on "Hymns" by Verne Bailey, on "Job" by C. C. Farr and on "Genesis" by C. A. Sias.

Plans were made for entertaining the next county meeting of the Ninety and Nine, which will be held in Coquille, Aug. 18.
